Antiliberal Internationalism in the Twentieth Century Matthijs Lok,Marjet Brolsma,Robin de Bruin,Stefan

Couperus,Rachel McElroy White,2025-05-21 This book shows how antiliberal discourse thought and mobilization have in

defiance of nationalist aims been significantly shaped and determined in the international sphere as new collaborations

position themselves against the liberal order established after the fall of the Berlin Wall Despite often drawing inspiration

from nationalist movements and ideologies antiliberalism is a phenomenon that transcends domestic contexts and settings in

important ways This collection of essays charts the many sided aspects of twentieth century internationalism and its

contemporary developments across the globe Without excluding well known European sources of antiliberal internationalism

it decentres the European experience by exploring specific case studies from South and East Asia the Middle East the

Americas Africa and Oceania Moreover the volume abundantly demonstrates that liberalism and anti liberalism cannot be

considered as fixed entities as anti liberalism was and is as much defined by its enemies as by its advocates This book is

intended for scholars and students of International Studies Intellectual History Political History Political Science European

Studies and Global Studies as well as for journalists and policymakers interested in contemporary Europe cosmopolitanism
