JOHN E. STITH

"The list of science fiction authors who play the game the hard way by sticking to the rules of science is all too short. Now to that group which includes Clarke, Niven, Asimov, Bear and Clement should be added the name of John E. Stith."

**The Wreck** Cassandra Jackson, 2023-05-16 NPR's Books We Love 2023 Equal parts investigative and deeply introspective *The Wreck* is a profound memoir about recognizing the echoes of history within ourselves and the alchemy of turning inherited grief into renewal There is a secret that young Cassandra Jackson doesn't know and it's evident in the way her father cries her name out in his sleep Through awkward encounters with family she comes to realize that she is named after her father's niece and looks eerily like the child's mother both of whom were killed in a car wreck along with her father's beloved mother and as she soon discovers his first wife Cassandra learns to keep silent about the wreck but soon learns there is no way to outpace the claw-like grip of her family's past trauma In this luminous memoir Jackson attempts to unearth her lost family while also creating a new one only to discover little progress separates the past from the present As she moves back and forth between her girlhood and her journey to motherhood Jackson reveals the chilling parallels between the harrowing inhumanity of Jim Crow medical care and the toxic discrimination that undergirds healthcare in the United States today But as she traces the cascading effects of loss punctuated by racism she also discovers a powerful legacy of fearless love and furious perseverance that she hopes to extend to a new generation Lyrical urgent and wise this is an unforgettable story of reclaiming the past to reclaim ourselves

NEW BEGINNINGS NEVER END Dr. Robert Calderin,2025-02-25 This is my immortality project My memory is starting to fail and anyone who advances knows when the decline starts I concluded that it is better to record my memories now than to wait until later and possibly forget it all My story shares many peaks and valleys and describes my trespasses and the trespasses against me Hopefully it will help you grow This is a tale about writing your own story about punching above your weight class Life is not really about second chances It is about a life of ongoing fresh starts Further it s an acknowledgment that no one succeeds by themselves There are always supporters who help encourage us to press forward along life s journey In my case I have been blessed with a litany of mentors who have supported my upward mobility now and in the past They were angels who were heaven sent It is the only reason I can think of to explain why I have been able to restart over and over again God has always sent angels to help us overcome challenges It turns out I have been supported all my life even when I thought I wasn t It s never been about me Rather it s been about the people I have served even when it resulted in betrayal I learned that He always led me to the light to allow me a do over to get it right No one is perfect but striving for perfection is a lifelong pursuit for the honorable We all make mistakes We say wrong things We do wrong things We fall fail get up and win We learn we grow we move on and we live Life is on a wheel the good and the bad usually come around again and again Prepare yourself for God s grace I paid the cost to be the boss So I know I have had a higher calling Otherwise why would I have been able to reboot my leadership roles so many times God made me see that I had the inner strength to stand up for Him Even now despite all the heaviness I have felt in my heart from the pain in my life I acknowledge I have had many more blessings I am truly one of the fortunate ones I am finally getting it and still aspire to serve Him and wish the same for you
