A History of the Town of Industry William Collins Hatch, 1893 [The History of Cass and Bates Counties, Missouri](#), 1883 [Lost Mill Towns of North Georgia](#) Lisa M. Russell, 2020-04-13 The textile era was born of a perfect storm When North Georgia's red clay failed farmers and prices fell during Reconstruction opportunities arose Beginning in the 1880s textile industries moved south Mill owners enticed an entire workforce to leave their farms and move their families into modern mill villages encased communities with stores theaters baseball teams bands and schools To some workers mill village life was idyllic They had work recreation education shopping and a home with the modern conveniences of running water and electricity Most importantly they got a paycheck But after the New Deal workers started to see the raw deal they were getting from mill owners and rebelled Strikes and economic changes began to erode the era of mill villages and by the 1960s mill village life was all but gone Author Lisa Russell brings these once vibrant communities back to life *The History of Washington County in the Vermont historical Gazetteer* Abby Maria Hemenway, 2025-07-11 Reprint of the original first published in 1882 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *The History of Wisconsin, Volume III* Robert C. Nesbit, 2013-03-28 Although the years from 1873 1893 lacked the well known dramatic events of the periods before and after this period presented a major transformation in Wisconsin's economy The third volume in the History of Wisconsin series presents a balanced comprehensive and witty account of these two decades of dynamic growth and change in Wisconsin society business and industry Concentrating on three major areas the economy communities and politics and government this volume in the History of Wisconsin series adds substantially to our knowledge and understanding of this crucial but generally little understood period *The History of Clinton County, Iowa*, 1879 Introduces the reader to fractions and decimals **Around Somersworth** Frank Clark, Marybeth Faucher, 1995-03-01 Somersworth New Hampshire is a city which has grown in many ways since it was first designated a town in 1754 When the Great Falls Manufacturing Company was established on the banks of the Salmon Falls River in 1822 Somersworth was thrust into the Industrial Revolution This had a tremendous economic and social impact on the area and led to Somersworth's proud identity as a hardworking and dynamic mill town Collected in this fascinating visual history are over 200 photographs which together reflect the rich and diverse history of Somersworth and the nearby towns of Rollinsford and Berwick from the early

industrial age to 1960s In these images can be seen the roots of the purpose pride and community spirit which today help Somersworth adapt to the changes of the twentieth century One Job Town Steven High,2018-05-04 There s a pervasive sense of betrayal in areas scarred by mine mill and factory closures Steven High s One Job Town delves into the long history of deindustrialization in the paper making town of Sturgeon Falls Ontario located on Canada s resource periphery Much like hundreds of other towns and cities across North America and Europe Sturgeon Falls has lost their primary source of industry resulting in the displacement of workers and their families One Job Town takes us into the making of a culture of industrialism and the significance of industrial work for mill working families One Job Town approaches deindustrialization as a long term economic political and cultural process which did not begin and simply end with the closure of the local mill in 2002 High examines the work life histories of fifty paper mill workers and managers as well as city officials to gain an in depth understanding of the impact of the formation and dissolution of a culture of industrialism Oral history and memory are at the heart of One Job Town challenging us to rethink the relationship between the past and the present in what was formerly known as the industrialized world The History of Delaware County, Iowa ,1878 **A History of the Borough and Town of Calne, and Some Account of the Villages, Etc., in Its Vicinity** A.
