Designing Sound Jay Beck, 2016-04-07 The late 1960s and 1970s are widely recognized as a golden age for American film as directors like Francis Ford Coppola George Lucas and Martin Scorsese expanded the Hollywood model with aesthetically innovative works As this groundbreaking new study reveals those

filmmakers were blessed with more than just visionary eyes *Designing Sound* focuses on how those filmmakers also had keen ears that enabled them to perceive new possibilities for cinematic sound design Offering detailed case studies of key films and filmmakers Jay Beck explores how sound design was central to the era's experimentation with new modes of cinematic storytelling He demonstrates how sound was key to many directors' signature aesthetics from the overlapping dialogue that contributes to Robert Altman's naturalism to the wordless interludes at the heart of Terrence Malick's lyricism Yet the book also examines sound design as a collaborative process one where certain key directors ceded authority to sound technicians who offered significant creative input *Designing Sound* provides readers with a fresh take on a much studied era in American film giving a new appreciation of how artistry emerged from a period of rapid industrial and technological change Filled with rich behind-the-scenes details the book vividly conveys how sound practices developed by 1970s filmmakers changed the course of American cinema

Transactions with the World Adam O'Brien, 2016-02-01 In their bold experimentation and bracing engagement with culture and politics the New Hollywood films of the late 1960s and early 1970s are justly celebrated contributions to American cinematic history Relatively unexplored however has been the profound environmental sensibility that characterized movies such as *The Wild Bunch* *Chinatown* and *Nashville* This brisk and engaging study explores how many hallmarks of New Hollywood filmmaking such as the increased reliance on location shooting and the rejection of American self-mythologizing made the era such a vividly grounded cinematic moment Synthesizing a range of narrative aesthetic and ecocritical theories it offers a genuinely fresh perspective on one of the most studied periods in film history

Dimensions of Social Life Paul Hockings, 2011-06-01 No detailed description available for *Dimensions of Social Life*

The Big Heat Colin McArthur, 2019-07-25 *The Big Heat* first appeared in 1953 towards the end of the film noir cycle that had begun in the early 40s It was greeted in the United States and Britain as a successful but modest product of the Hollywood system slickly written and directed in the words of one critic Only the extreme violence as in the infamous scalding coffee scene was singled out for special mention Yet by the time the film was reissued in Britain in 1988 it had achieved undisputed classic status How had this transformation come about Colin McArthur takes *The Big Heat* as a case study in film criticism He examines the film's changing critical fortunes under the influence of the so-called auteur theory and shows how other intellectual currents led to a reassessment of Lang's work in the 1970s McArthur provides his own perceptive analysis of the film in the light of these revolutions in film criticism

Vincent LoBrutto, Harriet R. LoBrutto, 2012-08-22 This fascinating behind the scenes look at a Hollywood dynasty offers an in depth study of the films and artistry of iconic director Francis Ford Coppola and his daughter Sofia exploring their work and their impact on each other both personally and professionally *The Coppolas A Family Business* examines the lives films and relationship of two exemplary filmmakers Francis Ford Coppola and his daughter Sofia It looks at their commonalities and differences as artists and people and at the way those qualities are reflected in their work Much of the book is devoted to Francis and his outstanding achievements and equally notable failures as a screenwriter director producer and presenter of landmark works of cinema The narrative goes beyond the heyday of his involvement with Hollywood to analyze his more recent projects and the choices that led him to create small independent films In Sofia's case the story is one of women's growing independence in the arts revealing how Sofia developed her craft to

become a cinematic force in her own right In addition to its insightful commentary on their contributions to cinema past and present the volume provides intriguing hints at what fans might anticipate in the future as both Coppolas continue to expand their artistry

Poetics of Arabesk in Turkish-German Cinema Nazlı Kilerci-Stevanović,2025-06-16 This book challenges Eurocentric interpretations of the so called Turkish German cinema from a transnational perspective advocating for a comprehensive reevaluation to encourage enriched dialogues The first part critically assesses dominant media discourses on guest workers and migrants in the historiography of Turkish German cinema arguing for a shift from traditional identity focused narratives to a broader exploration of shared emotions The second part explores Arabesk which while originating as a hybrid musical genre has evolved into a significant cultural force encompassing a range of emotional phenomena Arabesk embodies the visceral often painful expressions of migration and dislocation characterized by a profound emotional intensity It articulates a painful passion and longing for the homeland left behind providing an invaluable method for understanding aesthetic nuances of Turkish German films Arabesk serves as an analytical tool for deconstructing cinematic expressions revealing complex emotional ties and cultivating a feeling of familiarity through the dynamic circulation and exchange of cultural media Thus Arabesk s poetics significantly shape transnational cinema practices and contribute to global cinema discourse

Master of the Game Connie Bruck, 2020-02-04. From the bestselling author of *The Predators Ball* comes the story of the most flamboyant businessman and dealmaker of his generation, Steve Ross. When Steven Spielberg first heard Steve Ross tell his life story, it was such a dramatic rags to riches narrative that he thought it was a movie. In a career that started in Brooklyn and spanned Wall Street, Hollywood, and the Mafia, Steve Ross took his father-in-law's funeral business and a parking lot company and grew them into the largest media and entertainment company in the world, Time Warner. In the upper strata of American business that Ross reached before his death, he was an anomaly. Outrageous, glamorous, charismatic, he presided over an enterprise that was more medieval fiefdom than corporate bureaucracy. He negotiated his enormous and complicated deals from movies and records to cable and publishing with shrewdness and brilliance. He rewarded his favorite aides and sidekicks extravagantly; he courted Hollywood stars like Barbra Streisand and Steven Spielberg with luxurious gifts; he charmed and outsmarted his rivals. Ross used whatever or whomever it took to romance someone into making a deal. He saved himself and let his best friend Jay Emmett take the fall in the government's Westchester Premier Theatre investigation. White Star was hemorrhaging money in the early 80s. Ross announced a stock buy-in to boost the price and then sold off his own stock for a gross of more than 20 million before announcing the company's failure. The principles upon which Ross built his domain would not be taught in any business school, and many of his peers were convinced that Ross's ways would lead to his and his company's undoing. But it was those very attributes combined with mathematical wizardry and vision, or what one friend called the ability to see around corners, that enabled Ross to best most adversaries, outnegotiate every dealmaker, confound his critics, and ultimately create the Time Warner empire.

Parliamentary Assembly Documents 2001 Ordinary Session (Second Part), Volume V Council of Europe, **Reelpolitik II** Beverly Merrill Kelley, 2004-02-16. *Reelpolitik II* moves past typical left-right political distinctions to examine political ideologies cycling through U.S. history during the 50s and 60s. These eight Cold War movies especially equipped the moviegoer with a unique vantage point to

scrutinize the arms race the Red Scare the Korean Conflict and the Vietnam War They also helped audiences to observe the way film functions as a purveyor of American mythology a megaphone to shout political messages a metaphorical route to the emotions a flattering mirror an unflattering microscope and a magic carpet ride back to the future
