Looking Back An Immigrant In The New World:

Looking Forward, Looking Back Jana Pohl, 2011 How is the life altering event of migration narrated for children especially if it was caused by Anti Semitism and poverty What of the country of origin is remembered and what is forgotten and what of the target country when the migration is imagined there a century later Looking Forward Looking Back examines today s representation of Jewish mass migration from Eastern Europe to America around the turn of the last century It explores the collective story that emerges when American authors look back at this exodus from an Eastern European home to a new one to be established in America Focusing on children s literature it investigates a wide range of texts including young adult literature as well as picture books and hence sheds light on the dynamics of the verbal and the visual in generating images of the self and other the familiar and the strange This book is of interest to scholars in the field of imagology children s literature cultural studies American studies Slavic studies and Jewish studies **America Beyond Black and White** Ronald Fernandez, 2009-05-14 This book is both powerful and important Powerful for the testimony it provides from Americans of many different and even mixed races about their experiences And important because there is a racial revolution underway that will upend race as we know it during the twenty first century John Kenneth White Catholic University of America America Beyond Black and White is a call for a new way of imagining race in America For the first time in U S history the black white dichotomy that has historically defined race and ethnicity is being challenged not by a small minority but by the fastest growing and arguably most vocal segment of the increasingly diverse American population Mexicans Chinese Japanese Koreans Indians Arabs and many more who are breaking down and recreating the very definitions of race Drawing on interviews with hundreds of Americans who don t fit conventional black white categories the author invites us to empathize with these doubles and to understand why they may represent our best chance to throw off the strictures of the black white dichotomy The revolution is already underway as newcomers and mixed race fusions refuse to engage in the prevailing Anglo Protestant culture Americans face two choices understand why these individuals think as they do or face a future that continues to define us by what divides us rather than by what unites us Looking Backward, Moving Forward Richard G. Hovannisian, 2017-07-05 The decades separating our new century from the Armenian Genocide the prototype of modern day nation killings have fundamentally changed the political composition of the region Virtually no Armenians remain on their historic territories in what is today eastern Turkey The Armenian people have been scattered about the world And a small independent republic has come to replace the Armenian Soviet Socialist Republic which was all that was left of the homeland as the result of Turkish invasion and Bolshevik collusion in 1920 One element has remained constant Notwithstanding the eloquent compelling evidence housed in the United States National Archives and repositories around the world successive Turkish governments have denied that the predecessor Young Turk regime committed genocide and like the Nazis who followed their example sought aggressively to deflect blame by accusing the victims themselves This

volume argues that the time has come for Turkey to reassess the propriety of its approach and to begin the process that will allow it move into a post genocide era The work includes Genocide An Agenda for Action Gijs M de Vries Determinants of the Armenian Genocide Donald Bloxham Looking Backward and Forward Joyce Apsel The United States Response to the Armenian Genocide Simon Payaslian The League of Nations and the Reclamation of Armenian Genocide Survivors Vahram L Shemmassian Raphael Lemkin and the Armenian Genocide Steven L Jacobs Reconstructing Turkish Historiography of the Armenian Massacres and Deaths of 1915 Fatma Muge Go cek Bitter Sweet Memories The Armenian Genocide and International Law Joe Verhoeven New Directions in Literary Response to the Armenian Genocide Rubina Perroomian Denial and Free Speech Henry C Theriault Healing and Reconciliation Ervin Staub State and Nation Raffi K Hovannisian

Conversations with Bharati Mukherjee Bharati Mukherjee, 2009 The first naturalized citizen to win the National Book Critics Circle Award Bharati Mukherjee b 1940 born into a rigid hierarchy as a Bengali Brahmin and raised in the elite of Calcutta society joined the American masses by choice This journey from a privileged yet circumscribed life to one of free will and risk supplied the experiences she has turned into literature From her first interview originally published over three decades ago in her native tongue Bengali in the Calcutta journal *Desh* and appearing here for the first time in English to an in depth interview in 2007 granted specifically for this collection this volume provides a candid look at the woman who has been called the grande dame of diasporic Indian literature Multiculturalism and Identity Politics Kalika Shah, 2019-12-20 This book aims at analysing the fiction produced by the expatriate Parsee writers of the Indian subcontinent Bapsi Sidhwa Rohinton Mistry and Boman Desai These Parsee writers of the South Asian origin have emigrated to Canada and USA in the latter part of the twentieth century Their works offer several possibilities seen from the multicultural point of view The fiction of these Parsee diasporic writers examines the problem of migration relocation and changing identities from a vantage point of distance gained by an insider s view of their community and an outsider s view from the host country Dislocations even when voluntary always have a traumatic side to it due to the process of acculturation assimilation into or differences with the host country and the issue of rights and privileges in the new location For the diasporic communities of different backgrounds their memory history and cultural beliefs are the important factors that determine their identities These Parsee novels demonstrate how individual and group collective identities of the Parsees get constructed and reconstructed redefined against the changing multinational contexts **Writing the Roaming Subject** Joanne Saul, 2006-01-01 Writing the Roaming Subject explores issues of identity formation representation and resistance in Canada and suggests that these are particularly crucial questions during a period of Canadian literary history *Metropolis* Robert Zecker, 2007-12-30 Ever since the rise of mass culture the idea of The City has played a central role in the nation s imagined landscape While some writers depict the city as a site of pleasure and enjoyment the thrills provided there are still generally of an illicit nature and it is this darker strain of urban fiction one that illuminates many of the larger fears and anxieties of America at large that this

book addresses From The Wire s Baltimore to Martin Scorsese s New York from the Newark of Philip Roth and The Sopranos to Jeffrey Eugenides s Detroit The City is everywhere and everywhere proclaiming on the rise and Around 1900 writers for Harper s Century and other magazines took middle class Americans on safari through Little Italy and the Jewish Lower East Side Later at the dawn of the talkies one of the most popular genres was the gangster film through which the city was often portrayed as a powerful force that sent poor souls to their doom With the urban disturbances of the 1960s popular culture took another look at the city and decided that from Detroit to Watts to Harlem the problem had a different face Blaxploitation classics such as Shaft and Fort Apache the Bronx as well as police and crime films of the 60s and 70s offered a cinematic exclamation point to the famous Daily News headline Ford to New York Drop Dead Later filmmakers offered a more nuanced view of the city with Scorsese and Coppola paying homage to an old neighborhood of wise guys and goodfellas and Woody Allen offering the city as a home of urban aesthetes Meanwhile on television crime shows from The Streets of San Francisco to NYPD Blue Cops and all the CSI programs have for decades rooted their separate identities in the crime ridden city itself Yesterday s foreign threat to the body politic is today s jaded suburbanite and this work also considers the current development of the cyber city where urban exiles use their computers to re imagine the cities of their youth as safe warm places where we never locked our doors The City continues to thrill and repulse and even the Internet once again reduces the mean streets to a titillating story arc

Providence Magazine ,1919 **Debating Immigration** Carol M. Swain,2018-08-23 *Debating Immigration* presents twenty one original and updated essays written by some of the world s leading experts and pre eminent scholars that explore the nuances of contemporary immigration in the United States and Europe This volume is organized around the following themes economics demographics and race law and policy philosophy and religion and European politics Its topics include comprehensive immigration reform the limits of executive power illegal immigration human smuggling civil rights and employment discrimination economic growth and unemployment and social justice and religion A timely second edition *Debating Immigration* is an effort to bring together divergent voices to discuss various aspects of immigration often neglected or buried in discussions *Migration* Michael H. Fisher,2014 Fisher explores the process of migration chronologically and at levels varying from the migration of an individual community to larger patterns of the collective movements of major ethnic groups to the more abstract study of emigration migration and immigration *Theologizing in Black* Celucien L. Joseph,2020-04-15 *Theologizing in Black* is a creative and rigorous comparative study on black theological musings and liberative intellectual contemplations engaging the theological ethics and anthropology of both continental African theologians Tanzania Kenya Democratic Republic of the Congo and black theologians in the African Diaspora Haiti Trinidad Jamaica Antigua and Barbuda United States Using the pluralist approach to religion promoted by the philosopher of religion and theologian John Hick the book is also an attempt to bridge an important gap in the comparative study of religion Africana Studies and Liberation theology both in Africa and its diaspora The book provides an analytical framework and intellectual critique of white Christian theologians who deliberately disengage with and exclude black and Africana theologians in their theological writings and conversations From this vantage point Africana critical theology is said to be a theology of contestation as it seeks to deconstruct white supremacy in the theological enterprise This book not only

articulates a rhetoric of protest about the misrepresentation and underrepresentation of the humanity of African and black people in white theological imagination it also enunciates a positive image of black humanity and congruently promulgates a constructive representation of blackness The paramount goal of Africana theological anthropology and ethics is the preservation of life and promotion of human dignity and the sheer acknowledgement that the African people and people of African descent are bearers of the image of God Embracing Our Roots Paul J. Palma, 2021-03-31 America has provided a platform for countless migrant peoples who have in turn contributed to the nation's landscape as a multicultural land of opportunity Still the waves of assimilation can obscure the distinctive customs and beliefs of immigrants many feeling coerced to conform to American attitudes towards race the economy and politics Others inundated with American media consumerism and secularity have forgotten those aspects about their family heritage that make them unique Drawing from Palma's background as an Italian American evangelical Embracing Our Roots considers the significance of rediscovering our ancestral history in a society where many are forced to repress ignore or reject their heritage A nation of immigrants every American is in some sense an ethnic American and stands to gain from considering how the people and places they come from make them unique In addition to using genealogy databases and social networks Palma maintains the rich value of thumbing through the family archives hearty conversations with loved ones and building one's family tree This book is for scholars and laypersons alike with interest in the themes of biblical living faith based traditions food culture immigration social class race family dynamics and mental health Parallax Igor Cassar, Mark Dawson, Eve Kalyva, 2020-08-13 This book presents themed issues to provoke exploratory interdisciplinary thinking and response It provides a forum for a wide spectrum of perspectives on a topical question or concern The book will be of interest to those working in cultural studies critical theory and cultural history
