

The Journey

One day you finally knew
what you had to do, and began,
though the voices around you
kept shouting
their bad advice—
though the whole house
began to tremble
and you felt the old tug
at your ankles.
"Mend my life!"
each voice cried.
But you didn't stop.
You knew what you had to do,
though the wind pried
with its stiff fingers
at the very foundations,
though their melancholy
was terrible.
It was already late
enough, and a wild night,
and the road full of fallen
branches and stones.
But little by little,
as you left their voices behind,
the stars began to burn
through the sheets of clouds,
and there was a new voice
which you slowly
recognized as your own,
that kept you company
as you strode deeper and deeper
into the world,
determined to do
the only thing you could do—
determined to save
the only life you could save.

Glocal Ireland Juan F. Elices Agudo, Marisol Morales Ladrón Soledad, 2011-05-25 The transformations undergone by Ireland in the last decades have relocated the country within that liminal space of the local and the global The country of the deeply rooted rural traditions the severely religious impositions and the fragile economic system became in the 1990s a world referent due to its unprecedented and impressive growth However the emergence of the so called Celtic Tiger and the recognition that Ireland had become one of the most globalised nations in the Western world met a dramatic downfall that has left the country pre occupied with matters concerning its re positioning and re definition within a wider European framework The cultural and artistic productivity of this nation has also moved away from the topical insularity of the past adopting more transnational and universal subjects at the same time that it has struggled to retain its genuine values and its own signs of identity For in Ireland the more this global progress has grown to be unavoidable the more evocatively the local has befallen Therefore the editors of this volume contend that the global and the local should be understood not as opposed concepts but as two ends of a continuum of interaction Within this state of affairs this volume comprises a series of articles that revolve around the issue of glocality in Irish literature culture and cinema in order to disentangle the complexities that underlie this concept and which are inextricably related to the drastic changes undertaken by Ireland in the years before and after the economic boom and posterior bailout Fullness No Matter What Ulla Mentzel M.A., 2005-02 When change comes knocking on our door or when we are ready to play a bigger game in life Fullness No Matter What explores the opportunities inherent in opening ourselves up to new vistas Ulla Mentzel takes us on a journey into our very own fullness through Art

Poetry Breathing and pleasure exercises Thought provoking concepts and perspectives Inspirational quotes And more Whether single or in relationship this journey into fullness is filled with such aspects as pleasure laughter joy loving and inspiration and all of it just inside these human bodies Fullness is when our cup runs over and we give back where inspiration guides us gratitude points us and help is needed Here is a practical resource for anyone who is ready to experience joy in everyday life find more and expansive levels of pleasure celebrate the attitude of gratitude towards everyone and everything and see the funny side of just plain living By the way if we should find ourselves stranded on a deserted island Fullness No Matter What is the one book that might make that challenging situation exciting and pleasurable possibly even meaningful
