Representative Modern Preachers Lewis Orsmond Brastow, 1904 Representative modern preachers Lewis Orsmond Brastow, 1904 Representative Modern Preachers (Classic Reprint) Lewis Orsmond Brastow, 2015-07-19 Excerpt from *Representative Modern Preachers* The chapters of this volume were originally lectures to divinity students I have ventured to present them in revised and expanded form to the general public because I think that the preachers of whose personalities and products I have here attempted a critical estimate have by their skill and force in presenting the truth won the right to a special hearing I have been a careful student of them for many years and confess a special personal interest in most of them Some of them are well known A good deal has been said about them and they have been widely read It may seem therefore to be bringing coals to Newcastle to discuss them anew But some of them are not well known A volume of Schleiermacher's selected and translated sermons was presented a few years ago to the American public But I venture the surmise that but few even among preachers know this great representative of the German pulpit either as preacher or as theologian Newman and Mozley have still a limited circle of readers and admirers but it might well be enlarged The up to date man is not interested in Guthrie or Spurgeon They have contributed little or nothing to the thought of the church About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Trouble with "Truth through Personality" Charles W. Fuller,2010-04-05 In an era when the cult of personality has overtaken the task of preaching Charles W Fuller offers an engaging query into the necessary boundaries between the person of the preacher and the message preached By thoroughly evaluating Phillips Brooks s classic truth through personality definition of preaching Fuller brings to light a substantial error that remains in contemporary homiletics namely the tenuous correlation between Christ s incarnation and Christian preaching Ultimately Fuller asserts a sound evangelical framework for preaching on revelational ontological rhetorical and teleological grounds Preachers who desire to construct pulpit practice upon a robust evangelical foundation will benefit from Fuller s contribution

Nine Great Preachers Albert Henry Currier,1912 **Puritan Preaching in England** John Brown,2009-09-10 John Brown s purpose for writing this preachers gem is to help ministers gain some practical guidance and spiritual stimulus as fervent preachers by going back with him into the past to visit with Puritan Preaching and Preachers He surveys those preachers who have laid more stress upon Scripture than upon ecclesiastical institutions Such men there were even before the days of that Protestantism out of which Puritanism came He follows the Preaching Friars of the Middle Ages and such men as John Wickliffe and John Colet who made Protestantism possible before reaching Puritanism proper He also gives

some examples of more recent preachers just before his own day of those that carried the Puritan persuasion of experimental preaching into their own generations **Tethered to the Cross** Thomas Breimaier, 2020-10-20 What guided English Baptist minister Charles H Spurgeon's reading of Scripture Tracing the development of Spurgeon's thought and his approach to biblical hermeneutics throughout his ministry theologian and historian Thomas Breimaier argues that Spurgeon viewed the entire Bible through the lens of the cross of Christ **Continent**, 1910 **The Company of the Preachers**, **The Victorian Pulpit** Robert H. Ellison, 1998 The Victorian Pulpit is the first book to employ the methods of orality literacy scholarship in the study of the nineteenth century British sermon The first chapters present three ways in which Victorian preaching was a conflation of oral and written practice The second part is an analysis of the rhetoric of three prominent ministers The book concludes by suggesting other ways of bringing orality literacy studies and Victorian scholarship together
