can't afford a place to live or don't want to be found in one of the world's most famous cities. Corridors of sleeping areas are separated from communal food sections; heat and water allocated. It is the community of the water sewers, nearly three hundred miles of tunnels existing below Las Vegas. Attorney Shay Wilson has worked her way from a single wide trailer to UNLV where she graduated top of class, taking a job at the top trust and estates firm in town. One day she will open her own firm, one proudly displaying her name. But her dreams aren't forthcoming. New clients are taken by the law firm's female managing partner; her rent has increased and her pride prevents her from asking her surrogate father for money. Uncompromising, she returns to bartending a few nights a week at the hottest club in town; new clients follow as do designer clothes and a luxury apartment on the strip. Yet as her success increases, so does the number of lawyers dying in roadway accidents. Stolen goods, money laundering, and human trafficking are no longer jokes said at law school but real activities. Falling in love with a detective who believes she may be a suspect and avoiding a clothing executive convinced she is fencing his stolen products, she must keep her job, prove her innocence, and learn the truth before she becomes one more dead attorney.

Incarnation Sarah Gerdes, 2019-01-08 A FACELESS FUTURE Years ago, Kyle's parents fled Denver to live a life without governmental oversight in a small Colorado town. An athletic stand-out, Kyle has always thought there was nothing more in Ouray than hot springs for the tourists and basketball for him. His ticket for a way out and a bigger and better life. But when an old miner tells him about a room hidden within the caverns of an abandoned gold mine, Kyle is determined to see what he can find. What he discovers shocks him to the core: the identification for every US citizen, documenting their DNA and the face they should have been born with. In over his head, Kyle goes to the one person who might be able to help: a loner and a computer genius. Billy quickly figures out what the government has kept from everyone for decades. And it's a secret that might get them both killed. Book one in the Incarnation Series.
