**The Cross and the Emperor** Gregory A Sweeting, 2017-06-20 This historical novel purports to take place shortly after the crucifixion of Jesus Christ by Pontius Pilate the Roman Governor of Judea somewhere around 33 AD after Jesus had sent His disciples into the world He instructed them to preach the Good News of Salvation to everyone they met Dedicated and sincere men and women rose to the occasion and often at great risk to themselves took the Gospel all over the Roman world Drawing liberally from British folklore actual historical legend and using some of the familiar names from The Bible this story suggests one way that God might have ensured that the Gospel was brought to Wales and its people As in any good novel there are heroes and adversaries which weave the threads of the story together The Welsh warrior Caradog ap Bran is our hero It is imagined that he might have been joined by a couple of familiar people from the Biblical record to bring the Good News to Wales Interposing an element of the supernatural into the story adds a layer of intrigue to the novel and proposes that we have been in an invisible spiritual battle ever since Time began It is my prayer that The Spirit of God will then take the seed that has been planted though this story of fiction sprinkled with doses of reality and use it for His glory creating in the reader an interest to find out more from the Source and The Message of the Holy Bible

the Hugos is a book about the renowned science fiction award for the many who enjoyed Jo Walton's previous collection of writing from Tor.com the Locus Award winning *What Makes This Book So Great*. The Hugo Awards named after pioneer science fiction publisher Hugo Gernsback and voted on by members of the World Science Fiction Society have been presented since 1953. They are widely considered the most prestigious awards in science fiction. Between 2010 and 2013 Jo Walton wrote a series of posts for Tor.com surveying the Hugo finalists and winners from the award's inception up to the year 2000. Her contention was that each year's full set of finalists generally tells a meaningful story about the state of science fiction at that time. Walton's cheerfully opinionated and vastly well informed posts provoked valuable conversation among the field's historians. Now these posts lightly revised have been gathered into this book along with a small selection of the comments posted by SF luminaries such as Rich Horton, Gardner Dozois and David G. Hartwell. A remarkable guided tour through the field, a kind of nonfiction companion to *Among Others*. It's very good. It's great.
