Maya Figurines Christina T. Halperin,2014-05-01 Rather than view the contours of Late Classic Maya social life solely from towering temple pyramids or elite sculptural forms this book considers a suite of small anthropomorphic zoomorphic and supernatural figurative remains excavated from household refuse deposits Maya Figurines examines these often neglected objects and uses them to draw out relationships between the Maya state and its subjects These figurines provide a unique perspective for understanding Maya social and political relations Christina T Halperin argues that state politics work on the microscale of everyday routines localized rituals and small scale representations Her comprehensive study brings together archeology anthropology and art history with theories of material culture performance political economy ritual humor and mimesis to make a fascinating case for the role politics plays in daily life What she finds is that by comparing small scale figurines with state sponsored often large scale iconography and elite material culture one can understand how different social realms relate to and represent one another In Maya Figurines Halperin compares objects from diverse households archeological sites and regions focusing especially on figurines from Pet n Guatemala and comparing them to material culture from Belize the northern highlands of Guatemala the Usumacinta River the Campeche coastal area and Mesoamerican sites outside the Maya zone Ultimately she argues ordinary objects are not simply passive backdrops for important social and political phenomena Instead they function as significant mechanisms through which power and social life are intertwined **Preservation of Petroglyphs in Albuquerque, New Mexico** United States. Newbegin, 2011-04-21 Genesis Your Journey Home is a groundbreaking book that goes far beyond the usual levels of biblical interpretations and the ideas taught by religion that are difficult to understand It bypasses word definition root studies historical explanations and the ideas taught by religion that are difficult to understand but are important This book examines the first twenty five chapters verse by verse exploring and revealing the deeper metaphysical beyond the literal meaning of the text Most people know that there are multiple levels of truth contained within the Bible but until now none have brought forth the ultimate Truth hidden within the mundane semi historical writings Rather than creating new doctrines this book gently peels back ALL levels of dogmatic views to reveal the true core essence of God humanity and the nature of reality Deep within the ancient biblical text is found the true story record of creation the reason for our very existence and the history of All That IS This book is for those that are searching for authenticity purpose and a sense that truth lies somewhere beyond religious teachings but who are reluctant to discard the inherent value of scripture This book brings comfort personal empowerment a new understanding of God and fosters a renewed sense of responsibility for life It is a book whose time has come at last as it brings humanity to a deeper understanding of God and a realization of their ultimate purpose **Dragon Beneath the Purple and Scarlet Mask** Edward O'Neal Bowen, 2025-01-28 Something in our world has gone terribly awry leaving many wondering what on earth is going on The fact is over recent decades as the world slept spiritually a subtle metaphysical shift has taken place in societies spanning the globe altering both human and planetary behavior This paradigm shift has left in its wake a planet in peril filled with hostility volatility excessive

immorality and erratic weather patterns disrupting even the current world order Across the globe we now witness a pervasive godless culture of idolatry materialism human greed incivility senseless violence wars tribalism gender inequality racial disparity and political correctness These have all but stifled civil discourse thereby accelerating the systematic deterioration of traditional cultural and social norms Toss in a volatile global economy along with corrupt human institutions of church and state and what we have left is a world system of operation teetering on the brink of catastrophic collapse What we are now experiencing is a prophesied process of social moral political planetary and socio economic disorder With every spinning news cycle we are given a constant sobering reminder of Earth s new reality and an eschatological foretaste of that which now emerges before our very eyes Perhaps you too have sensed this radical sea change in today s uncertain and ever evolving world Certainly you are not alone in this observation For most people today s world is but a mere shadow of the place we experienced as children and were hoping to be a part of as adults Suffice it to say our world is currently undergoing a major transformation a rebirth of sorts as it makes ready for the prophesied inauguration and global occupation of Earth s final despot ruler the prince of darkness himself called the Antichrist So what does this all mean for today s world Where does one turn for credible answers and helpful instruction In a world filled with mendacity truth is oftentimes lost in a world of spin making it difficult if not altogether impossible to differentiate between what s real and what s not Yet if truth is what you seek then Dragon Beneath the Purple and Scarlet Mask was written specifically with you in mind Come now and learn the truth behind the unprecedented and unpredictable times in which we now live Indeed you are most blessed For many prophets and righteous people from ancient times desired to see what your eyes are about to see and did not see it and to hear what your ears are about to hear and did not hear it
