Rendezvous With Reality:

Virgin Mary and the Neutrino Isabelle Stengers, 2023-09-22 In *Virgin Mary and the Neutrino* first published in French in 2006 and here appearing in English for the first time Isabelle Stengers experiments with the possibility of addressing modern practices not as a block but through their divergence from each other Drawing on thinkers ranging from John Dewey to Gilles Deleuze she develops what she calls an ecology of practices into a capacious and heterogeneous perspective that is inclusive of cultural and political forces but not reducible to them Stengers first advocates for an approach to sciences that would emphasize the way each should be situated by the kind of relationships demanded by what it attempts to address This approach turns away from the disabling scientific nonscientific binary like the opposition between the neutrino and the Virgin Mary An ecology of practices instead stimulates an appetite for thinking reality not as an arbiter but as what we can relate to through the generation of diverging concerns and obligations Pat Schroeder Joan A. Lowy, 2003-10-30 This is the first biography of Pat Schroeder outspoken Colorado Democrat elected to Congress in 1972 beloved by the left and despised by the right *To Face Down Dixie* James O. Heath, 2017-12-14 In an era during which the United States Supreme Court handed down some of its most important decisions including *Brown v Board of Education* 1954 *Baker v Carr* 1962 and *Miranda v Arizona* 1966 three senators from South Carolina Olin Johnston Strom Thurmond and Ernest Fritz Hollings waged war on the court s progressive agenda by targeting the federal judicial nominations process *To Face Down Dixie* explores these senators role in some of the most contentious confirmation battles in recent history including those of Thurgood Marshall Abe Fortas and Clement Haynsworth In scrutinizing Supreme Court nominees and attempting to restrict the power of the nine justices of the court these senators defied not only the leadership of the Democratic Party but also the Senate traditions of hierarchy and seniority Along with South Carolina s conservative segregationist political establishment which maintained ironclad control over the state s legislature Johnston Thurmond and Hollings effectively drowned out the many moderate voices in South Carolina that remained critical of their obstructionism thus advancing their own conservative credentials and boosting their chances of reelection *To Face Down Dixie* examines for the first time the central role that South Carolina played in turning Supreme Court nomination hearings into confrontational and political public events James O Heath argues that the state s war on the court concealed its antipathy to civil rights by using the confirmation process to challenge the court s function as the final arbiter of policy on questions relating to law and order obscenity communist subversion and school prayer Heath s study illustrates that while South Carolina s history of massive resistance is less prominent than that of other states its politicians acted as persistent antagonists in the complex and dramatic debates in the U S Senate during the era of civil rights The Ethics of Rendezvous Maija-Riitta Ollila, 1993 **Printers' Ink**, 1925 **Printers' Ink Monthly**, 1925 **Congressional Record** United States.
