Paul Boross, 2010 Every product started as an idea a thought in someone's mind Thousands or even millions of people had the same idea and one of those ideas became a reality Not because it was the best idea but because its creator had the courage and confidence to share it It wasn't necessarily the best idea It was the best pitched This book is called The Pitching Bible because it contains everything you need to know to develop your skills as an engaging and compelling presenter It won't teach you how to design computer slides because they are not the pitch You are the message You are the product You are the pitch By reading and taking to heart these principles you will be better at what you do If you read this book think that doesn't apply to me or I've already tried that and do nothing then it won't work These seven secrets born out of the lectures that I have delivered all over the world are the distillation of my years of real life front line experience I've discovered the hard way what works and after spending many years training and coaching people in developing the perfect pitch it's time for me to share these secrets with you This book will not make your ideas any better It probably won't make you have your ideas any sooner although with more confidence you might well find yourself pitching your ideas much sooner than you would have done This book will definitely help you to get your ideas across more effectively and because of that this book contains the Seven Secrets to your competitive advantage **Tip O'Neill and the St. Louis Browns of 1887** Dennis

season when a base on balls counted as a hit and a time at bat Over the next 130 years the debate about O'Neill's correct average diverted attention from the other batting feats of his record breaking season including numerous multi hit games streaks and long hits as well as two cycles and the triple crown The Browns entered 1887 as the champions of St Louis the American Association and the world Following the lead set by their manager Charles Comiskey the Browns did anything to win combining skill with an aggressive style of play that included noisy coaching incessant kicking trickery and rough play O'Neill did everything to win at the plate leaving the no holds barred tactics to his rowdier teammates **The Doctor Will**
