Lukeacts Thirty Years Of Confrontation:

Luke-Acts Ernest Pennells,2003 This study breaks fresh ground for understanding Luke Acts with a series of propositions Luke s literary architecture reflects the style of rabbinic debate frequently visible in the Gospels Luke s birth narratives are a tour de force of bellicose nationalism that is countered rabbinic style by a portrayal of Jesus crucified and risen as God s Anointed John the Baptist was a priest who renounced his birthright because Yahweh had abandoned the Temple The mission of seventy was an overt political challenge to the Sanhedrin numbering seventy which is given shape by dominical discourses en route to Jerusalem Zacchaeus represents a festering cause c l bre His acceptance demonstrate that Jesus was not challenging Rome Jerusalem s temple becomes a focal point for controversy in Acts which is why Luke s Gospel starts and ends in that setting Stephen s diatribe against the leaders of Israel and their temple is the centrepiece of Acts Luke Acts argues that neither Jesus of Nazareth nor Saul of Tarsus challenged Rome The principal antagonists of John Jesus the disciples Stephen and Paul were corrupt leaders of Israel This innovative exposition of Luke s narrative is written for non specialists but draws heavily upon scholarly literature It challenges customary exegesis and questions the anti imperialist agenda which flavours many political readings of the Gospels because that diverts attention away from the root cause of oppression clearly identified by Jesus of Nazareth in Luke s Gospel as the same economic blight that remains a primary barrier to poverty alleviation in the modern world Acts (Baker Exegetical Commentary on the New Testament) Darrell L. Bock,2007-10-01 Respected New Testament scholar Darrell L Bock provides a substantive yet highly accessible commentary on Acts in this latest addition to the acclaimed BECNT series With extensive research and thoughtful chapter by chapter exegesis Bock leads readers through all aspects of the book of Acts sociological historical and theological His work blends academic depth with readability making it a useful tool for students teachers scholars and pastors alike A user friendly design with shaded text and translations of the Greek text make this commentary engaging and easy to use The result is a guide that clearly and meaningfully brings this important New Testament book to life for contemporary readers **The Monotheists: Jews, Christians, and Muslims in Conflict and Competition, Volume I** F. E. Peters,2009-04-11 The world s three great monotheistic religions have spent most of their historical careers in conflict or competition with each other And yet in fact they sprung from the same spiritual roots and have been nurtured in the same historical soil This book an extraordinarily comprehensive and approachable comparative introduction to these religions seeks not so much to demonstrate the truth of this thesis as to illustrate it Frank Peters one of the world s foremost experts on the monotheistic faiths takes Judaism Christianity and Islam and after briefly tracing the roots of each places them side by side to show both their similarities and their differences Volume I The Peoples of God tells the story of the foundation and formation of the three monotheistic communities of their visible historical presence Volume II The Words and Will of God is devoted to their inner life the spirit that animates and regulates them Peters takes us to where these religions live their scriptures laws

institutions and intentions how each seeks to worship God and achieve salvation and how they deal with their own orthodox and heterodox and with others the goyim the pagans the infidels Throughout he measures but never judges one religion against the other The prose is supple the method rigorous This is a remarkably cohesive informative and accessible narrative reflecting a lifetime of study by a single recognized authority in all three fields The Monotheists is a magisterial comparison for students and general readers as well as scholars of the parties to one of the most troubling issues of today the fierce sometimes productive and often destructive competition among the world's monotheists the siblings called Jews Christians and Muslims **Journal of Biblical Literature**, 1920 *Leadership and Lifestyle* Steve Walton, 2000-08-03 This study contributes to debate about the portraits of Paul in Acts and his epistles by considering Paul's Miletus speech Acts 20:18b-35 and identifies and compares major themes in Luke and Paul's views of Christian leadership Comparisons with Jesus' speeches in Luke show how Lukan the speech is and with 1 Thessalonians how Pauline it is The speech calls the Ephesian elders to service after Paul's departure to Jerusalem focusing on faithful fulfilment of leadership responsibility suffering attitudes to wealth and work and the death of Jesus Paul models Christian leadership for the elders Parallels in Luke highlight his view of Christian leadership modelled by Jesus and taught to his disciples and modelled by Paul and taught to the elders Study of 1 Thessalonians identifies a remarkably similar portrait of Christian leadership The Miletus speech is close in thought presentation and vocabulary to an early indubitably Pauline letter

Community-Forming Power Matthias Wenk,2004-12-10 In past years the controversy over Luke s concept of the Spirit has centred on the ethical dimension of his pneumatology Community Forming Power sets out to address the issue by assessing the Lukan writings in the light of evidence from Second Temple Judaism and in applying speech act theory to prophetic utterances Wenk argues that the Spirit s role in prophecy cannot be limited to the content of the prophetic speech stripping it artificially from the intention behind it He further argues that the anointed church continues the liberating work of the anointed messiah in embracing the marginalized and thus is instrumental in realizing good news for the poor

Jesus is the Christ: The Messianic Testimony of the Gospels Michael F Bird,2012-06-01 Explains the importance of the title and role of Messiah in each of the Gospels and argues that Christianity was a messianic movement rooted in its Jewish context Michael Bird engages the subject of the messianism of the four Gospels While the title and role of Messiah ascribed to Jesus in the Gospels has long been regarded as a late add on a fabricated claim or an insignificant feature Bird argues in contrast that the messianic claims are the most significant for the portrayal of Jesus

Acts of the Apostles Ronald J. Allen,2013-05-01 Acts of the Apostles helps the preacher identify possibilities for sermons based on texts and themes in the book of Acts While offering a basic exegetical framework for interpreting passages in Acts in their historical literary rhetorical and theological contexts this volume also suggests ways in which the preacher can relate passages and motifs from Acts to the congregation and world today It also is useful in classes that seek to link text and sermon and for congregational Bible study Throughout his commentary Ron Allen examines the relationship of Acts to the Gospel of Luke discussing parallel passages between the two volumes and observing how themes in the Gospel carry forward into Acts He notes how particular passages contribute to developing themes and to how the awareness of such a theme can contribute to the preacher s work with a particular passage

New Solutions of New Testament Problems Edgar Johnson Goodspeed,1927

The Encyclopedia of Christianity Erwin Fahlbusch,Geoffrey William Bromiley,1999 The Encyclopedia of Christianity is the first of a five volume English translation of the third revised edition of Evangelisches Kirchenlexikon Its German articles have been tailored to suit an English readership and articles of special interest to English readers have been

added The encyclopedia describes Christianity through its 2000 year history within a global context taking into account other religions and philosophies A special feature is the statistical information dispersed throughout the articles on the continents and over 170 countries Social and cultural coverage is given to such issues as racism genocide and armaments while historical content shows the development of biblical and apostolic traditions This comprehensive work while scholarly is intended for a wide audience and will set the standard for reference works on Christianity Outstanding reference sources 2000 American Libraries May 2000 Comp by the Reference Sources Committee RUSA ALA *Paul and the Politics of Difference* Jae Won Lee, 2014-08-22 Paul lies at the core of the constant debate about the opposition between Christianity and Judaism in biblical interpretation and public discourse as well The so called new perspective on Paul has not offered a significant break from the formidable paradigm of Christian universalism vs Jewish particularism in Pauline scholarship This book seeks to liberate Paul from the Western logic of identity and its dominant understanding of difference which tend to identify Pauline Christianity as its ally Drawing attention to the currency of discourses on difference in contemporary theories as well as in biblical studies the author critically examines the hermeneutical relevance of a contextual and relational understanding of difference and applies it to interpret the dynamics of Jew Gentile difference reflected particularly in meal practices Galatians 2 1 21 and Romans 14 1 15 13 of early Christian communities This book argues that by deconstructing the hierarchy of social relations underlying the Jew Gentile difference in different community situations Paul promotes a politics of difference which affirms a preferential option for the socially weak that is solidarity with the weak Paul s politics of difference is invoked as a liberative potential for the vision of egalitarian justice in the face of contemporary globalism s proliferation of differences Intergroup Conflict, Recategorization, and Identity Construction in Acts Hyun Ho Park, 2023-12-28 Hyun Ho Park employs social identity to create the first thorough analysis via such methodology of Acts 21 17 23 35 which contains one of the fiercest intergroup conflicts in Acts Park s assessment allows his readers to rethink reevaluate and reimagine Jewish Christian relations teaches them how to respond to the vicious cycle of slander labeling and violence permeating contemporary public and private spheres and presents a new hermeneutical cycle and describes how readers may apply it to their own sociopolitical contexts After surveying previous studies of the text Park first analyses Paul s welcome questioning and arrest and how slandering and labeling make Paul an outsider Park then describes how through defending his Jewish identity and the Way Paul nuances his public image and re categorizes himself and the Way as part of the people of God When Paul identifies himself as a Roman and later a Pharisee Park examines Luke s ambivalent attitude toward Rome and the Pharisees and assesses how Paul escapes dangerous situations by claiming different social identities at different times Finally he discloses the vicious cycle of slander labeling and violence not only against the Way but also against the Jews and challenges the discursive process of identity construction through intergroup conflict with an out group especially the proximate Other Furthermore he demonstrates how the relevance of such scholarship is not limited to Lukan

studies or even biblical studies in general the frequent use of slander labeling and violence in the politics of the United States and other polarized countries around the globe demands new ways of looking at intergroup relations and Park's argument meets the needs of those seeking a new perspective on contemporary political discord

Do The Resurrection Accounts Conflict? John Ankerberg, John Weldon, 2011-09-14 Are the New Testament documents reliable Who wrote them And when Do the Gospel writers contradict each other in describing the different places Jesus appeared to His disciples after the Resurrection Do they contradict one another in other areas How many women first came to the tomb on Easter morning How many angels appeared at the tomb One as Matthew states or two as Luke John recorded Do Mark Luke conflict in their reports about the disciples on the road to Emmaus Did the Resurrection appearances of Christ really happen or were they only hallucinations What compelling evidence exists that proves the Resurrection of Christ actually happened Is this evidence sufficient to convince skeptics those trained in law Chronos, Kairos, Christos Jerry Vardaman, Edwin M. Conflict Management and the Apostle Paul Scot McKnight, Greg Mamula, 2018-05-22 Churches often find themselves in the middle of conflict These conflicts can exist between people within the church between the leaders and congregation or even between churches themselves Leaders often turn to Scripture for guidance in resolving these conflicts However the Bible does not outline or even discuss conflict management In fact various biblical figures from ancient Israelite kings to New Testament apostles all uniquely approach conflict Does the Bible have a theory of conflict management In *Conflict Management and the Apostle Paul* the authors explore how Paul approached conflicts with his close associates like Barnabas and Peter and with his mission churches like those in Galatia and Corinth *Conflict Management and the Apostle Paul* distinctively sketches how various theories of conflict management used today shed light on Paul's own approaches to conflict while also evaluating the conflicts themselves The authors in this volume are pastors and church workers who themselves bring their own experiences with conflict into play as they seek wisdom from the New Testament
