Searching for the Truth in the New Testament Jon

Valset, 2011-05-18 Searching for the Truth in the New Testament offers a comprehensive discussion of many Biblical passages in the New Testament and of those to which they refer in the Old Testament It presents as well noteworthy facts about the history of ancient Middle East and the evolution of the Early Church with logical and insightful commentary Jon Valset provides an orderly and meticulous analysis of the life and times of Jesus Christ and the conditions under which the New Testament was compiled With so many details easily misinterpreted or overlooked in the Bible Valset digs through the maze of seemingly irrelevant and contradictory narratives and statements to present clear and novel assessments of the Biblical texts free of preconceived ideas and theological goals

**Voegelinian Readings of Modern Literature** Charles R.

Embry, 2011-05-16 These essays supply a theoretical grounding for the reading of novels poems and plays and reveal how the Voegelinian perspective exposes the existential and philosophical dimensions of the literary works themselves As a unit this collection of essays shows how modern pieces of literature can symbolize their creators participation in the human search for the truth of existence just as myths philosophical works and religious texts always have Voegelin s primary concern as a philosopher was to expose the roots of the disturbances of the modern era religious conflict imperialism war so that the sources of order leading to meaning are revealed The openness of Voegelinian thought and the many ways he considered the levels of reality generate intriguing themes for literary criticism

**Illuminating the Narrow Gate**

Karl R. Luther, 2022-01-17 The apocalyptic end times have finally arrived What is coming to an end though is not what you have been led to believe Do you desire the truth about God our foremost religions the purpose of life and the future of our planet Are you ready to challenge the religious powers that be to learn what most would rather not know If so this revolutionary book will help you transcend the darkness on your eternal journey home to a God of pure unconditional love a God who has no cause or need to ever judge or condemn anybody Illuminating the Narrow Gate reveals the flaws of the mainstream Western religions as it guides and empowers its readers to embrace an enlightened spirituality Brimming with astonishing insights and revelations it will shock the world by debunking the fire and brimstone theology of mainstream Christianity It primarily accomplishes this by unraveling the apocalyptic prophecies of Daniel the gospels and Revelation in their entirety In fact they contain hidden spiritual messages that contradict what has been confidently preached for all these centuries Like a challenging riddle that cannot be solved the answer is obvious in hindsight Only the blinding power of a paradigm can explain how we missed it for so long The revelations will strike with devastating force because the book first arrives at the same conclusion through more traditional means It convincingly describes how Jesus had come to uproot Judaism but the version of Christianity that developed in his wake failed to make the paradigm shift Erroneous tenets that should have been discarded were instead institutionalized in both theology and authority The book also blazes a third

independent trail to the same destination by showing how this ancient religious tree bore its poisonous fruit in both the Holocaust and the abomination of slavery that fathered the Civil War Furthermore the book illuminates the nature of evil and its well cloaked ways which is essential for unraveling the prophecies This wisdom yields a new and astonishing interpretation of the Book of Job that delivers a quantum leap in insight over the prevailing understanding As the first devout Christian to read this interpretation commented It rocked my apple cart to the core In addition it presents an array of scientific evidence for the spiritual realm s existence that complements its amazing demonstration that long range prophecy is truly possible It thus shows the atheistic religion of scientism is also doomed Meanwhile the book proves Jesus was the Anointed One Messiah with a telescoping trio of prophecies from Daniel that foretold the onset of his ministry to the reign of the Roman Empire to its first ten emperors in the 1st century CE and to 27 34 CE Most Christians will thus either fearfully denounce the book as a satanic assault upon their religion or courageously embrace it as the inevitable completion of the Reformation The great spiritual awakening will soon be kicking into high gear which is exactly what the apocalyptic prophecies long ago foretold and the spiritual realm has long been awaiting As Jesus and a group of angels informed an atheist during his near death experience in 1985 The world is at the beginning of a major transformation It will be a spiritual revolution that will affect every person in the world Can you handle the truth Are you ready to awaken If so this world changing book is at your service You only have to purchase Vol I to get the book s core insights and revelations A PDF document of the Endnotes Bibliography Index et al published in Vol II can be downloaded for free from the book s website to make Vol I a self standing book

**Beyond Power** Desmond Avery,2008-01-01 Beyond Power offers fresh ways to approach the burning political religious and scientific issues of our time It also provides a compelling overview of the work of the great French philosopher Simone Weil whom Albert Camus saw as the only great mind of our time and T S Eliot saw as a woman of genius a kind of genius akin to that of the saints

**Simone Weil for the Twenty-First Century** Eric O. Springsted,2021-04-01 This in depth study examines the social religious and philosophical thought of Simone Weil Simone Weil for the Twenty First Century presents a comprehensive analysis of Weil s interdisciplinary thought focusing especially on the depth of its challenge to contemporary philosophical and religious studies In a world where little is seen to have real meaning Eric O Springsted presents a critique of the unfocused nature of postmodern philosophy and argues that Weil s thought is more significant than ever in showing how the world in which we live is in fact a world of mysteries Springsted brings into focus the challenges of Weil s original and sometimes surprising starting points such as an Augustinian priority of goodness and love over being and intellect and the importance of the Crucifixion Springsted demonstrates how the mystical and spiritual aspects of Weil s writings influence her social thought For Weil social and political questions cannot be separated from the supernatural For her rather the world has a sacramental quality such that life in the world is always a

matter of life in God and life in the world Simone Weil for the Twenty First Century is not simply a guide or introduction to Simone Weil Rather it is above all an argument for the importance of Weil s thought in the contemporary world showing how she helps us to understand the nature of our belonging to God sometimes in very strange and unexpected ways the importance of attention and love as the root of both the love of God and neighbor the importance of being rooted in culture and culture s service to the soul in rooting it in the universe and the need for human beings to understand themselves as communal beings not as isolated thinkers or willers It will be essential reading for scholars of Weil and will also be of interest to philosophers and theologians **The Friend** ,1842 **Truth on the Run** Bill
