Network Of Converso Families In Early Modern Toledo:

A Network of Converso Families in Early Modern Toledo Linda Martz, 2003 The lives of Toledan Jewish families are traced from the time of the Inquisition through seventeenth century Spain Converso Non-Conformism in Early Modern Spain Kevin Ingram, 2018-12-06 This book examines the effects of Jewish conversions to Christianity in late medieval Spanish society Ingram focuses on these converts and their descendants known as conversos not as Judaizers but as Christian humanists mystics and evangelists who attempt to create a new society based on quietist religious practice merit and toleration His narrative takes the reader on a journey from the late fourteenth century conversions and the first blood purity laws designed to marginalize conversos through the early sixteenth century Erasmian and radical mystical movements to a Counter Reformation environment in which conversos become the advocates for pacifism and concordance His account ends at the court of Philip IV where growing intolerance towards Madrid's converso courtiers is subtly attacked by Spain's greatest painter Diego Velázquez in his work *Los Borrachos* Finally Ingram examines the historiography of early modern Spain in which he argues the converso reform phenomenon continues to be underexplored **A Companion to Religious**

and Early Modern Spain Richard Hitchcock,2016-04-22 The setting of this volume is the Iberian Peninsula during the Middle Ages where Christianity and Islam co existed side by side as the official religions of Muslim al Andalus on the one hand and the Christian kingdoms in the north of the peninsula on the other Its purpose is to examine the meaning of the word Mozarab and the history and nature of the people called by that name it represents a synthesis of the author s many years of research and publication in this field Richard Hitchcock first sets out to explain what being a non Muslim meant in al Andalus both in

Markets and Exchanges in Pre-Modern and Traditional Societies Juan Carlos Moreno Garcia,2021-06-30 Markets emerge in recent historical research as important spheres of economic interaction in ancient societies In the case of ancient Egypt traditional models imagined an all encompassing centralized bureaucratic economy that left practically no place for market transactions as many surviving documents only described the activities of the royal palace and of huge institutions mainly temples Yet scattered references in the sources reveal that markets and traders were crucial actors in the economic life of ancient Egypt In this perspective this volume aims to discuss the role of markets traders and economic interaction not necessarily organized through markets and the use of money metals valuable commodities in pre modern societies based on archaeological anthropological and historical evidence Furthermore it intends to integrate different perspectives about the social organization of transactions and exchanges and

the different forms taken by markets from meeting places where exchanges operated under ritualized procedures and conventions to markets in which profit seeking activities were marginal in respect with other practices that stressed on the contrary community collaboration The book also deals with social forms of pre modern exchanges in which trust and ethnic solidarity guaranteed the validity of commercial operations in the absence of formal codes of laws or accepted authorities over long distances trade diasporas guilds etc Finally the volume analyzes a critical aspect of small scale trade and markets such as the commercialization of agricultural household production and its impact on the peasant economic strategies In all the book covers a diversity of topics in which recent research in the fields of economic sociology archaeology anthropology economics and history proves invaluable in order to analyze the role of Egyptian trade in a broader perspective as well as to suggest new venues of comparative research theoretical reflection and dialogue between Egyptology and social sciences

Parallel Histories James S. Amelang, 2013-12-09 The distinct religious culture of early modern Spain characterized by religious unity at a time when fierce civil wars between Catholics and Protestants fractured northern Europe is further understood through examining the expulsion of the Jews and suspected Muslims While these two groups had previously lived peaceably if sometimes uneasily with their Christian neighbors throughout much of the medieval era the expulsions brought a new intensity to Spanish Christian perceptions of both the moriscos converts from Islam and the judeoconversos converts

from Judaism In Parallel Histories James S Amelang reconstructs the compelling struggle of converts to coexist with a Christian majority that suspected them of secretly adhering to their ancestral faiths and destroying national religious unity in the process Discussing first Muslims and then Jews in turn Amelang explores not only the expulsions themselves but also religious beliefs and practices social and professional characteristics the construction of collective and individual identities cultural creativity and finally the difficulties of maintaining orthodox rites and tenets under conditions of persecution Despite the oppression these two groups experienced the descendants of the judeoconversos would ultimately be assimilated into the mainstream unlike their morisco counterparts who were exiled in 1609 Amelang masterfully presents a complex narrative that not only gives voice to religious minorities in early modern Spain but also focuses on one of the greatest divergences in the history of European Christianity

Creating Conversos Roger Louis Martínez-Dávila,2018-04-30 In Creating Conversos Roger Louis Mart nez D vila skillfully unravels the complex story of Jews who converted to Catholicism in Spain between the fourteenth and sixteenth centuries migrated to colonial Mexico and Bolivia during the conquest of the Americas and assumed prominent church and government positions Rather than acting as alienated and marginalized subjects the conversos were able to craft new identities and strategies not just for survival but for prospering in the most adverse circumstances Mart nez D vila provides an extensive elaborately detailed case study of the Carvajal Santa Mar a clan from its beginnings in late fourteenth century Castile By tracing the family ties and intermarriages of the Jewish rabbinic ha Levi lineage of Burgos Spain which became the converso Santa Mar a clan with the Old Christian Carvajal line of Plasencia Spain Mart nez D vila demonstrates the family s changing identity and how the monolithic notions of ethnic and religious disposition were broken down by the group and negotiated anew as they transformed themselves from marginal into mainstream characters at the center of the economies of power in the world they inhabited They succeeded in rising to the pinnacles of power within the church hierarchy in Spain even to the point of contesting the succession to the papacy and overseeing the Inquisitorial investigation and execution of extended family members including Luis de Carvajal The Younger and most of his immediate family during the 1590s in Mexico City Martinez D vila offers a rich panorama of the many forces that shaped the emergence of modern Spain including tax policies rivalries among the nobility and ecclesiastical politics The extensive genealogical research enriches the historical reconstruction filling in gaps and illuminating contradictions in standard contemporary narratives His text is strengthened by many family trees that assist the reader as the threads of political and social relationships are carefully disentangled

The Virgin of Guadalupe and the Conversos Marie-Theresa Hernández,2014-07-15 Hidden lives hidden history and hidden manuscripts In The Virgin of Guadalupe and the Conversos Marie Theresa Hern ndez unmask the secret lives of conversos and judaizantes and their likely influence on the Catholic

Church in the New World The terms converso and judaizante are often used for descendants of Spanish Jews the Sephardi or Sefarditas as they are sometimes called who converted under duress to Christianity in the fourteenth and fifteenth centuries There are few if any archival documents that prove the existence of judaizantes after the Spanish expulsion of the Jews in 1492 and the Portuguese expulsion in 1497 as it is unlikely that a secret Jew in sixteenth century Spain would have documented his allegiance to the Law of Moses thereby providing evidence for the Inquisition On a Da Vinci Code style quest Hern ndez persisted in hunting for a trove of forgotten manuscripts at the New York Public Library These documents once unearthed describe the Jewish Christian religious beliefs of an early nineteenth century Catholic priest in Mexico City focusing on the relationship between the Virgin of Guadalupe and Judaism With this discovery in hand the author traces the cult of Guadalupe backwards to its fourteenth century Spanish origins The trail from that point forward can then be followed to its interface with early modern conversos and their descendants at the highest levels of the Church and the monarchy in Spain and Colonial Mexico She describes key players who were somehow immune to the dangers of the Inquisition and who were allowed the freedom to display albeit in a camouflaged manner vestiges of their family s Jewish identity By exploring the narratives produced by these individuals Hern ndez reveals the existence of those conversos and judaizantes who did not return to the covenantal bond of rabbinic law who did not publicly identify themselves as Jews and who continued to exhibit in their influential writings a covert allegiance and longing for a Jewish past This is a spellbinding and controversial story that offers a fresh perspective on the origins and history of conversos *The New Christians of Spanish Naples 1528-1671*
P. Mazur, 2013-05-30 This study reveals the more complex reality of Early Modern Naples than what has commonly been represented in which royal representatives in the city came to depend on the assistance of a series of merchants financiers and bureaucrats who shared a common identity as conversos descendants of converted Jews
