Bergin, Dexter

Keaweehu Vredenburg,2011 Richard Smart the last of the Parker family to own and manage Parker Ranch was a ranching industry leader a wise visionary for his community Broadway star and humanitarian All of these distinctions are explored and explained by authors Bergin and Vredenburg both of whom have close personal and professional ties to Parker Ranch located on the Island of Hawaii Publisher s web site [Loyal to the Land](#) Billy Bergin,2006-08-31 This heartfelt and often personal work continues the story of the Big Island s Parker Ranch one of the largest and most beautiful cattle ranches in the United States It begins with the dynastic transition in ranch management from the formidable A W Carter to his son Hartwell who would be responsible for bringing the ranch effectively into the twentieth century Although supervision of the ranch officially changed hands in 1937 A W s wide ranging influence continued to be felt for at least another decade Later Hartwell Carter would also have to contend with the whims of ranch owner Richard Smart who returned to the Islands in 1959 eager to take direct control of his estate Under Carter s stewardship Parker Ranch raised its cow herd size by fifty percent and through its subsidiary Hawaii Meat Company converted its beef marketing from a range finished animal to a feedlot confined corn fed marbled carcass acceptable to the modern housewife Hartwell Carter was followed by his assistant Richard Dick Penhallow as ranch manager in 1960 Penhallow s tenure is given a detailed overview that illuminates his ambitious goals for improvements in water land livestock personnel development and the economics of the beef industry Although Penhallow s grand scheme for reorganizing an inefficient and divided industry into a single cooperative using state of the art facilities ultimately failed the subsequent history of beef marketing in the Islands bears out the soundness and wisdom of his ideas In 1962 Smart selected Radcliffe Rally Greenwell as Penhallow s successor The new ranch manager arrived with strong traditional values of stewardship handed down from generations of Kona ranchers Greenwell s initiatives were clear to further enhance water development and increase the cow herd by thirty percent He also instituted research to determine the cause of a scourge among young cattle called yellow calf syndrome As the nine year management of Greenwell unfolds the book offers a close look at the leadership team of the era which included Harry Kawai John Kawamoto Willie Kaniho Yutaka Kimura John Lekelesa and Harry Ah Fong Ah Sam The author who became ranch veterinarian in 1970 also provides personal insights in the later sections of the book into the use of the element copper to greatly enhance the growth and health of cattle and the birth and expansion of the ranch s Animal Health Program The work concludes with the introduction of the mainland management team of Rubel and Lent whose attempt to return to a pyramidal management structure took Parker Ranch by storm [Parker Ranch Paniolo](#) Jiro Nakano,1992 Yutaka Kimura was born on March 22 1905 the second child of Masajiro Kimura and his wife Hisamu Mitsuda His birth place was Pu uwa a Ranch in North Kona on the Big Island where his immigrant parents were employed by a rancher Robert Hind Masajiro and Hisamu came from Japan in 1898 and in 1901 respectively Yutaka married Haruyo Uyeda on February 7 1925 and moved into the house at Pu ukikoni They became the parents of five children Relatives and descendants reside in Hawaiian Islands *The Story of Parker Ranch* Donald R.

BERGIN,2022-12-15 Located in Waimea on the Big Island of Hawai i Parker Ranch is not only one of the country s largest cattle ranches but also one of the oldest and most historic This third volume of Loyal to the Land The Legendary Parker Ranch continues the history of the ranch and chronicles the transition of its management into the hands of mainlanders Gordon Lent and Jack Rubel This was a significant departure from past practice and marked the beginning of two decades in which dramatic redirection occurred As a close

observer and active participant in ranch operations during this period Dr Billy Bergin provides a first hand account of the events of that time His personal insight is supported by almost 200 photographs that deftly move the reader through twenty years of life on the ranch He describes the management influences of Lent and Rubel who envisioned guiding the ranch to greater levels of production and economic solvency as well as the years of Don Hanson and Walter Slater Ranch management soon shifted back to men of Hawai i when Charlie Kimura David Ramos and Robby Hind assumed leadership During his successful tenure Robby Hind launched a new initiative exporting cattle to mainland markets through Canada This bold move enabled Parker Ranch to export its entire calf crop nearly twelve thousand calves to the continental United States after the closure of the Hawai i Meat Company and Hawai i Milling Corporation feedlot complex on O ahu This changed the way cattle were marketed in Hawai i for the ensuing decades With the deteriorating health of ranch owner Richard Smart a decline in stewardship became evident as trustees imposed directives that put the ranch at risk Disenchanted by the perceived lack of reasonable stewardship of ranch resources physical animal and human employees yearned for a return to the good years The passing of Richard Smart challenges to his will by his sons Antony and Gilliard tax burdens and less than ideal industry factors further encumbered the mission of the trustees to achieve fiscal stability Still the storied ranch remained a crown jewel in the midst of the cobalt blue Pacific Ocean
