for Shelleyan Ideas in Victorian Literature *The Poems of Browning: Volume One* John Woolford, Daniel Karlin, 2014-06-11

The Poems of Browning is the first collected edition to be based on the earliest printed texts and to present these texts in order of their composition Together volumes I and II provide an authoritative and accessible tribute to this great poet Volume I 1826 1840 traces Browning's career up to the writing of Sordello It includes his only surviving juvenilia The Dance of Death and The First Borm of Egypt Pauline his first anonymous publication and Paracelsus the poem which made his literary reputation *The Poetry of Robert Browning* Britta Martens, 2016-01-01 Robert Browning's pre eminent status amongst Victorian poets has endured despite the recent broadening of the literary canon He is the main practitioner of the period's most important poetic genre the dramatic monologue while his engagement with many aspects of nineteenth century culture makes him a key figure in the wider field of Victorian studies This stimulating introduction to Browning criticism provides an overview of the major responses to the poet's work over the last two hundred years It offers an insightful guide to criticism from various theoretical perspectives elucidating Browning's participation in Victorian debates about aesthetics history politics religion gender and psychology **Browning's Beginnings** Herbert F. Tucker Jr., 1980-12-31 Browning's Beginnings was first published in 1980 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions Browning's Beginnings offers a fresh approach to the poet who among major Victorians has proved at once the most congenial and most inscrutable to modern readers Drawing on recent developments in literary theory and in the criticism of romantic poetry Herbert F Tucker Jr argues that Browning's stylistic obscurity is the result of a principled poetics of evasion This art of disclosure in deferring formal and semantic finalities constitutes an aesthetic counterpart to his open ended moral philosophy of incompleteness Browning's poems like his enormously productive career find their motivation and sustenance in his optimistic love of the future a love that is indistinguishable from his lifelong fear that there will be nothing left to say The opening chapters trace the workings of Browning's art of disclosure with extensive and original interpretations of the unduly neglected early poems Pauline Paracelsus and Sordello and place special emphasis on Browning's attitudes toward poetic tradition and language A chapter on Browning's attitudes toward poetic tradition and language A chapter on Browning's plays identifies dynamics of representation in Pippa Passes Strafford and King Victor and King Charles Tucker discusses the pervasive analogy between Browning's ideas about poetic representation and about representation in its erotic and religious aspects and shows how the early poems and plays illustrate correlative developments in poetics and in the exploration and dramatic rendering of human psychology The remaining chapters follow the poetic psychology of Browning to its culmination in the great poems of his middle years exemplary readings of selected dramatic lyrics and monologues suggest that the ways of meaning in Browning's mature work variously bear out the sense of endlessness or perpetual initiation that is central to his poetic beginnings Tucker thus contends that the romantic and the Victorian Browning have more in common than is

generally supposed and his book should appeal to students of both periods Its discussion of general literary issues poetic influence closure representation and meaning in application to particular texts should further recommend Browning s Beginnings to the nonspecialist reader interested in poetry and poetic theory **Browning, Victorian Poetics and the Romantic Legacy** Dr Britta Martens,2013-05-28 Taking an original approach to Robert Browning s poetics Britta Martens focuses on a corpus of relatively neglected poems in Browning s own voice in which he reflects on his poetry his self conceptualization and his place in the poetic tradition She analyzes his work in relation to Romanticism Victorian reactions to the Romantic legacy and wider nineteenth century changes in poetic taste to argue that in these poems as in his more frequently studied dramatic monologues Browning deploys varied dramatic methods of self representation often critically and ironically exposing the biases and limitations of the seemingly authoritative speaker Browning The poems thus become devices for Browning s detached evaluation of his own and of others poetics an evaluation never fully explicit but presented with elusive economy for the astute reader to interpret The confrontation between the personal authorial voice and the dramatic voice in these poems provides revealing insights into the poet s highly self conscious conflicted and sustained engagement with the Romantic tradition and the diversely challenging reader expectations that he faces in a post Romantic age As the Victorian most rigorous in his rejection of Romantic self expression Browning is a key transitional figure between the sharply antagonistic periods of Romanticism and Modernism He is also as Martens persuasively demonstrates a poet of complex contradictions and an illuminating case study for addressing the perennial issues of voice authorial authority and self reference *A Literary History of England Vol. 4* A Baugh,2004-06-02 First published in 1959 The scope of this four volume work makes it valuable as a work of reference connecting one period with another and placing each author clearly in the setting of his time This is the fourth volume and includes the Nineteenth Century and after 1789 1939 Varieties of Victorianism Gary Day,1998-11-12 The essays collected here all take issue with the claim that the Victorian period is the antithesis of our own They show how characteristic postmodern anxieties and celebrations concerning truth certainty and identity informed Victorian culture at all levels Covering everything from attitudes to drink to the poetry of Browning from the Great Exhibition to the Elephant Man this volume shows not only how the Victorians coped with these challenges but also what lessons they have for us today English Poetry and Prose of the Romantic Movement George Benjamin Woods,1916 **Publications of the Modern Language Association of America** Modern Language Association of America,1925 Vols for 1921 1969 include annual bibliography called 1921 1955 American bibliography 1956 1963 Annual bibliography 1964 1968 MLA international bibliography
