The Mourning of

JOHN LENNON

Mourning Of John Lennon

Peter Knight

Mourning Of John Lennon:

The Mourning of John Lennon Anthony Elliott, 1999 Beginning with a brilliant reading of Albert Goldman's bestselling biography he moves to the loneliness and pain of Lennon's childhood developing a powerful analysis of songs such as Strawberry Fields Forever and I Am the Walrus From Help to Mother to I'm Losing You he contends that a consistent exploration of pain and loss in the wider emotional and political world is evident in the body of Lennon's works Elliott explores the complex contradictory role of love in Lennon's life with a particular focus on the themes of guilt and grief sexuality and desire He gives careful attention to Lennon's personal relationships from his marriage to Cynthia Powell to his extraordinary romance with Yoko Ono

John Lennon Imagined Janne Mäkelä, 2004 Considered one of the most innovative artists in the history of popular music John Lennon is also a fascinating example of the relationship between rock music and celebrity Through investigation of the cultural and historical background of his stardom in England and the United States this book explores why John Lennon became a much debated celebrity and why he remains so Lennon's career from the 1960s until his tragic death in 1980 and even beyond demonstrates how different expectations articulated by the star the music industry the media and the fans form relations which change in terms of time and place Using a multidisciplinary approach and intriguing case studies this book also examines cultural identity authenticity and gender in popular music stardom

The Mourning for Diana Tony Walter, 2020-06-11 The unexpected death of Diana Princess of Wales in Paris on August 31st 1997 led to a period of mourning over the next week that took the world by surprise Major institutions the media the royal family the church the police for once had no pre planned script For the public this was a story with an ending they had not anticipated How did these institutions and the public create a cultural order in the face of such disorder Both those involved in the mourning and those who objected to it struggled to understand the depth and breadth of emotion shaking Britain and the world Mourning was focused on London where Diana's body lay and on Diana's home Kensington Palace Throughout the city and especially in Kensington Gardens millions left shrines to the dead princess made of flowers messages teddy bears and other objects In towns and villages around the UK this was repeated The mourning was also global with media dominated by Diana's death in scores of countries The funeral itself had a record breaking world television audience and messages of condolence floated around the globe in cyber space How unique was all this Does it mark a shift in the culture of mourning of the position of the monarchy of the role of emotion in British culture How does it compare with the mourning for other super icons JFK Evita Elvis and Monroe Was it media induced hysteria Or was it simply a magnification of normal mourning behaviour Focusing on the extraordinary actions of millions of ordinary people this book documents what happened and shows how a modern rational society coped with the unexpected in a proto revolutionary week that left participants and objectors alike asking why did we behave like this

Death of a Dreamer Alison Behnke, 2012-01-01 New York December 8 1980 The announcement shocked the world Beatles founder and legendary

musician John Lennon had been murdered in front of his New York home With no warning a lone gunman opened fire shooting Lennon in the back just as Lennon returned from a recording session with his wife Yoko Ono Husband father of two cultural icon and hero to millions Lennon was dead Around the globe people mourned the loss of a man who had stood for peace a man who had given so much joy to the world through his gift of music No one had seen it coming except one man Mark David Chapman Lennon's assassin What drove this former Beatles fan to commit such a terrible act Follow the lives of both Lennon and Chapman learn about the political and cultural settings in which both grew up and trace step by excruciating step the final moments of John Lennon's life Mourning and Disaster Michael Brennan, 2009-01-14 The Hillsborough stadium disaster of 15 April 1989 and the death of Princess Diana on 31 August 1997 sparked expressivist scenes of public mourning hitherto unseen within the context of British society The largely local displays of grief witnessed on Merseyside following the Hillsborough disaster were however repeated and provided a pre text for the national and global public mourning which accompanied the death of Princess Diana What was it this book asks about the Hillsborough disaster and death of Princess Diana that provoked such strong emotions Why and how did these ostensibly similar events produce such contrasting reactions moving some people including the book's author to mourn one event but resist the mourning for the other Mourning and Disaster provides an insight into a series of questions raised by the public mourning that followed these two events What for example do the messages contained in the public books of condolence signed in the wake of these events tell us either about the social identities of the people who mourned or about the processes of meaning making by which death is apprehended and understood What do condolence books tell us about how contemporary society mourns and the ways in which loss is languaged Is it the case that in episodes of public mourning in which the deceased are not known to us personally the mourner might actually be mourning some aspect of themselves Is it also the case that in not mourning these events some aspect of one's own identity or self was being repudiated or mourned Drawing upon both the public books of condolence signed in Britain during the public mourning for these events alongside the author's own autobiographical memories of them it is to these sorts of questions amongst others that this book seeks to provide answers **The Politics of Mourning** Rochelle Almeida, 2004 Does one's gender race skin color nationality cultural upbringing or religious background have any impact upon the manner in which people from varying cultural environments choose to mourn their loss and resolve grief **Fandom and the Beatles** Kenneth Womack, Kit O'Toole, 2021-02-15 More than 50 years after their breakup the Beatles are still attracting fans from various generations all while retaining their original fan base from the 1960s Why have those first generation fans continued following the Beatles and are now introducing their grandchildren to the group Why are current teens affected by the band's music And perhaps most importantly how and why do the Beatles continue to resonate with successive generations Unlike other bands of their era the Beatles seem permanently frozen in time having never descended into nostalgia act territory Instead even after the announcement of the band's breakup in 1970 the group has

maintained its cultural and musical relevance Their timeless quality appeals to younger generations while maintaining the loyalty of older fans While the Beatles indeed represent a specific time period their music and words address issues as meaningful today as they were during the Summer of Love politics war sex drugs art and creative liberation As the first anthology to assess the nature of fan response and the band's enduring appeal *Fandom and the Beatles The Act You've Known for All These Years* defines and explores these unique qualities and the key ways in which this particular pop fusion has inspired such loyalty and multigenerational popularity

Understanding Celebrity Graeme Turner, 2013-10-22 An outstanding achievement Graeme Turner writes with power and persuasion and brilliantly explores what it is about celebrity today that should concern us all Sean Redmond Deakin University A key touchstone for celebrity studies Turner thoughtfully illuminates the variety of production and consumption practices through which celebrity circulates today whilst remaining sensitive to the complexity of power relations in play An essential read for students and scholars in the field Sue Holmes University of East Anglia Cements Turner's status as the most important figure in celebrity studies Turner's gaze fixes on developments in digital social and global mediascapes drawing media and celebrity studies into complex critical political and cultural debates in his indomitable style James Bennett Royal Holloway University of London An extraordinary synthesis of research and theory *Understanding Celebrity* remains the go to text of celebrity studies Joshua Gansom University of San Francisco Where does the production of celebrity end and its consumption begin Platforms such as Facebook Twitter YouTube and reality TV allow us a previously unimagined engagement with the manufactured persona of celebrity *Understanding Celebrity* has become the go to text for understanding the connection between the production and consumption of this persona The long awaited second edition assesses the changing nature of this pivotal relationship in celebrity studies The book Explains how social media is key in establishing an online presence for celebrities Critically analyses the changing nature of fan culture within the online environment Delves into a richer and more detailed account of the history of celebrity Examines in greater depth the increased role of reality TV Incorporates recent contributions from feminist scholars to the field Enriched with new examples drawn from popular culture this is a contemporary and incisive look at celebrity studies *Understanding Celebrity* is not only an essential text but a stimulating read for students studying celebrity and popular culture across media studies cultural studies and sociology

"I Read the News Today" Fred Fogo, 1994 In *I Read the News Today* Fred Fogo examines the ways in which John Lennon's brutal killing in 1980 and the commentary on it are part of a larger context of social disturbance that calls into question fundamental social meanings and relationships and sets visibly into conflict forces of stability and change Fogo analyzes the print media responses to Lennon's death in the theoretical contexts of anthropologist Victor Turner's paradigm of social drama and mass communication scholar James Carey's ritual view of mass communication Fogo suggests that Present day conflicts may be understood better by examining the way a particular segment of American society the sixties generation has made sense of its collective

experience and its relation to society in the process of attributing symbolic meaning to one of its major icons John Lennon

Speaking Words of Wisdom Michael McGowan, 2024-06-25 More popular than Jesus Despite the uproar it caused in America in 1966 John Lennon's famous assessment of the Beatles vis vis religion was not far off The Beatles did mean more to kids than the religions in which they were raised not only in America but everywhere in the world By all accounts the Beatles were the most significant musical group of the twentieth century Their albums sold in the hundreds of millions and the press was always eager to document their activities and perspectives And when fan appreciation morphed into worship Beatlemania took on religious significance Many young people around the world began to look to the Beatles their music their commentary their art for meaning in a turbulent decade *Speaking Words of Wisdom* is a deep dive into the Beatles relationship to religion through the lenses of philosophy cultural studies music history and religious studies Chapters explore topics such as religious life in Liverpool faith among individual band members why and how India entered the Beatles story fan worship deification and the Beatles long lasting legacy In the 1960s the Beatles facilitated a reevaluation of our deepest values The story of how the Beatles became modern day sages is an important case study for the ways in which consumers make culturally and religiously significant meaning from music people and events In addition to the editor the contributors to this book include David Bedford Kenneth Campbell John Covach Melissa Davis Anthony DeCurtis Mark Duffett Scott Freer Murray Leeder Sean MacLeod Grant Maxwell Christiane Meiser and Eyal Regev

Pop Music and the Press Steve Jones, 2002 Since the 1950s writing about popular music has become a staple of popular culture Rolling Stone Vibe and The Source as well as music columns in major newspapers target consumers who take their music seriously Rapidly proliferating fanzines websites and internet discussion groups enable virtually anyone to engage in popular music criticism Until now however no one has tackled popular music criticism as a genre of journalism with a particular history and evolution *Pop Music and the Press* looks at the major publications and journalists who have shaped this criticism influencing the public's ideas about the music's significance and quality The contributors to the volume include academics and journalists several wear both hats and some are musicians as well Their essays illuminate the complex relationships of the music industry print media critical practice and rock culture And they repeatedly dispel the notion that being a journalist is the next best thing to being a rock star

Author note Steve Jones is Professor of Communication at the University of Illinois Chicago Among his books are *CyberSociety* *Computer Mediated Communication* and *Community* editor and *Rock Formation* *Popular Music Technology* and *Mass Communication*

Royal Mourning and Regency Culture S. Behrendt, 1997-09-17 This book examines the widespread response in British artistic media to the death in childbirth in 1817 of Princess Charlotte Augusta of Wales daughter of the Prince Regent and heiress to the throne showing how both in print materials like poetry and sermons and extra literary artifacts like visual art ceramics metalwork and textiles her life and death were invested with the qualities of myth even as her memorialists appropriated her experiences in the process of producing consumer commodities for an

emerging mass audience Political Mourning Heather Pool, 2021-05-21 Political Mourning examines four case studies the Triangle Fire Emmett Till's murder the attacks of September 11th and the Black Lives Matter movement to shed light on moments when everyday people died when their deaths were the basis of calls for political change and when such a change actually occurred *Emotions, Everyday Life and Sociology* Michael Hviid Jacobsen, 2018-07-11 This volume explores the emotions that are intricately woven into the texture of everyday life and experience A contribution to the literature on the sociology of emotions it focuses on the role of emotions as being integral to daily life broadening our understanding by examining both core emotions and those that are often overlooked or omitted from more conventional studies Bringing together theoretical and empirical studies from scholars across a range of subjects including sociology psychology cultural studies history politics and cognitive science this international collection centres on the everydayness of emotional experience **Working with the Dying and Bereaved** Pauline Sutcliffe, Guinevere Tufnell, Ursula Cornish, 2023-04-28 First published in 1998 Working with the Dying and Bereaved illustrates how therapists can use a systemic approach to help families facing death and bereavement This approach considers the individual in a broader more holistic concept than traditional theories This book provides a broad theoretical framework and practical strategies for systemic therapeutic work Each chapter demonstrates how each approach has been applied by the therapist to work within a particular model carefully outlining the particular technique used **Envisaging Death** Michele Aaron, 2014-07-18 Envisaging Death Visual Culture and Dying enters the expanding field of Death Studies and connects some of its key interpretive frameworks such as issues of internment practice trauma or end of life care to visual culture and more than that to visual culture's socio political geographic and aesthetic specificities Where the prevailing picture of death within this field is as a Western experience framed by its denial on one side and its sensationalism on the other this collection confronts the specifics of death's marginalisation its experience as local rather than universal and the precise relationship between the context and the cultural mediation of death Who and where you are which part of the world you live in whether you are famous or wealthy subject to natural catastrophe civil unrest or high tech healthcare has enormous influence on how your death is marked imaged and imagined As such this book addresses the socio cultural factors permeating and styling the visual and inevitably material treatment of death and dying in a broad array of personal and national settings Advanced society has been characterised by an increased distancing of death from the everyday and its distortion or invisibility within the public sphere The essays collected here return some shape and context and geo politics to the treatment of death and dying within contemporary culture and specifically within contemporary visual culture which provides an ever more dominating forum for society's depiction of and dealings with death Charting important new interdisciplinary terrain scholars and practitioners from a wide range of fields address an assortment of cultural mediations of real fictional or fictionalised death They navigate in different ways the fraught policed but always relative distance between the living and the dead which characterises these

mediations a distance which works inevitably to reassure and re secure those supposedly untouched by death and dying
 Envisaging Death whether through discussion of the cemetery landscape the still or moving image the therapeutic or
 educational art practice addresses how such a distance is reinforced It also crucially explores countless cases of and
 increasing possibilities for the disruption of this distance With the various crises of current times be they economic
 environmental or regional such possibilities for this disruption and the altered dynamics of human connection that they
 represent can only gain in significance **American Heroes in a Media Age** Susan J. Drucker, Robert S. Cathcart, 1994
 This volume explores the relationship of hero to celebrity and the changing role of the hero in American culture It establishes
 that the nature of hero and its function in society is a communication phenomenon which has been and is being altered by
 the rapid advance of electronic media **Conspiracy Theories in American History** Peter Knight, 2003-12-11 The first
 comprehensive history of conspiracies and conspiracy theories in the United States Conspiracy Theories in American History
 An Encyclopedia is the first comprehensive research based scholarly study of the pervasiveness of our deeply ingrained
 culture of conspiracy From the Puritan witch trials to the Masons from the Red Scare to Watergate Whitewater and the War
 on Terror this encyclopedia covers conspiracy theories across the breadth of U S history examining the individuals
 organizations and ideas behind them Its over 300 alphabetical entries cover both the documented records of actual
 conspiracies and the cultural and political significance of specific conspiracy speculations Neither promoting nor dismissing
 any theory the entries move beyond the usual biased rhetoric to provide a clear sighted dispassionate look at each conspiracy
 real or imagined Readers will come to understand the political and social contexts in which these theories arose the mindsets
 and motivations of the people promoting them the real impact of society s reactions to conspiracy fears warranted or not and
 the verdict when verifiable that history has passed on each case *Handling Death and Bereavement at Work* David
 Charles-Edwards, 2005 This is a uniquely invaluable book which tackles how death and bereavement can affect the workplace
 It is a sensitive and constructive text for dealing with issues that touch all working lives **Psychotic Reactions and
 Carburetor Dung** Lester Bangs, 2013-10-24 Until his death aged thirty three in 1982 Lester Bangs wrote wired rock n roll
 pieces on Iggy Pop The Clash John Lennon Kraftwerk Lou Reed As a rock critic he had an eagle eye for distinguishing the pre
 packaged imitation from the real thing written in a conversational wisecracking erotically charged style his hallucinatory
 hagiographies and excoriating take downs reveal an iconoclast unafraid to tell it like it is To his journalism he brought the
 talent of a great a renegade Beat poet and his essays reviews and scattered notes convey the electric thrill of a music junky
 indulging the habit of a lifetime As Greil Marcus writes in his introduction What this book demands from a reader is a
 willingness to accept that the best writer in America could write almost nothing but record reviews
