Lost City Of Cuzco:

Lost City of the Incas Hiram Bingham, 2010-12-16 First published in the 1950s this is a classic account of the discovery in 1911 of the lost city of Machu Picchu In 1911 Hiram Bingham a pre historian with a love of exotic destinations set out to Peru in search of the legendary city of Vilcabamba capital city of the last Inca ruler Manco Inca With a combination of doggedness and good fortune he stumbled on the perfectly preserved ruins of Machu Picchu perched on a cloud capped ledge 2000 feet above the torrent of the Urubamba River The buildings were of white granite exquisitely carved blocks each higher than a man Bingham had not as it turned out found Vilcabamba but he had nevertheless made an astonishing and memorable discovery which he describes in his bestselling book **LOST CITY OF THE INCAS** **Lemuria and Atlantis**

Shirley Andrews, 2024-11-06 The mysterious civilizations of Lemuria and Atlantis become reality as Shirley Andrews the author of *Atlantis Insights From a Lost Civilization* combines details from scholars scientists and the respected psychic Edgar Cayce Her sober portrayal of disturbing parallels between the spiritual decay of Atlantis and our modern world and her reasonable explanations for the vivid dreams and past life memories recounted by numerous people about life on the lost lands enhance this fascinating book *The Book of the Wars of God* Scott Parrilla, 2023-04-18 Long ago in an ancient land a group of nomadic people without a land to call their own wished to gain passage through a land of bellicose nations known throughout history as the Moabites and Amorites To the very unfortunate peoples who happened upon the borders of these barbaric nations they would ultimately be cut off in battles waged against them until one dreadful day Emissaries were dispatched in the hopes of obtaining permission to pass through their land but instead war broke out and brought an end to those antagonistic nations The battle was fought on the East Side of the Amon River in what is now the land of Jordan Both the Moabites and the Amorites were no match for the nomads who had endured living in the wilderness and surrounding mountains for almost half century Those nomadic people also had possession of a very powerful book in which all of their victories were recorded The year in which the battle against the Moabites and Amorites was fought is recorded as 1290 BCE It is said that the book was given to them from on high and during battles their leader would simply hold the book up toward heaven and celestial beings would destroy their enemies It then became known throughout all the surrounding lands and nations that their God was a powerful being who fought on their behalf As centuries passed the use of the book became extinct and as a result a high priest set out to hide the book in various parts of the world so that no one person or nation could harness its power to be used against humanity In the event that the book was ever needed the high priest left clues and codes that once deciphered would lead to the various hiding places of each part of the book The world is now facing an enemy that has not been seen since times of old an enemy far more sinister than can be imagined by the human mind Now an epic world battle is nearing and without the book all will be lost This story starts simply It begins with the search for *The Book of the Wars of God* **South American Handbook** Daniel Austin, Ben Box, 2025-07-14 South America is a land of
