Simons, 2001-12-18 What is the biggest problem most entrepreneurs face Raising money Without cash you can't get a
business off the ground or keep it running However many entrepreneurs have a problem On one hand the traditional sources
of financing family friends personal savings the local bank are often inadequate On the other the venture capitalists who have
played such an important role in the high tech industry are interested only in investing much higher sums than most
entrepreneurs need Enter angels a new type of investor looking to invest between 100 000 and 1 000 000 in a company

and provides a wealth of practical advice and insight for the countless entrepreneurs seeking help in their quest to find
investors for their businesses The book covers all phases of the process of finding angels and persuading them to invest
drawing on many examples of real world companies that have pitched angels successfully as well as unsuccessfully These
entrepreneurs are in a broad range of industries from high technology companies to more traditional businesses as diverse as
breweries and concierge services some quite well known like Nantucket Nectars and Preview Travel whose founders had
their own guardian angels For entrepreneurs who need money and advice on how to find it the authors offer enormous

Intimate Partner Violence in New Orleans Ashley Baggett,2017-10-13 Ashley Baggett uncovers the voices of abused women who utilized the legal system in New Orleans to address their grievances from the antebellum era to the end of the nineteenth century Poring over 26 000 records Baggett analyzes 421 criminal cases involving intimate partner violence physical or emotional abuse of a partner in a romantic relationship revealing a significant demand among women the community and the courts for reform in the postbellum decades Before the Civil War some challenges and limits to the male privilege of chastisement existed but the gendered power structure and the veil of privacy for families in the courts largely shielded abusers from criminal prosecution However the war upended gender expectations and increased female autonomy leading to the demand for and brief recognition of women s right to be free from violence Baggett demonstrates how postbellum decades offered a fleeting opportunity for change before the gender and racial expectations hardened with the rise of Jim Crow Her findings reveal previously unseen dimensions of women s lives both inside and outside legal marriage and women s attempts to renegotiate power in relationships Highlighting the lived experiences of these women Baggett tracks how gender race and location worked together to define and redefine gender expectations and legal rights Moreover she demonstrates recognition of women s legal personhood as well as differences between northern and southern states trajectories in response to intimate partner violence during the nineteenth century **Pennsylvania State Reports**
