Weber, 1990-01-01 Macroeconomics Robert Ernest Hall, 2010 Macroeconomics Robert Ernest Hall, Marc Lieberman, Jeffrey Phillips, 2003 Macroeconomics Principles, Applications and Policy Implications (Preliminary Edition) Nurul Samiul Aman, 2018-12-31 Reintroducing Macroeconomics Steven Mark Cohn, 2015-01-28 This lively introduction to heterodox economics provides a balanced critique of the standard introductory macroeconomic curriculum In clear and accessible prose it explains many of the key principles that underlie a variety of alternative theoretical perspectives including institutionalist economics radical economics Post Keynesian economics feminist economics ecological economics Marxist economics social economics and socioeconomics Because the book's structure parallels the chapters and subject matter presented in a typical introductory macroeconomics textbook Reintroducing Macroeconomics provides readers with a running commentary on the standard approach while simultaneously introducing them to a broader range of ideas about the causes and appropriate policy responses to a wide range of common economic problems Although designed primarily as a companion volume for students in introductory economics courses the book can also be used effectively for more targeted applications that highlight a particular economic issue or approach It will be of particular interest to students in related disciplines such as American Studies anthropology black studies environmental studies gender studies history political science and sociology who may be required to take introductory economics classes and who are interested in gaining an alternative perspective By demonstrating the vitality and common ground underlying a broad spectrum of heterodox approaches Reintroducing Macroeconomics brings alternative perspectives into the classroom in an accessible way that empowers students to think about the economy in new and exciting ways The text includes end of chapter study questions as

well as a detailed note to instructors **Economics Alive! Macroeconomics Principles and Applications** R. Cebula,1998 Consumer Consciousness: Turning Your Credit Into An Asset , Keynes and Macroeconomics After 70 Years L. Randall Wray,Mathew Forstater,2009-01-01 The book is strongly recommended for those interested in the continuing reception of Keynes s thinking John B Davis EH NET In this substantial new collection esteemed Post Keynesian scholars reassess the relevance of Keynes s The General Theory to a broad array of topic areas ranging from the environment investment finance exchange rates and socialism as well as inquiries into general Post Keynesian theory In response to the current economic crisis many people looking for new solutions are excitedly re discovering the Post Keynesian tradition of money modeling and theory This book offers a broad array of recent Post Keynesian scholarship providing a good contextual understanding of the current state of the field from which innovative money solutions are springing Topics covered here include Keynes and heterodox economics the founding fathers of Post Keynesian economics Keynesian models Keynesian policy and the modern development and extensions of Keynesian economics Academics and practitioners eager for a solid heterodox approach to economics and money theory the environment finance and political science will find the book an invaluable addition to their collection **Managerial Uses of Accounting Information** Joel Demski,2008-05-29 The second edition reflects Dr Demski s experience teaching to undergraduates masters and doctoral students He emphasizes economic fundamentals as the guiding foundation coupled with an artful application of those fundamentals This applies to product costing decision making and evaluation art Dr Demski also removed a great deal of traditional minutiae in order to keep this theme in constant focus This thematic approach in his experience works in dramatic fashion and stands in sharp contrast to more traditional presentations of this material *India Macroeconomics Annual 2007* Sugata Marjit,2008-05-01 The ongoing focus of this Annual will be to analyse macroeconomic events in contemporary India using macroeconomic and statistical tools While one part of the Annual will be devoted to macroeconomic issues the other part will carry academic research papers encompassing a wide range of topics such as labour fiscal issues banking and finance international trade econometrics computational and mathematical methods The focus of this section will be on problems affecting the economy in general and will take a broader view of topics relevant to developing countries **Agrarian Change and Crisis in Europe, 1200-1500** Harilaos Kitsikopoulos,2012-03-15 Agrarian Change and Crisis in Europe 1200 1500 addresses one of the classic subjects on economic history the process of aggregate economic growth and the crisis that engulfed the European continent during the late Middle Ages This was not an ordinary crisis During the period 1200 1500 Europe witnessed endemic episodes of famine and a wave of plague epidemics that amounted to one of its worst health crises rivaled only by the Justinian plague in the sixth century These challenges called into question the production of goods and services and the distribution of wealth opening the possibility of fundamental systemic change This book offers an empirical synthesis on a host of economic demographic and technological developments which characterized the period 1200 1500 It covers virtually

the entire continent and places equal emphasis both on providing a solid factual framework and comparing and contrasting various theoretical interpretations The broad geographical and conceptual scope of the book renders it indispensable not only for undergraduate students who take courses relating to the economic and social life of the Middle Ages but also to more advanced scholars who often specialize in only one country or region

A Disciplinary Blueprint for the Assessment of Information Literacy Dorothy Anne Warner, 2008-06-30 Have you ever worried that literature on library instruction deals more with methods of assessing student attitude than student learning If so you'll be glad to know someone is doing something about it Eight unique disciplinary modules are presented each identifying a series of information literacy objectives developed in accordance with Bloom's Taxonomy of Cognitive Objectives A substantive curriculum map embedded within each module lists the sequence of courses required for the disciplinary major and the level at which the course is taught sophomore junior etc notes whether information literacy instruction is currently taught by the library for that particular course and delineates the specific information literacy learning objectives the students must master in order to fulfill the course assignments Collaborative responsibility for teaching the information literacy skills is also outlined with specific recommendations for ways the library can strengthen its support for the specific discipline In addition assessment methodologies are identified including scoring rubrics designed specifically for the disciplinary information literacy objectives An indispensable resource for academic librarians ready to take the leap from episodic reactive response to programmatic sequenced integration into the curriculum

Textbooks in Academic Libraries Chris Diaz, 2018-12-03 Shortly after the syllabi are posted and long before the beginning of the term interlibrary loan departments at academic libraries will have filled or rejected innumerable textbook requests While it would be unwise if not impossible to buy and circulate every textbook at a college or university there are many academic libraries who are selectively adding textbooks to their collections And the practice seems to be gaining momentum In this volume the Association for Library Collections and Technical Services ALCTS and editor Chris Diaz gather case studies that pull together creative approaches and best practices for print textbook reserve programs This book discusses such topics as results and analysis from a detailed survey of a state university's core course textbook reserve program funding sources for starting or piloting a program using aggregated enrollment grade and textbook cost data to identify high impact courses identifying course related books that are in the library's collection or fit an existing collection policy workflow for using bookstore data with ILS and purchasing systems and using LibGuides and Google Sheets to publicize textbook holdings and how a back end database supports discovery for students and reporting for reserves staff A textbook reserve program can be one way of helping students who are struggling with the high cost of textbooks and this book spotlights a variety of examples that can be used as models
