Reading Freud Explorations And Entertainments:

Reading Freud Peter Gay, Sterling Professor of History Peter Gay, 1990-01-01 Essays discuss Freud's interest in Shakespeare his choices for the names of his six children his love of science and his ambivalent feelings toward his father

Reading Freud. Explorations & Entertainments Peter Gay, 1990 Gay presents a series of essays ranging from reflections on Freud and Shakespeare to Gay's controversial spoof review of Freud's *The Interpretation of Dreams* *Reading Freud's Patients* Anat Tzur Mahalel, 2020-06-01 Winner of the 2021 ABAPsa Book Prize Award What would the story of analysis look like if it were told through the eyes of the analysand How would the patient write and present the analytic experience How would the narrative as written by the analysand differ from the analytic narrative commonly offered by the analyst What do the actual analytic narratives written by Freud's patients look like This book aims to confront these intriguing questions with an innovative reading of memoirs by Freud's patients These patients including Sergei Pankejeff known as the Wolf Man the poet H D and the American psychoanalyst Abram Kardiner all came to Vienna specially to meet Freud and embark with him on the intimate and thrilling journey of deciphering the unconscious and unravelling the secrets of the psyche A broad psychoanalytic and literary historical reading of their memoirs is offered in this new entry to the popular Routledge History of Psychoanalysis Series with the purpose of presenting the analysands' narratives as they themselves recounted them This makes it possible to re-examine the links among psychoanalysis literature and translation and sheds new light on the complex challenge of coming to know oneself through the encounter with otherness This book is unique in its focus on multiple memoirs by patients of Freud and presents a fresh even startling close-up look at psychoanalysis as a clinical practice and as a rigorous discourse and offers a new vision of Freud's strengths and at times defects It will be of considerable interest to scholars of psychoanalysis and intellectual history as well as those with a wider interest in literature and memoir

Eavesdropping Lucy Huskinson, Terrie Waddell, 2014-11-27 What can depictions of psychotherapy on screen teach us about ourselves In *Eavesdropping* a selection of contributions from internationally based film consultants practicing psychotherapists and interdisciplinary scholars investigate the curious dynamics that occur when films and television programmes attempt to portray the psychotherapist and the complexities of psychotherapy for popular audiences The book evaluates the potential mismatch between the onscreen psychotherapist whose raison d'être is to entertain and engage global audiences and the professional real-life counterpart who becomes intimately involved with the dramas of their patients While several contributors conclude that actual psychotherapy and the way psychotherapists and their clients grapple with notions of fantasy and reality would make a rather poor show *Eavesdropping* demonstrates the importance of psychotherapy and psychotherapists on screen in assisting us to wrestle with the discomfort and humour of our lives Offering a unique insight into perceptions of psychotherapy *Eavesdropping* will be essential and insightful reading for analytical psychologists psychoanalysts academics and students of depth psychology film and television studies media studies and literature as well

as filmmakers *Freudians and Schadenfreudians* Jeffrey Berman, 2024-08-22 Sigmund Freud can be a polarizing figure beloved by many and despised by some Focusing on eight key writers and scholars who either passionately loved or gleefully loathed Freud this book represents Freud's wide legacy the reach of his ideas their controversies and their ability still to provoke inspire confound outrage and compel The book begins by focusing on four highly prolific authors whose admiration for Freud is boundless Lionel Trilling Harold Bloom Kurt R Eissler and Peter Gay Berman then explores four more writers whose aim was not simply to debunk Freud and destroy his monstrous creation but to cast both into hell D H Lawrence Vladimir Nabokov Thomas Szasz and Frederick Crews Each chapter discusses the author's involvement with Freud exploring the continuities and discontinuities of his or her writings as well as offering snapshots of the writers suggesting how their personal and professional lives were inextricably related Berman draws out some surprising commonalities between the Freudolaters and Schadenfreudians going on to discuss the current state of psychoanalysis and the psychoanalytic credos by which contemporary analysts live **The Complete Correspondence of Sigmund Freud and Ernest Jones, 1908-1939** Sigmund Freud, Ernest Jones, 1993 Soon after their first meeting in 1908 Freud's future biographer Ernest Jones initiated a correspondence with the founder of psychoanalysis that would continue until Freud's death in London in 1939 Jones a Welsh born neurologist would become a principal player in the development of psychoanalysis in England and the United States This volume makes available from British and American archives nearly seven hundred previously unpublished letters postcards and telegrams the vast majority of the three decade correspondence between Freud and his admiring younger colleague These letters and notes dashed off almost compulsively in the odd moments of busy professional lives in Toronto Vienna and London in transit between meetings or on holidays on the Continent provide a lively account of the early years of the psychoanalytic movement and its fortunes during the turbulent interwar period The reader is invited to share in the domestic and international news of the day to make the acquaintance of the prominent personalities among the first generation of Freud's followers and to witness the drama of complex rivalries and conflicting loyalties including the personal and intellectual rupture between Freud and Jung and Jones's unrelenting effort to maneuver politically behind the scenes in order to position himself within Freud's inner circle Present in the correspondence also are the women who in differing ways touched the lives of both men and influenced their work Loe Kann Joan Riviere Melanie Klein and Anna Freud While charting the progress of a personal friendship this correspondence offers glimpses of the darker events of the time the last days of the Austro-Hungarian Empire the First World War the Russian Revolution and the rise of Nazism in Europe Even though on a professional level the two correspondents differed on a striking array of issues such as the theory of anxiety the death and aggressive instincts child analysis female sexuality and lay analysis their letters are an affirmation of the intellectual and emotional bonds between these two very different men who as Jones put it so poignantly in his last letter to Freud had both made a contribution to human existence even if in very different measure **A Cultural Citizen of the World** S. S.

Prawer,2017-10-23 This book is based on the German editions of Sigmund Freud's works and letters It presents various examples from English and American literatures that suggest several questions Freud asked of literary works in general

Maelzel's Chess Player Robert Wilcocks,1994 This is the first study of Freud's texts to incorporate the intellectual findings of Adolf Grünbaum the archival material published by Jeffrey Masson the recently published correspondence between Freud and Wilhelm Fliess and Lewin's profile of long term cocaine users Wilcocks challenges literary critics who have granted Freud's writings scientific status and claims that the works are no more than the rhetorical deceptions of a talented writer Through a careful examination of the Freud Fliess correspondence and of Freud's case histories and through a novel comparison of Freud's rhetorical devices with Poe's rhetoric of deception in the essay *Maelzel's Chess Player* Wilcocks reveals that Freud was a talented but disturbed master of deception including self deception

Engaging Humor Elliott Oring,2010-10-01 Exploring the structure motives and meanings of humor in everyday life In *Engaging Humor* Elliott Oring asks essential questions concerning humorous expression in contemporary society examining how humor works why it is employed and what its messages might be This provocative book is filled with examples of jokes and riddles that reveal humor to be a meaningful even significant form of expression Oring scrutinizes classic Jewish jokes frontier humor racist cartoons blonde jokes and Internet humor He provides alternate ways of thinking about humorous expressions by examining their contexts not just their contents He also shows how the incongruity and absurdity essential to the production of laughter can serve serious communicative ends *Engaging Humor* examines the thoughts that underlie jokes the question of racist motivation in ethnic humor and the use of humor as a commentary on social interaction The book also explores the relationship between humor and sentimentality and the role of humor in forging national identity *Engaging Humor* demonstrates that when analyzed contextually and comparatively humorous expressions emerge as communications that are startling intriguing and profound

Literature, Psychoanalysis and the New Sciences of Mind Leonard Jackson,2014-09-11 At a time when psychoanalysis is attacked by biologists psychologists and literary critics alike this book offers a radical defence *Literature Psychoanalysis and the New Sciences of Mind* gives a clear introduction to the theories of Freud and Jung the strange linguistic rewriting of Freud by Jacques Lacan It explores the extraordinary variety of ways in which these writings have been applied to literature and literary theory But for the first time they are put in the context of recent biological theories of mind and sexuality

Love in Vienna Barry G. Gale,2015-11-02 For many decades critics and supporters of Freudian theory have debated the exact nature of Freud's relationship with his sister in law This book examines the arguments pro and con in light of recently exposed evidence the first study to do so in depth For many decades controversy has surrounded the exact nature of famed psychoanalyst Sigmund Freud's relationship with Minna Bernays his sister in law Why did Freud and Bernays travel alone together on many occasions Why did she seem to be so much closer to Freud than his own wife Martha The idea that Freud and Minna Bernays had a long standing affair an allegation that

Freudians typically deny what was first mentioned by Carl Gustav Jung an early supporter of Freud's and later a critic. Love in Vienna: The Sigmund Freud Minna Bernays Affair provides the first comprehensive look at the relationship and offers conclusions as to its nature and the implications for Freud's life and work. Organized logically, the book provides background information regarding the two chief antagonists in the story: Sigmund Freud and Carl Gustav Jung. It then presents and critically analyzes arguments for and against there having been an affair. Finally, it looks closely at Freud's relationships with both Minna Bernays and his wife Martha, Minna's sister, and offers conclusions as to the exact nature of Freud's relationship with Bernays. Beyond fascinating those studying Freud or his theories, this work's subject matter and insights will appeal to readers interested in the history of psychology, psychoanalysis, and psychiatry; the intellectual history of Europe; the history of sex and manners; the history of ideas; the fin de siècle period in Vienna; and the history of medicine.

Subjects and Simulations Anne O'Byrne, Hugh J. Silverman, 2014-11-05. *Subjects and Simulations* presents essays focused on suffering and sublimity, representation and subjectivity, and the relation of truth and appearance in the twenty-first century. Inspired by the work of Jean Baudrillard, Philippe Lacoue-Labarthe, and Jean-Luc Nancy, sixteen authors study how the real reasserts itself in an age of ever more fragmented media and how art and literature give us access to forms of truth that elude philosophy. How does representation grant us access to the place once occupied by the subject? Is political life possible? Can plural thinking be retrieved? Will metaphor and simulation give us ways of being in an evanescent world? The volume engages discussions of French and Continental philosophy, post-structuralism, deconstruction, simulacra, aesthetics, existentialism, and media theory.

The Second Generation Andreas W. Daum, Hartmut Lehmann, James J. Sheehan, 2015-12-01. Of the thousands of children and young adults who fled Nazi Germany in the years before the Second World War, a remarkable number went on to become trained historians in their adopted homelands. By placing autobiographical testimonies alongside historical analysis and professional reflections, this richly varied collection comprises the first sustained effort to illuminate the role these men and women played in modern historiography. Focusing particularly on those who settled in North America, Great Britain, and Israel, it culminates in a comprehensive, meticulously researched biobibliographic guide that provides a systematic overview of the lives and works of this second generation.

Reading Riddles Brian Tucker, 2010-12-16. *Reading Riddles: Rhetorics of Obscurity from Romanticism to Freud* explores how the riddle becomes a figure for reading and writing in early German Romanticism and how this model then enables Sigmund Freud's approach to the psyche. It traces a migration of ideas from literature to psychoanalysis and argues that the relationship between them must be situated at the methodological level. Through readings of texts by August Wilhelm Friedrich Schlegel, G. W. F. Hegel, and Ludwig Tieck, *Reading Riddles* documents how the Romantics expand the field of poetic signification to include obscure, distorted signs and how they applied this rhetoric of obscurity to the self. The book argues that this model of self and signification plays a central role in the formulation of Freud's psychoanalytic theory. If the self is a riddle, as many in the nineteenth century claim, Freud

takes the figure seriously and interprets the mind according to all the structures and techniques of that textual genre **My German Question** Peter Gay, 1998-10-07 Not only a memoir it is also a fierce reply to those who criticized German Jewish assimilation and the tardiness of many families in leaving Germany Publishers Weekly In this poignant book a renowned historian tells of his youth as an assimilated anti religious Jew in Nazi Germany from 1933 to 1939 the story says Peter Gay of a poisoning and how I dealt with it With his customary eloquence and analytic acumen Gay describes his family the life they led and the reasons they did not emigrate sooner and he explores his own ambivalent feelings then and now toward Germany its people Gay relates that the early years of the Nazi regime were relatively benign for his family yet even before the events of 1938-39 culminating in Kristallnacht they were convinced they must leave the country Gay describes the bravery and ingenuity of his father in working out this difficult emigration process the courage of the non Jewish friends who helped his family during their last bitter months in Germany and the family's mounting panic as they witnessed the indifference of other countries to their plight and that of others like themselves Gay's account marked by candor modesty and insight adds an important and curiously neglected perspective to the history of German Jewry Not a single paragraph is superfluous His inquiry rivets without let up powered by its unremitting candor Los Angeles Times Book Review An eloquent memoir The Wall Street Journal A moving testament to the agony the author experienced Chicago Tribune A valuable chronicle of what life was like for those who lived through persecution and faced execution Choice

Gut Feeling and Digestive Health in Nineteenth-Century Literature, History and Culture Manon Mathias, Alison M. Moore, 2018-11-17 This book considers the historical and cultural origins of the gut brain relationship now evidenced in numerous scientific research fields Bringing together eleven scholars with wide interdisciplinary expertise the volume examines literal and metaphorical digestion in different spheres of nineteenth century life Digestive health is examined in three sections in relation to science politics and literature during the period focusing on Northern America Europe and Australia Using diverse methodologies the essays demonstrate that the long nineteenth century was an important moment in the Western understanding and perception of the gastroenterological system and its relation to the mind in the sense of cognition mental wellbeing and the emotions This collection explores how medical breakthroughs are often historically preceded by intuitive models imagined throughout a range of cultural productions

History and Psyche S. Alexander, B. Taylor, 2012-11-28 Today a widening range of historical phenomena are being examined through the psychoanalytic lens while the psychoanalytic tradition itself is coming in for unprecedented historical scrutiny This collection of essays showcases the innovative and sometimes contentious encounters between psychoanalysis and history

[The Historiography of Psychoanalysis](#) Paul Roazen, The Historiography of Psychoanalysis will be of particular value to psychoanalysts and to people in the worldwide intellectual community who wish to further their understanding of the massive changes in the climate of opinion generated by the work of Freud and his followers American Journal of Psychiatry Those who seek an understanding of Freud and psychoanalysis will find The

Historiography of Psychoanalysis rewarding and stimulating Gerald N Grob Canadian Bulletin of Medical History Today Sigmund Freud's legacy seems as hotly contested as ever He continues to attract fanaticism of one kind or another If Freud might be disappointed at the failure of his successors to confirm many of his so called discoveries he would be gratified by the transforming impact of his ideas in contemporary moral and ethical thinking To move from the history of psychoanalysis onto the more neutral ground of scholarly inquiry is not a simple task There is still little effort to study Freud and his followers within the context of intellectual history Yet in an era when psychiatry appears to be going in a different direction from that charted by Freud his basic point of view still attracts newcomers in areas of the world relatively untouched by psychoanalytic influence in the past It is all the more important to clarify the strengths and the limitations of Freud's approach Roazen begins by delving into the personality of Freud and reassesses his own earlier volume Freud and His Followers He then examines Freud Studies in the nature of Freudian appraisals and patients He examines a succession of letters between Freud and Silberstein Freud and Jones Anna Freud and Eva Rosenfeld James Strachey and Rupert Brooke Roazen includes a series of interviews with such personages as Michael Balint Philip Sarasin Donald W Winnicott and Franz Jung He explores curious relationships concerning Lou Andreas Salom Tola Rank and Felix Deutsch and deals with biographies of Freud's predecessors Charcot and Breuer and contemporaries including Menninger Erikson Helene Deutsch and a number of followers Freud's national reception in such countries as Russia America France among others is examined and Roazen surveys the literature relating to the history of psychoanalysis Finally he brings to light new documents offering fresh interpretations and valuable bits of new historical evidence This brilliantly constructed book explores the vagaries of Freud's impact over the twentieth century including current controversial issues related to placing Freud and his theories within the historiography of psychoanalysis It will be of interest to psychoanalysts intellectual historians and those interested in the history of ideas Paul Roazen is professor of social and political science at York University in Toronto Ontario and the author of Freud Political and Social Thought Helene Deutsch A Psychoanalyst's Life Encountering Freud The Politics and Histories of Psychoanalysis and Brother Animal The Story of Freud and Tausk all available from Transaction *Achilles and the Tortoise* Clark Griffith, 2000-02-08 Annotation In critiquing Twain's humor in his fiction Griffith English U of Oregon contends that he essentially told the same sick joke repeatedly without resolution like Achilles who could not overtake the tortoise in Zeno's Paradox He concludes with Mark Twain and Melville An Essay on the Metaphysics of Twinship Annotation copyrighted by Book News Inc Portland OR **Crucible** Charles Emmerson, 2019-10-15 The gripping story of the years that ended the Great War and launched Europe and America onto the roller coaster of the twentieth century Crucible is filled with all too human tales of exuberant dreams dark fears and the absurdities of chance In Petrograd a fire is lit The Tsar is packed off to Siberia A rancorous Russian exile returns to proclaim a workers revolution In America black soldiers who have served their country in Europe demand their rights at home An Austrian war veteran trained by the German army to give rousing

speeches against the Bolshevik peril begins to rail against the Jews A solar eclipse turns a former patent clerk into a celebrity An American reporter living the high life in Paris searches out a new literary style Lenin and Hitler Josephine Baker and Ernest Hemingway Rosa Luxemburg and Mustafa Kemal these are some of the protagonists in this dramatic panorama of a world in turmoil Revolutions and civil wars erupt across Europe A red scare hits America Women win the vote Marching tunes are syncopated into jazz The real becomes surreal Encompassing both tragedy and humor the celebrated author of 1913 brings immediacy and intimacy to this moment of deep historical transformation that molded the world we would come to inherit
