Lost Revolutionary John Reed:

The Lost Revolutionary Richard O'Connor, Dale L. Walker, 1967 **John Reed** Kenneth Z. Chutchian, 2019-10-22 John Reed was one of America's most dynamic journalists during the World War I decade. An unabashed advocate for the working class and an outspoken critic of capitalism, Reed was a star reporter before his relentless crusade turned him into a target of the U.S. government. Reed set the standard for descriptive writing at labor strikes in New Jersey and Colorado in Mexico while riding with Pancho Villa in Germany's trenches and in Russia. America had no shortage of rebels, socialists, anarchists, and revolutionaries at that time, but with his outsized personality and command of language and audiences, Reed may have been the most dangerous rebel of them all. Neither adversaries nor allies expected Reed to go the distance or to Russia with his convictions. He seemed to enjoy life and merriment too much to sacrifice everything for a second American revolution. But they all underestimated the anger that fueled him: the memory of a father who sacrificed his reputation to fight white collar crime. This career biography details Reed's extraordinary decade before his death at age 32, a chaotic period of constant movement and remarkable accomplishment while placing him in context among those who shaped him and touching upon the people with whom he worked. *Martyrs of the Early American Left* Robert C. Cottrell, 2023-04-12 Intertwining the stories of three leading early twentieth century radical Americans, this book presents the enthralling tale of the too short lives of Inez Milholland, Randolph Bourne, and John Reed. It highlights the movements and personal experiences that drew such privileged individuals to the American left, willing to sacrifice comfortable circumstances and opportunities. As writers and activists, the trio became leading spokespersons for feminism, sexual liberation, unions, civil liberties, pacifism, internationalism, socialism, anarchism, and in Reed's case, communism. Challenging capitalism, patriarchy, and the nation-state, the independently minded Milholland, Bourne, and Reed possessed a twofold commitment to personal liberation and community. With their early deaths, they left behind personal models for acting, living, and thinking afresh. One could say they became martyrs to the very movements they championed. *The Illusion of Ignorance* Janice Lee Jayes, 2011-02-16 *The Illusion of Ignorance* examines the cultural politics of the American encounter with Porfirian Mexico as a precursor and model for the twentieth century American encounter with the world. Detailed discussions of the logistics of conducting diplomacy, doing business, or traveling abroad in the era give readers a vivid picture of how Americans experienced this age of international expansion while contrasting Mexican and American visions of the changing relationship. In the end, Mexico's efforts to promote Mexico as a partner in progress with the U.S. was lost to an American illusion, schizophrenically divided between fantasies of American leadership toward and refuge from modernity. *The Illusion of Ignorance* argues that American ignorance of the experience of other nations is not so much a barrier to better understanding of the world but a strategy Americans have chosen to maintain their vision of the U.S. relationship with the world. **The Russian Revolution and Civil War 1917-1921** Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods

in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917-1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state
