Napier,2016-06 Now nearly two decades later Napier is ready to share more of her own life story while returning to the subject she was first introduced to by her grandmother As she comes again to the topic that pervades her life story she focuses on several themes including the importance of experiencing a sense of meaning in life the sacred nature of all beings and life itself the belief that everything is an essential part of the full expression of one life both individually and collectively and that we inherently draw from an underlying wholeness the power of what it means to be aware in the present moment and the fact that suffering is part of everyday life and we can learn to move through it Napier explains that once we recognize our place within collective consciousness and focus on compassion and mindfulness we can begin to experience more directly the interdependence and interconnection underlying our place in the universe **The Wonder Working Power of Imagination** Neville,2015-09-24 If one is looking for answers to the meaning of life and how to make a happier richer existence e g relationships finances health then Nevilles teaching from personal experience testimonies from students and his amazing visions paralleling and explaining the mysteries of the Old and New Testament will answer those questions Learn his techniques unleash your power to create believe in your imaginary acts and no power in this world can stop the desired results from appearing in your world

It's the only creative power one that everyone is operating moment to moment. Learning how to direct it deliberately is essential to producing loving positive changes in one's life. These 1963 lectures also begin a nine-year odyssey of discovering the deepest meanings of six visions of the end that had unfolded in Neville 1959-1963. The visions are the signs that this long journey as limited man, the terrible opacity and contraction is over; that the purpose of human life has been completed; man has endured and overcome six thousand years of amnesia plus the fires of experience and has emerged victorious. He's been transformed by his inner being I Am or God back into the divinity he truly is and always was.
