C., 2005-12-01 Several events of a supernatural character are recorded as having taken place under the Chou dynasty In B C 756 one of the feudal Dukes saw a vision of a yellow serpent which descended from heaven and laid its head on the slope of a mountain The Duke spoke of this to his astrologer who said It is a manifestation of God sacrifice to it from The Ancient Faith This concise 1906 work is the perfect introduction to the faiths of the Chinese civilization from the earliest stories about the creation of the universe and the religious ventures of philosophers and emperors 5 000 years ago to the benevolent agnosticism of Confucianism and the doctrine of Inaction of Taoism to the sophisticated metaphysics of Buddhism Unearthing surprising tidbits human sacrifice for instance was not unknown in ancient China this is a respectful humanistic overview of the beliefs of a venerable peoples British linguist and diplomat HERBERT ALLEN GILES 1845 1935 helped devise a new system to transliterate Mandarin into English He served as an emissary to China from 1867 to 1892 and was later the second professor of Chinese at Cambridge He also wrote *The Civilization of China* *Historic China and Other Sketches* and *China and the Manchus* **Religions of Ancient China** Herbert Allen Giles, 2022-11-20 Reproduction of the original **Religions in Ancient China** Herbert Giles, 2019-12-06 Throughout history China has been the home and destination of many religious and philosophical traditions Confucianism and Taoism in addition to Buddhism are the so called three doctrines or teachings which have played an important role in shaping Chinese culture The elements of these three belief systems are incorporated into the traditional Chinese religion that is worship devoted to local gods and ancestors this has always been and continues to be the religion of the majority of the population family oriented and not requiring exclusive adherence which allows the practice or expression of personal beliefs of different faiths at the same time Some scholars prefer not to use the term religion in reference to Chinese belief systems suggesting instead that it be cultural practices systems of thought and philosophies as their most appropriate definition While Confucianism in its religious aspect corresponds to the traditional religion of worship of local gods and ancestors Taoism has developed as an ecclesiastical movement distinct from the common religion since the 1st or 2nd century Buddhism was introduced in the 1st century and grew to have a strong impact in China which it still preserves today Today s Chinese state officially recognizes five religions managed through centralized
