Looking Out Perspectives On Dance And Criticism In A Multicultural World:

Looking Out David Gere, 1995 Looking Out is the first collection of writings to address the impact of multiculturalism on the dance world It is unique in offering various perspectives enlisting leading dance critics performers choreographers and academics in a wide ranging discussion of how dance from around the world can be better understood Inspired by a groundbreaking 1990 conference of the Dance Critics Association the book consists of a series of essays each addressing a different facet of the problems and possibilities of multiculturalism Joan Myers Brown and the Audacious Hope of the Black Ballerina Brenda Dixon Gottschild, 2016-04-29 Founder of the Philadelphia Dance Company PHILADANCO and the Philadelphia School of Dance Arts Joan Myers Brown s personal and professional histories reflect the hardships as well as the advances of African Americans in the artistic and social developments of the second half of the twentieth and the early twenty first centuries **Choreographing Identities** Anthony Shay, 2014-01-10 Throughout its history the United States has become a new home for thousands of immigrants all of whom have brought their own traditions and expressions of ethnicity Not least among these customs are folk dances which over time have become visual representations of cultural identity Naturally however these dances have not existed in a vacuum They have changed in part as a response to ever changing social identities and in part as a reaction to deliberate manipulations by those within as well as outside of a particular culture Compiled in great part from the author's own personal dance experience this volume looks at how various cultures use dance as a visual representation of their identity and how traditional dances change over time It discusses several parallel layers of dance dances performed at intra cultural social occasions dances used for representation or presentation and folk dance performances Individual chapters center on various immigrant cultures Chiefly the work focuses on cultural representation and how it is sometimes manipulated Key folk dance festivals in the United States and Canada are reviewed Interviews with dancers teachers and others offer a first hand perspective An extensive bibliography encompasses concert programs and reviews as well as broader scholarly sources **Engaging Bodies** Ann Cooper Albright, 2013-12-03 Winner of the Selma Jeanne Cohen Prize in Dance Aesthetics 2014 For twenty five years Ann Cooper Albright has been exploring the intersection of cultural representation and somatic identity in dance For Albright dancing is a physical inquiry a way of experiencing and participating in the world and her writing reflects an interdisciplinary approach to seeing and thinking about dance In her engagement as both a dancer and a scholar Albright draws on her kinesthetic sensibilities as well as her intellectual knowledge to articulate how movement creates meaning Throughout Engaging Bodies movement and ideas lean on one another to produce a critical theory anchored in the material reality of dancing bodies This blend of cultural theory and personal circumstance will be useful and inspiring for emerging scholars and dancers looking for a model of writing about dance that thrives on the interconnectedness of watching and doing gesture and thought Hardcover is un jacketed **Meaning in Motion** Jane Desmond, 1997 On dance and culture **Understanding Disability Studies and**

cultural representation becomes embedded in the body In arguing for the intelligence of bodies Choreographing Difference is itself a testimonial giving voice to some important political moral and artistic questions of our time Ebook Edition Note All images have been redacted **Treading Through** Basilio Esteban S.
