Fiona Morrison

Maryland Wits And Baltimore Bards:

Maryland Wits and Baltimore Bards Frank R. Shivers, 1998-01-29 In the first comprehensive literary history of Baltimore and Maryland Frank R Shivers Jr explores the region's long overlooked but substantial contribution to American letters In picture and story Shivers's lively account ranges from the colonial satire of Ebenezer Cook to the national anthem of Francis Scott Key to the acclaimed works of Poe Mencken Fitzgerald and more 48 illustrations **Maryland Wits &**

Baltimore Bards Frank R. Shivers, 1985 In the first comprehensive literary history of Baltimore and Maryland Frank R Shivers Jr explores the region's long overlooked but substantial contribution to American letters In picture and story Shivers's lively account ranges from the colonial satire of Ebenezer Cook to the national anthem of Francis Scott Key to the acclaimed works of Poe Mencken Fitzgerald and more 48 illustrations **Edgar Allan Poe's Baltimore** David F.

Gaylin, 2015-06-29 Edgar Allan Poe wrote his great works while living in several cities on the East Coast of the United States but Baltimore's claim to him is special His ancestors settled in the burgeoning town on the Chesapeake during the 18th century and it was in Baltimore that he found refuge when his foster family in Virginia shut him out Most importantly it was here that he was first paid for his literary work If Baltimore discovered Poe it also has the inglorious honor of being the place that destroyed him On October 7 1849 he died in this city then known as Mob Town Edgar Allan Poe's Baltimore is the first book to explore the poet's life in this port city and in the quaint little house on Amity Street where he once wrote

Encyclopedia of Maryland Nancy Capace, 1999-01-01 Gathers information about Maryland's geography history government and constitution and identifies modern and historic places throughout the state *A History Lover's Guide to Baltimore* Brennen Jensen, Tom Chalkley, 2021-05-31 Neither southern nor northern Baltimore has charted its own course through the American experience The spires of the nation's first cathedral rose into its sky and the first blood of the Civil War fell on its streets Here enslaved Frederick Douglass toiled before fleeing to freedom and Billie Holiday learned to sing Baltimore's clippers plied the seven seas while its pioneering railroads opened the prairie West The city that birthed The Star Spangled Banner also gave us Babe Ruth and the bottle cap This guide navigates nearly three hundred years of colorful history from Johns Hopkins's earnest philanthropy to the raucous camp of John Waters and from modest row houses to the marbled mansions of the Gilded Age Let local authors Brennen Jensen and Tom Chalkley introduce you to Mencken's ancient and solid city *The Architecture of Baltimore* Mary Ellen Hayward, Frank R. Shivers, 2004 Romantic stylings follow excursions into the Greek and Gothic Revivals the rise of the popular Italianate mode for town and country houses fine examples of soaring church spires public spaces like the Peabody Library and masterpieces of ornamented dignity

Wicked Baltimore Lauren R. Silberman, 2011-09-09 Detailing the salacious history of Baltimore and its denizens from the city's earliest history up to and through Prohibition With nicknames such as Mob Town and Syphilis City no one would deny that Baltimore has its dark side Before shows such as *The Wire* and *Homicide: Life on the Streets* brought the city's

crime rate to national attention locals entertained themselves with rumors surrounding the mysterious death of writer Edgar Allan Poe and stories about Zelda Fitzgerald wife of author F Scott Fitzgerald who spent time in a Baltimore area sanitarium in the 1930s Tourists make the Inner Harbor one of the most traveled areas in the country but if they would venture a few streets north to The Block on Baltimore Street they would see an area once famous for its burlesque shows It is only the locals who would know to continue north on St Paul to the Owl Bar a former speakeasy that still proudly displays some of its Prohibition era paraphernalia

Did They Rest in Peace? Joseph William Lewis Jr. M.D.,2018-10-18 Ashes to ashes dust to dust By what miracle can an assortment of seemingly unrelated particles come together and correctly assemble to form a human being Amazingly once aggregated these atoms molecules and compounds manage to interact reasonably coherently during our lives but seek to return to their dusty state when death occurs Of the billions of our species who have existed on earth over the millennia most have quietly and inexorably returned to ashes and dust when their term of life expired This book tracks some of the misadventures of selected corpses including burials that went awry to body snatching exhumations human relic collection and assorted desecrations Over the years it seems that a remarkable number of bodies have failed to enjoy the admonition to Rest in Peace Whether these aberrations in the burial process have disturbed the afterlife of the departed everyone is dying to discover the answer

Gerald W. Johnson Vincent Fitzpatrick,2002 Fitzpatrick analyzes Johnson s commentary on the Scopes trial denunciation of the Ku Klux Klan defense of President Franklin Roosevelt s New Deal criticism of Senator Joseph McCarthy and battles with the Republican Party during President Eisenhower s two terms He was to borrow his own phrase a disturber of the peace

Christina Stead and the Matter of America Fiona Morrison,2019-10-01 Although Christina Stead is best known for the mid century masterpiece set in Washington D C and Baltimore *The Man Who Loved Children* it was not her only work about the America Five of Christina Stead s mid career novels deal with the United States capturing and critiquing American life with characteristic sharpness and originality In this examination of Stead s American work Fiona Morrison explores Stead s profound engagement with American politics and culture and their influence on her restlessly experimental style Through the turbulent political and artistic debates of the 1930s the Second World War and the emergence of McCarthyism the matter of America provoked Stead to continue to create new ways of writing about politics gender and modernity This is the first critical study to focus on Stead s time in America and its influence on her writing Morrison argues compellingly that Stead s American novels reveal the work of the greatest political woman writer of the mid twentieth century and that Stead s account of American ideology and national identity remains extraordinarily prescient even today

Maryland ,1986 *H.L. Mencken* Vincent Fitzpatrick,2004 Over a career that spanned half of a century Henry Louis Mencken published more than 10 million words More than a million were written about him many of which Mencken liked to remark were highly condemnatory He was called with good reason the most powerful private citizen in America during the 1920s This lively introduction to Mencken s life and work begins with a

concise biographical portrait before proceeding to a consideration of the five major periods of the renowned Baltimorean's career: his literary apprenticeship, the growth of his national reputation, his fame and unprecedented popularity during the 1920s when college students would flash the Paris green cover of the *American Mercury* as a badge of sophistication, the decline of his reputation during the Depression and his renewed popularity during the 1940s with the publication of his autobiographical trilogy *The Days*. In discussing this varied career, Vincent Fitzpatrick touches upon all the roles that Mencken played: journalist, editor, redoubtable critic of literature, culture, and politics, philologist, and autobiographer. Drawing upon Mencken's extensive correspondence of more than 100,000 letters, the book stresses his unflagging belief in the need for free speech up to the limits of common decency. Indeed, in the end, Mencken proved a significant American civil libertarian. Iconoclast, critic, satirist, individualist, H. L. Mencken offered unique insights into American life. His lifelong celebration of the freedom to dissent marks his most enduring contribution to a nation that gave him such a wealth of material and so much delight.

New Essays on the African American Novel L. King, Linda F. Selzer, 2016-04-30 This collection contributes to scholarly discussions about the African American novel as a literary form. Essays respond to the general question: what has been the impact of the African American vernacular tradition, from the spirituals, blues, gospel, and jazz to hip hop, on the structure and style of the modern African American novel.

Upton Sinclair Lauren Coodley, 2020-04-01 Had Upton Sinclair not written a single book after *The Jungle*, he would still be famous. But Sinclair was a mere twenty-five years old when he wrote *The Jungle*, and over the next sixty-five years he wrote nearly eighty more books and won a Pulitzer Prize for fiction. He was also a filmmaker, labor activist, women's rights advocate, and health pioneer on a grand scale. This new biography of Sinclair underscores his place in the American story as a social, political, and cultural force: a man who more than any other disrupted and documented his era in the name of social justice. Upton Sinclair: California Socialist Celebrity Intellectual shows us Sinclair engaged in one cause after another, some surprisingly relevant today: the Sacco-Vanzetti trial, the depredations of the oil industry, the wrongful imprisonment of the Wobblies, and the perils of unchecked capitalism and concentrated media. Throughout, Lauren Coodley provides a new perspective for looking at Sinclair's prodigiously productive life. Coodley's book reveals a consistent streak of feminism both in Sinclair's relationships with women, wives, friends, and activists, and in his interest in issues of housework and childcare, temperance, and diet. This biography will forever alter our picture of this complicated, unconventional, often controversial man whose whole life was dedicated to helping people understand how society was run by whom and for whom.

Studies in Etymology and Etiology David L. Gold, 2009 Dictionaries usually give only brief treatment to etymologies, and even etymological dictionaries often do not lavish on them the attention which many deserve. To help fill the gap, the author deals in depth with several etymologically problematic words in various Germanic, Jewish, Romance, and Slavic languages, all of which have hitherto either been misetymologized or not etymologized at all. Sometimes he succeeds in cracking the nut. Sometimes he is able only to clear away misunderstanding and set the stage.

for further treatment Usually he marshals not only linguistic but also historical and cultural information Since this book also discusses methodology it has the makings of an introduction to the science art and craft of etymology David L Gold is the founder of the Jewish Name and Family Name File the Jewish English Archives and the Association for the Study of Jewish Languages as well as the editor of Jewish Language Review and Jewish Linguistic Studies

Whitman's Drift Matt Cohen,2017-07-01 The American nineteenth century witnessed a media explosion unprecedented in human history New communications technologies seemed to be everywhere offering opportunities and threats that seem powerfully familiar to us as we experience today s digital revolution Walt Whitman s poetry reveled in the potentials of his time See the many cylinder d steam printing press he wrote See the electric telegraph stretching across the Continent from the Western Sea to Manhattan Still as the budding poet learned books neither sell themselves nor move themselves without an efficient set of connections to get books to readers the democratic media saturated future Whitman imagined would have remained warehoused Whitman s works sometimes ran through the many cylinder d steam printing press and were carried in bulk on the strong and quick locomotive Yet during his career his publications did not follow a progressive path toward mass production and distribution Even at the end of his life in the 1890s as his fame was growing the poet was selling copies of his latest works by hand to visitors at his small house in Camden New Jersey Mass media and centralization were only one part of the rich media world that Whitman embraced Whitman s Drift asks how the many options for distributing books and newspapers shaped the way writers wrote and readers read Writers like Whitman spoke to the imagination inspired by media transformations by calling attention to connectedness to how literature not only moves us emotionally but moves around in the world among people and places Studying that literature and how it circulated can help us understand not just how to read Whitman s works and times but how to understand what is happening to our imaginations now in the midst of the twenty first century media explosion

The Companion to Southern Literature Joseph M. Flora,Lucinda Hardwick MacKethan,2001-11-01 Selected as an Outstanding Academic Title by Choice Selected as an Outstanding Reference Source by the Reference and User Services Association of the American Library Association There are many anthologies of southern literature but this is the first companion Neither a survey of masterpieces nor a biographical sourcebook The Companion to Southern Literature treats every conceivable topic found in southern writing from the pre Columbian era to the present referencing specific works of all periods and genres Top scholars in their fields offer original definitions and examples of the concepts they know best identifying the themes burning issues historical personalities beloved icons and common or uncommon stereotypes that have shaped the most significant regional literature in memory Read the copious offerings straight through in alphabetical order Ancestor Worship Blue Collar Literature Caves or skip randomly at whim Guilt The Grotesque William Jefferson Clinton Whatever approach you take The Companion s authority scope and variety in tone and interpretation will prove a boon and a delight Explored here are literary embodiments of the Old South New South Solid
