Centennial History of Arkansas Dallas Tabor Herndon, 1922

The Devil Is Here in These Hills James Green, 2018-09-01 The most comprehensive and comprehensible history of the West Virginia Coal War I've ever read John Sayles writer and director of *Matewan* On September 1 1912 the largest most protracted and deadliest working class uprising in American history was waged in West Virginia On one side were powerful corporations whose millions bought armed guards and political influence On the other side were fifty thousand mine workers the nation's largest labor union and the legendary miners' angel Mother Jones The fight for unionization and civil rights sparked a political crisis that verged on civil war stretching from the creeks and hollows of the Appalachians to the US Senate Attempts to unionize were met with stiff resistance Fundamental rights were bent then broken The violence evolved from bloody skirmishes to open armed conflict as an army of more than fifty thousand miners finally marched to an explosive showdown Extensively researched and vividly told this definitive book about an often overlooked chapter of American history gives this backwoods struggle between capital and labor the due it deserves Green tells a dark often despairing story from a century ago that rings true today *Pittsburgh Post Gazette*
