Advancing Sexual and Reproductive Health and Rights in Africa Ebenezer Durojaye, Gladys Mirugi-Mukundi, Charles Ngwena, 2021-07-01. This book explores recent developments, constraints and opportunities relating to the advancement of sexual and reproductive health and rights in Africa. Despite many positive developments in relation to sexual and reproductive health in recent years, many Africans still encounter challenges, for instance in poor maternity services, living with HIV and discrimination on the basis of age, gender, sexual orientation or identity. Covering topics such as abortion, gender identity, adolescent sexuality and homosexuality, the chapters in this book discuss the impact of culture, morality and social beliefs on the enjoyment of sexual and reproductive health and rights across the continent, particularly in relation to vulnerable and marginalized groups. The book also explores the role of litigation, national human rights institutions and regional human rights bodies in advancing the realization of sexual and reproductive health and rights in the region. Throughout, the contributions highlight the relevance of a rights-based framework in addressing topical and contentious issues on sexual and reproductive health and rights within Sub-Saharan Africa. This book will be of interest to researchers of sexuality, civil rights and health in Africa. Combining perspectives from Irish Studies, Modernist Studies and the Social History of Medicine, it traces the ways in which authors, politicians and activists in nineteenth and twentieth-century Ireland harnessed debates over sexual hygiene, venereal disease, birth control, fertility and eugenics to envisage competing models of Irish identity, culture and political community. Analyzing the work of canonical authors Yeats, Synge, Shaw, Joyce, Beckett, Flann O'Brien and less often discussed figures George Moore, Oliver Gogarty, Signe Toksvig, Kate O'Brien in conversation with medical, scientific and legal writing on sexual health, it charts how the medicalization and politicization of sex informed the

emergence and development of modernism in Ireland At the same time by reading this literary material alongside the polemical and journalistic writing of figures such as Arthur Griffith Maud Gonne and Hanna Sheehy Skeffington it also reveals the ways in which key events in Irish cultural and political history the Parnell Split the Limerick Pogrom the Playboy riots the passage of the Censorship of Publications Act were shaped by ongoing debates and dilemmas in the field of sexual health This book will benefit students researchers and readers interested in the history of sex and its regulation in modern Ireland the impact of sex and medicine on Irish political history and the nature of modernism s engagement with sex health and the body
