

A collage of various historical and artistic images, including a large fire, a group of people, a grid of small illustrations, a landscape, and a person in a blue dress, set against a background of faint, stylized text. The collage is composed of several rectangular images of different sizes and orientations. At the top left is a large, intense fire with bright orange and yellow flames. To its right is a group of people in historical attire, possibly a crowd or a group of workers. Below the fire is a scene of a large building on fire, with smoke and flames rising. To the right of that is a grid of small, colorful illustrations, each depicting a different scene or object. Below the grid is a landscape scene with a body of water and a distant shore. To the right of the landscape is a scene of a person in a blue dress, possibly a woman, in a dynamic pose. The background of the collage is a light, textured surface with faint, stylized text, including the words "a custom publication" at the bottom.

Retrieving The American Past 2002 Ed

**Organization of American Historians.
Meeting**

Retrieving The American Past 2002 Ed:

Retrieving the American Past, 2002 Edition (From Pearson Custom Publishing) Pearson, 2002-01-02 Written and developed by leading historians under the direction of the Ohio State University Department of History this customizable reader offers professors the freedom and flexibility to tailor a U S History reader whose content organization and price meets their course needs exactly Professors can select sections of primary and secondary source readings from 81 different compelling chapters each of which covers a key topic in American history In addition professors can build a reader strictly from primary sources using the 310 documents provided in the Retrieving the American Past Document Library or they can add their own course syllabi notes and handouts and third party content For the latest information about Retrieving the American Past go to www.rtapreader.com Custom publishing provides instructors with unlimited flexibility and timely solutions to create a text that exactly fits their course and teaching style Instructors are free to choose any combination of chapters they want Retrieving the American Past offers students maximum value for their textbook dollar by including only those chapters that instructors will use in their course

Christian Nation? T. Adams Upchurch, 2010-05-26 This fascinating study examines America's complex and confusing history of arguing with itself over religion and secularism God and politics church and state Hundreds of books are devoted to the ever timely subject of the separation of church and state in America but none does exactly what *Christian Nation: The United States in Popular Perception and Historical Reality* does Unlike other studies this intriguing examination asks the right questions defines the terms of the debate explores the widely diverging points of view with equal respect for all sides and provides insightful commentary and factual conclusions that cut through the clutter The book begins with several questions Is the United States a Christian Nation Has it ever been Was it ever meant to be What did the Founding Fathers say How has this issue been interpreted by various individuals and factions over the centuries The author then surveys the vast literature on this topic including the U S Constitution and Declaration of Independence and the competing and or complimentary views of various Founding Fathers to arrive at the answers and at long last the truth

OAH Newsletter, 2001 **Program of the ... Annual Meeting** American Historical Association. Meeting, 2002 **Extracting Appalachia** Geoffrey L. Buckley, 2004 As a function of its corporate duties the Consolidation Coal Company had photographers take hundreds of pictures of nearly every facet of its operations Here geographer Geoffrey L. Buckley examines the company's photograph collection housed at the Smithsonian Institution's National Museum of American History [Program of the ... Annual Meeting of the American Historical Association](#) American Historical Association. Meeting, American Historical Association, 2002 Some programs include also the programs of societies meeting concurrently with the association [Program](#) Organization of American Historians. Meeting, 2003 *Grunge: Music and Memory* Catherine Strong, 2016-04-22 Grunge has been perceived as the music that defined Generation X Twenty years after the height of the movement there is still considerable interest in its rise and fall and its main figures such as Kurt Cobain and

Courtney Love As a form of retro music it is even experiencing a resurgence and Cobain remains an icon to many young music fans today But what was grunge and what has it become This book explores how grunge has been remembered by the fans that grew up with it and asks how memory is both formed by and forms popular culture It looks at the relationship between media memory and music fans and demonstrates how different groups can use and shape memory as part of an ongoing struggle for power in society Grunge was the site of such a struggle as popular music so often is with the young people of the time asking questions about their place in the world and the way society is organized This book examines what these questions were and what has happened to them over time It shows that although grunge challenged many social structures the way it and youth itself are remembered often work to reinforce the status quo

Honest Patriots Donald W. Shriver Jr.,2008-09-04 In *Honest Patriots* renowned public theologian and ethicist Donald W Shriver Jr argues that we must acknowledge and repent of the morally negative events in our nation s past The failure to do so skews the relations of many Americans to one another breeds ongoing hostility and damages the health of our society Yet our civic identity today largely rests on denials forgetfulness and inattention to the memories of neighbors whose ancestors suffered great injustices at the hands of some dominant majority Shriver contends that repentance for these injustices must find a place in our political culture Such repentance must be carefully and deliberately cultivated through the accurate teaching of history by means of public symbols that embody both positive and negative memory and through public leadership to this end Religious people and religious organizations have an important role to play in this process Historically the Christian tradition has concentrated on the personal dimensions of forgiveness and repentance to the near total neglect of their collective aspects Recently however the idea of collective moral responsibility has gained new and public visibility Official apologies for past collective injustice have multiplied along with calls for reparations Shriver looks in detail at the examples of Germany and South Africa and their pioneering efforts to foster and express collective repentance He then turns to the historic wrongs perpetrated against African Americans and Native Americans and to recent efforts by American citizens and governmental bodies to seek public justice by remembering public injustice The call for collective repentance presents many challenges What can it mean to morally master a past whose victims are dead and whose sufferings cannot be alleviated What are the measures that lend substance to language and action expressing repentance What symbolic and tangible acts produce credible turns away from past wrongs What are the dynamics psychological social and political whereby we can safely consign an evil to the past How can public life witness to corporate crimes of the past in such a way that descendents of victims can be confident that they will never be repeated In his provocative answers to these questions Shriver creates a compelling new vision of the collective repentance and apology that must precede real progress in relations between the races in this country

[Archaeology in America](#) Linda S. Cordell,Kent Lightfoot,Francis McManamon,George Milner,2008-12-30 The greatness of America is right under our feet The American past the people battles industry and homes

can be found not only in libraries and museums but also in hundreds of archaeological sites that scientists investigate with great care. These sites are not in distant lands accessible only by research scientists but nearby almost every locale possesses a parcel of land worthy of archaeological exploration. Archaeology in America is the first resource that provides students, researchers, and anyone interested in their local history with a survey of the most important archaeological discoveries in North America. Leading scholars, most with an intimate knowledge of the area, have written in-depth essays on over 300 of the most important archaeological sites that explain the importance of the site, the history of the people who left the artifacts, and the nature of the ongoing research. Archaeology in America divides its coverage into 8 regions: the Arctic and Subarctic, the Great Basin and Plateau, the Great Plains and Rocky Mountains, the Midwest, the Northeast, the Southeast, the Southwest, and the West Coast. Each entry provides readers with an accessible overview of the archaeological site as well as books and articles for further research.
