Lay Counseling, Revised and Updated Siang-Yang Tan, Eric T. Scalise, 2016-10-11 This one of a kind resource provides pastors church leaders and non professional counselors with everything they need to establish a program for lay counseling This new edition has been thoroughly revised and updated in light of fresh research and outlines a practical training resource that can be used to train and equip lay counselors Filled with useful forms and questionnaires it also provides a helpful and comprehensive survey of the programs and resources that are currently available *Top Secret Mission* Ian Traill, 2010 This book is not to be taken lightly as the information contained herein is of a highly volatile nature Recommendation is do not go any further if you want to stay ignorant of what is taking place around you Do not study the information contained herein as your life will be in danger your homeland will be under attack and also your life may be in danger of change This book will not self destruct if you choose to put it down Do not feel condemned as you may not be ready for this mission This book will remain in its integrity and someone else may find it and read it Heavens above You may even become brave and come back to read it yourself *Augustine's Photocopied Error* Ian Traill, 2008 Traill examines the issue of why God put Adam and Eve out of the Garden He asks whether it because of the eating of the fruit of disobedience or if there is more to the picture [Who Killed God? \(alias Cock Robin\)](#) Ian Traill, 2010 The book you hold in your hands is an ambitious attempt to draw a contrast between the simplicity and certainty of the gospel and the complexity and obscurity of secular philosophies Some readers may find the sections on philosophy difficult especially if they have no prior knowledge of the various schools of philosophy Yet Ian Traill has given a succinct outline of each brand of philosophy and recourse say to the online Wikipedia will enable any reader to clarify what may at first seem obscure The apostle Paul boldly declares that philosophers are unable to find God through their arguing because God himself has decreed their failure 1 Cor 1 19-20 That is why even the most brilliant minds have been unable to penetrate the truth by thought alone It is why as the 19th century English jurist Lord Charles Bowen once said philosophers are like a blind man in a dark room feeling for a black hat that isn't there But he was preceded fifty years before Jesus was born by the Roman

orator Cicero There is nothing so ridiculous but some philosopher has said it Likewise the intellectual 20th century philosopher and mathematician Lord Bertrand Russell talking about the seeming certainties of mathematics had to confess that mathematics may be defined as the subject in which we never know what we are talking about nor whether what we are saying is true Human philosophy despite its fascination and genius must be included with those uncertainties In the end absolute truth rests only in the glorious gospel of Christ Ian's book offers a fine explanation of this marvellous reality Rev Dr Ken Chant M R E Ph D Principal Emeritus Vision Christian College Inc Australia Bibliografia națională română ,1997
