The first amendment

- Is this amendment about guaranteeing freedoms, or prohibiting government action against citizens?
 - o Telling the government what they can and can't do
- Is the freedom of speech a protection from professional or personal consequence?
 - o Freedom of speech is not freedom of consequence

What the first amendment guarantees

- You must know what you're doing
- You must select the act for its own sake - in order to "flourish"
- The act has to spring from a firm and unchanging character

Limits on Free Speech: chilling effects on matters of national security

- Sedition (1798)
 - o Deeply contentious
 - o Passed and repealed in times of war
 - o pits our sense of liberty to criticize government against personal and national security
- Clear and present danger (1919)
 - o Hate speech
 - o Fighting words
 - o Incredibly high standard to meet for burden of proof
- Prior restraint (1931, 1971, 1979, and 2015)
 - o Government censorship
 - o Only under certain matters of national security
 - o Over-censorship has even become a subject of debate
 - o Matter of preferred-position balancing (pember)

Limits on free speech: defamation

- A statement that injures someone's reputation
- Standard of proof
 - o Statement must be false and hurt someone's reputation
 - Needs evidence of harm
 - o Must be published or spoken to at least one other person besides the person who subject of the statement
 - What makes slander so impossible to prove
