Careers around the World Jon P. Briscoe, Douglas T. Hall, Wolfgang Mayrhofer, 2011-08-09 Companies are becoming more global and international and commerce and information flow seamlessly across national borders In addition modernization rapid technological change an increasingly shared global culture and shifting socio demographic values have created conditions in which career stability is more threatened while the importance of managing the career well is paramount But what do we know about careers in different contexts and how those career experiences vary in different regions and countries of the world The goal of this book is to develop new understandings of career from the vantage point of those who live in diverse cultures and who belong to different generations Careers Around the World explores the very meaning of what a career for individuals is in different countries cultures professions and age groups What does career success mean for people around the world What are key career transitions and how are they best managed in different cultures As those questions have not yet been investigated in the literature of careers across cultures and generations the authors have taken an approach that led to hearing the answers directly from working people around the globe This book presents the answers to these questions from each of the seven major cultural regions of the world and the practical implications of these differences for those who manage human resources in organizations that cross national boundaries as well as those who advise on careers

Cultural Studies Review Chris Healy and Stephen Muecke (eds), 2009-03-01 This edition of Cultural Studies Review brings together a diverse set of essays and new writing that identify particular national tendencies notions of family epistemological worries about postmodernity's represented purpose and queries about cultural studies as it is taught and as it could be understood There is also some careful exploring of where and why we might be at home in our differences and what a felt homelessness might be To gather these varied strands beneath the heading Homefronts acknowledges as always the plurality of the environments that we call home and the battles of representation and being that make up the experiences of nation family philosophy and academic discipline that render those sites particular and so personal to us

The ^AOxford Handbook of Career

Development, 2021-06-11 The Oxford Handbook of Career Development provides a comprehensive overview of the career development field. It features contributions from 42 leading scholars addressing the context, theory, and practice of career development in the contemporary world.

Handbook of Career Theory Michael B. Arthur, Douglas T. Hall, Barbara S. Lawrence, 1989-08-25 This cross-disciplinary text is designed to appeal to a diversity of social science scholars. The central focus is on new ways of viewing the career or how working lives unfold over time. Fresh views from psychology, social psychology, sociology, anthropology, organization theory, economics, and political science are among those represented in the twenty-five chapter anthology. The design of the handbook in three parts: current approaches, new ideas, and future directions, is intended to engage the reader in the debate from which new and better career theories can be developed.

Cultural Policy Victoria Durrer, Ali FitzGibbon, Kerry McCall Magan, 2025-10-30 Cultural Policy: Perspectives on the Island of Ireland draws together a wide range of academic perspectives and disciplines that relate to cultural policy in the context of the island of Ireland. Ireland and Northern Ireland. Through the study of the unique context of this intertwined two-polity island, this collection aims to further the examination of the situated nature of cultural policy amongst people and place. Contributions from media, European integration, festivals, arts, and education, sustainable development, and cultural participation and work bring attention to and open up the interdisciplinary dialogue on cultural policy studies on, of, and for the island and beyond. By way of its particular environment, this collection also serves as a call for greater recognition and reflexivity in cultural policy studies regarding how people and place define what we think we know about cultural policy. This book will be of interest to local and international policy and cultural policy scholars as well as practitioners in policy, arts, culture, and creativity. The collection situates a range of industries, practices, and sectors in shared local, complex, and international contexts and frames revealing the multi-level operation of policy governance from the domestic to the global. The findings from the specific context of the island of Ireland thus have relevance for other nation-states and regions with similar intertwined jurisdictions and resulting tensions. More generally, this body of multi- and interdisciplinary academic research on and of Ireland deepens our understanding of locally situated but globally connected cross-border and transnational cultural policy studies.
