Luftwaffe Victorious An Alternate Histor:

Luftwaffe Victorious Mike Spick, 2005 The author an aviation historian imagines an alternative reality in which the Luftwaffe defeated the Allies

Luftwaffe Victorious Mike Spick, 2005 At the outbreak of World War II the Luftwaffe was considered by many to be the world's most powerful air force However during the summer of 1940 they suffered a dramatic defeat during the Battle of Britain and by May 1945 the Germans had surrendered to the Allies and the Third Reich collapsed What went wrong How could things have been different In this most engagingly written and thought provoking addition to the fascinating Greenhill alternate history series aviation historian Mike Spick asks these very questions envisaging a dramatic alternate reality in which the Luftwaffe succeeded in defeating Allied forces

Simulating War Philip Sabin, 2012-01-26 Parameters, 2005 The Abyss Niall Ferguson, 2012-10-23 Excerpted from Niall Ferguson's sprawling bestseller *The War of the World The Abyss* now stands on its own as one of the most thrilling short histories of World War I ever written This is not a conventional military history about battles and generals Rather *The Abyss* examines how World War I saw the birth of total war fought between societies as much as armies and must therefore be understood in terms of the financial crises it unleashed the multinational empires it destroyed and the hateful ideas it propagated The most remarkable thing about the war Ferguson shows us is how shockingly unexpected it was At a time when economic integration and technology seemed to be rendering war between great powers impossible World War I was the moment when that process went into reverse and the lethal forces of ethnic disintegration took over Now on the cusp of the 100th anniversary of its outbreak we can see World War I as much more than just four years of industrialized slaughter Weaving together the economics of empire and the ideology of race and featuring an original preface by the author as well a teaser from his new paperback *Civilization The Abyss* is world history at its finest

Rising Sun Victorious Peter G. Tsouras, 2015-09-01 In war victory can be held hostage to seemingly insignificant incidents chance events opportunities seized or cast aside that can derail the most brilliant military strategies and change the course of history What if the Japanese had conquered India and driven out the British What if the strategic link between the United States and Australia had been severed What if Vice Admiral Nagumo had launched a third attack on Pearl Harbor What if the U S Navy's gamble at Midway had backfired Ten leading military historians ask these and other questions in this fascinating book The war with Japan was rife with difficult choices and battles that could have gone either way These fact based alternate scenarios offer intriguing insights into what might have happened in the Pacific during World War II and what the consequences would have been for America Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are

sometimes overlooked and to authors whose work might not otherwise find a home

The War of the World Niall Ferguson, 2012-11-06 From the bestselling author of *The Ascent of Money* and *The Square and the Tower* Even those who have read widely in 20th century history will find fresh surprising details *The Boston Globe* A fascinating read thanks to Ferguson's gifts as a writer of clear energetic narrative history *The Washington Post* Astonishing in its scope and erudition this is the magnum opus that Niall Ferguson's numerous acclaimed works have been leading up to In it he grapples with perhaps the most challenging questions of modern history Why was the twentieth century history's bloodiest by far Why did unprecedented material progress go hand in hand with total war and genocide His quest for new answers takes him from the walls of Nanjing to the bloody beaches of Normandy from the economics of ethnic cleansing to the politics of imperial decline and fall The result as brilliantly written as it is vital is a great historian's masterwork

The Journal of Military History, 2006

Third Reich Victorious Peter G. Tsouras, 2020-01-31 This book is a stimulating and entirely plausible insight into how Hitler and his generals might have defeated the Allies and a convincing sideways look at the Third Reich's bid at world domination in World War II What would have happened if for example the Germans captured the whole of the BEF at Dunkirk Or if the RAF had been defeated in the Battle of Britain What if the U Boats had strangled Britain with an impregnable blockade if Rommel had been triumphant in North Africa or the Germans had beaten the Red Army at Kursk The authors writing as if these and other world changing events had really happened project realistic scenarios based on the true capabilities and circumstances of the opposing forces *Third Reich Victorious* is a spirited and terrifying alternate history and a telling insight into the dramatic possibilities of World War II

Battle of the Bulge Peter G. Tsouras, 2011-10-19 Based on a series of fascinating What ifs posed by leading military historians this compelling new alternate history reconstructs the moments during the Battle of the Bulge which could conceivably have altered the entire course of the Second World War and led to a German victory Based on real battles actions and characters each scenario has been carefully constructed to reveal how at points of decision a different choice or minor incident could have set in motion an entirely new train of events altering history for ever What if the Germans successfully prevented Patton from riding to the rescue at Bastogne Or if the Allies had suffered a major setback at the Battle of the Bulge which allowed the Red Army to overrun Berlin and drive on to the Rhine What if Hitler had not launched his massive gambit and instead the Allies had progressed with the operations plan they had prior to the Bulge These are some of the intriguing scenarios played out by leading authors

Aviation News ,2005 [Disaster in the Desert](#) Ken Delve, 2019-04-30 For fans of Philip K Dick and Harry Turtledove a World War II alternate history novel that imagines a victory for Germany s Rommel in North Africa Summer 1942 and the war in the Middle East is in the balance Rommel s Axis forces are poised on the borders of Egypt and all that is needed is one last push For that to succeed Rommel needs supplies and for the Allies to be denied supplies With Malta still active and disrupting the Axis shipping routes across the Mediterranean he is denied those supplies Meanwhile the Allied build up continues and Montgomery holds at El Alamein and then counter attacks Rommel is pushed back and then in a double blow the Allies land in Tunisia The collapse of North Africa leads to the invasion of Italy and contributes to the final Axis defeat But what if Rommel had won In this alternate history Ken Delve proposes that with a few strategic changes by the Axis powers and poor decision by Allied Commanders the outcome of

could have been very different In this scenario the Allied invasion in Tunisia fails Rommel defeats Montgomery and seizes Egypt leaving the Germans well placed to sweep up through the Middle East capturing oil installations and joining up with German forces in Russia

Disaster at Stalingrad Peter Tsouras,2013-03-19 A fascinating what if history of one of World War II s most iconic battles It is early September 1942 and the German commander of the Sixth Army General Paulus assisted by the Fourth Panzer Army is poised to advance on the Russian city of Stalingrad His primary mission was to take the city crushing this crucial center of communication and manufacturing and to secure the valuable oil fields in the Caucasus What happens next is well known to any student of modern history a brutal war of attrition characterized by fierce hand to hand combat that lasted for nearly two years and the eventual victory by a resolute Soviet Red Army A ravaged German Army was pushed into full retreat This was the first defeat of Hitler s territorial ambitions in Europe and a critical turning point of World War II But the outcome could have been very different as Peter Tsouras demonstrates in this fascinating alternate history of this fateful battle By introducing minor and realistic adjustments Tsouras presents a scenario in which the course of the battle runs quite differently which in turn throws up disturbing possibilities regarding the outcome of the whole war
