Master Spy The Story Of Kim Philby:

The Master Spy Phillip Knightley,1990 In the bestselling tradition of *Spy Catcher* *The Master Spy* recounts the entire Kim Philby story as revealed to the only Western journalist Philby trusted **Kim Philby** Tim Milne,2014 Published for the first time the full account of Britain's most notorious Cold War villain The Philby Files Genrikh Aviezerovich Borovik,1994 Based on interviews with Kim Philby and access to his KGB files a noted journalist offers an intricate portrait of the Cold War's most notorious Soviet spy *Bulletin of the Atomic Scientists* ,1989-11 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world Philby Phillip Knightley,1988 A Spy Among Friends Ben Macintyre,2014-01-01 From bestselling author Ben Macintyre the true untold story of history's most famous traitor *Cold War Spymaster* Nigel West,2019-02-20 The postwar era as seen by a master of counterespionage with an insight into his professional downfall Guy Liddell was the director of MI5's counterespionage B Division throughout the Second World War during which he wrote a confidential personal diary detailing virtually every important event with intelligence significance Those recently declassified diaries which were edited by Nigel West have now been followed by a postwar series which covers the period from the German surrender until Liddell's sudden resignation in May 1953 These eight years contain many disturbing secrets such as the cache of incriminating Nazi documents which was supposed to be destroyed by the SS When these were recovered intact the British government went to considerable lengths to keep them from being disclosed for they provided proof of the Duke of Windsor's contact through a Portuguese intermediary with the enemy during the crucial period in 1940 when the ex king declared himself ready to fly back from the Bahamas and be restored to the throne One of Liddell's first tasks at the request of Buckingham Palace was to retrieve and suppress the damaging material Liddell's diaries were never intended for publication and are filled with indiscretions that shed new light on MI5 investigations he supervised after his promotion to deputy director general In addition to such behind the scenes stories this book includes details about the end of Liddell's career and the mistakes that led to it Despite Liddell's manifest failings and his reluctance to believe in the disloyalty of men he regarded as friends he was probably the single most influential British intelligence officer of his era Nigel West's information is often so precise that many people believe he is the unofficial historian of the secret services *The Sunday Times* **The Philby Files** Genrikh Borovik,1995-09-07 Based on information culled from KGB files and from the spy himself this book's coverage ranges from Kim Philby's recruitment at Cambridge to his involvement in a plot to assassinate Franco and from the KGB's doubts about his loyalty to details of espionage trade craft *The Albanian Operation of the CIA and MI6, 1949-1953* Nicholas Bethell,2016-03-01 The Albanian Operation carried out by British and American secret services from 1949 to 1953 was one of the first Western attempts to subvert a country behind the Iron Curtain The British liaison officer for the project in Washington was Kim Philby a Soviet

double agent who sabotaged the whole venture In all about 300 agents and civilians are thought to have been killed in the disastrous operation The story was first pieced together by Nicholas Bethell in his 1984 book *The Great Betrayal The Untold Story of Kim Philby's Biggest Coup* based on interviews and conversations with British and American officials and Albanian fighters who infiltrated the Stalinist Albanian regime and escaped alive The present work presents the interviews and throws new light on what actually took place

The Blunt Affair Jonathan Bolton, 2020-12-15 The case of the Cambridge spies has long captured the public's attention but perhaps never more so than in the wake of Anthony Blunt's exposure as the fourth man in November 1979 With the Cold War intensifying patriotism running high during the Falklands War and the AIDS crisis leading to widespread homophobia these notorious traitors were more relevant than ever This book explores how they were depicted in literature television and film throughout the 1980s Examining works by an array of distinguished writers including Dennis Potter Alan Bennett Tom Stoppard and John le Carr it sheds new light on the affair asking why such privileged young men chose to betray their country whether loyalty to one's friends is more important than patriotism and whether we can really trust the intelligence services
