Norman Rockwell, a Definitive Catalogue Laurie Norton Moffatt, Norman Rockwell, 1986 **Norman Rockwell** Laurie N. Moffatt, 1986 **Norman Rockwell, a Definitive Catalogue** Laurie Norton Moffatt, Norman Rockwell, 1986

Norman Rockwell Richard Halpern, 2006-10 Publisher description Norman Rockwell Laura Claridge, 2001-12-18 Norman Rockwell's tremendously successful prolific career as a painter and illustrator has rendered him a twentieth century American icon. However, the very popularity and accessibility of his idealized nostalgic depictions of middleclass life have caused him to be considered not a serious artist but a mere illustrator, a disparagement only reinforced by the hundreds of memorable covers he drew for *The Sunday Evening Post*. Symptomatic of critics' neglect is the fact that Rockwell has never before been the subject of a serious critical biography. Based on private family archives and interviews and published to coincide with a major two year travelling retrospective of his work, this book reveals for the first time the driven workaholic who had three complicated marriages and was a distant father, so different from the loving all American dad image widely held to this day. Critically acclaimed author Laura Claridge also breaks new ground with her reappraisal of Rockwell's art, arguing that despite his popular sentimental style, his artistry was masterful, complex and far more manipulative than people realize. **Catalogues of Sales** Sotheby's (Firm), 1991-03-20 **Fine Paintings, Sculpture, Photography and**

Illustrations Don Manguis, 2005 **Art Books** Wolfgang M. Freitag, 2013-10-28 First published in 1997, for this second edition of *Art Books: A Basic Bibliography of Monographs on Artists*, the vast number of new books published since 1985 was surveyed and evaluated. This has resulted in the selection of 3,395 additional titles. These selections, reflective of the increase in the monographic literature on artists during the last ten years, are evidence of the activities of a larger number of art historians in more countries worldwide, of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically, and also of a lively international art market and the attendant gallery activities. The selections of the first edition have been reviewed, errors have been corrected, and important new editions and reprints have been noted. The second edition contains 278 names of artists not represented in the first edition. **Norman Rockwell** Maureen Hart Hennessey, Norman Rockwell, Anne Classen Knutson, 1999 On the life and paintings of Norman Rockwell

Kitch, 2001 From the Gibson Girl to the flapper, from the vamp to the New Woman, Carolyn Kitch traces mass media images of women to their historical roots on magazine covers, unveiling the origins of gender stereotypes in early twentieth century American culture. **Norman Rockwell: Behind the Camera** Ron Schick, 2009-10-22 An unprecedented study of Norman Rockwell's creative process, pairing masterworks of American illustration with the photographs that inspired their execution.
