How is love different from lust or infatuation Do love and marriage really go together like a horse and carriage Does sex have any necessary connection to either And how important are love sex and marriage to a well lived life In this lively lucid and comprehensive textbook Raja Halwani pursues the philosophical questions inherent in these three important aspects of human relationships exploring the nature uses and ethics of romantic love sexuality and marriage The book is structured in three parts Love begins by examining how romantic love differs from other types of love such as friendship and parental love It asks which properties of love are essential whether people have a choice in whom they love and whether lovers have moral obligations to one another that differ from those they owe to others Sex demonstrates the difficulty in defining sex and the sexual and examines what constitutes good and bad sex in terms of pleasure naturalness and moral permissibility It offers theoretical and applied ethical approaches to a wide range of sexual phenomena Marriage traces the history of the institution and describes the various forms in which marriage exists and the reasons why people marry It also surveys accounts of why people should or should not marry and introduces the main arguments for and against gay marriage Features include suggestions for further reading online eResource site with downloadable discussion questions a clear jargon free writing style

The Chemistry Between Us Larry Young PhD,Brian Alexander,2014-01-28 How much control do we have over love Much less than we like to think All that mystery all that poetry all those complex behaviors surrounding human bonding leading to the most life changing decisions we ll ever make are unconsciously driven by a few molecules in our brains How does love begin How can two strangers come to the conclusion that it would not only be pleasant to share their lives but that they must share them How can a man say he loves his wife yet still cheat on her Why do others stay in relationships even after the romance fades How is it possible to fall in love with the wrong person How do people come to have a type Physical attraction jealousy infidelity mother infant bonding all the behaviors that so often leave us befuddled are now being teased out of the fog of mystery thanks to today s social neuroscience Larry Young one of the world s leading experts in the field and journalist Brian Alexander explain how those findings apply to you Drawing on real human stories and research from labs around the world The Chemistry Between Us is a bold attempt to create a grand unified theory of love Some of the mind blowing insights include Love can get such a grip on us because it is literally an addiction To a woman falling in love a man is like her baby Why it s false to say society makes gender and how it s possible to have the body of one gender and the brain of another Why some people are more likely to cheat than others Why we sometimes truly can t resist temptation Young and Alexander place their revelations into historical political and social contexts In the process they touch on everything from gay marriage to why single mother households might not be good for society The Chemistry Between Us offers powerful insights into love sex gender sexual orientation and family life that will prove to be enlightening controversial and thought provoking

Love, Sex, and Romance Sergio Garcia, 2003-02 We spend so much time worrying about the little things in life money objects bills insignificant things really We give these things much more importance than they deserve because these things are so truly trivial when compared to the significant things in life like love health family and friends We allow these trivial things to constantly overwhelm us and worry us sick We always wish for the future as opposed to rejoicing in the present and appreciating life for what it truly is a gift an opportunity to love and to be loved and by doing so opening our eyes to a truly beautiful reality a reality we fail to see without love We fail to see the true beauty of life the beauty of a brand new morning the beauty of a butterfly resting in a rose or the sweet melodies the bird sing Instead we focus on the petty things and by so doing we keep ourselves from achieving the true happiness we seek Time and time again I have encountered unhappiness in life and particularly in relationships People do not understand why their relationships are not going in the right direction People wonder why they are not as happy as they wish they could be and usually the reason for this is not an insurmountable one This unhappiness is mostly caused by a lack of communication lack of trust lack of honesty lack of attention or understanding Sometimes a combination of these prevents us from achieving true happiness but they can be overcome and with my help and your willingness to change you will achieve just that These problems unfortunately are very common but there is a solution a simple solution I want to share with you I want to change the status quo by providing you with the tools you will need to overcome these problems I want to provide you with the tools you need to more successfully approach your love interest to better deal with your significant other and to even improve your marriage and everyday life I will show you how to communicate appreciate and better understand your partner above all I will help you love again The reason behind this book being written is the beautiful feeling one feels as soon as one falls in love a feeling that should never disappear It should evolve and become more objective but no less beautiful the flame of love should never vanish The honeymoon period whether you are married or have just entered into your first relationship should not fade and pass it should just transform and it can It will require a little effort and awareness of each other's preferences but remember all worthwhile endeavors do The origin of this book then rests in the predominant lack of understanding between the sexes in the predominant complaint My boyfriend pays more attention to his car than to me as well as My wife is always nagging no matter what I do she's never happy The origin of this book is due to the strong belief that I can change that that I can provide you the reader with a happy medium I strongly believe that I can show you how to meet halfway and become a happier person and a happier couple in the process I believe that I can help change those statements to something more positive I believe I can change those statements to something like my boyfriend enjoys spending time working on his car but he loves me I'm the most important thing in his life or my wife is the greatest she knows how much I love her and she knows any opportunity I get I want to be with her because I'm the most important person in her life Maybe you noticed the use of thing and person and that is a purposeful mistake as you will soon learn The Secret Life of Love and Sex Terence Watts, 2014 Men and women think differently and

work differently but they don't know that SO sometimes a white lie or a secret is a GOOD thing *Everything You Know About Love and Sex Is Wrong* Pepper Schwartz,2001-10-01 From the media to our mothers others have taught us certain rules about intimacy and love But what if these rules are wrong Or even harmful Sociologist and relationship expert Pepper Schwartz questions these assumptions challenges our values and breaks rules She offers fresh alternatives and solutions that fit our needs as individuals and shows that by letting go of traditional rules that don't suit us we can achieve complete satisfaction in our intimate lives **Disarming Cupid** Scientific American Editors,2013-02-11 *Disarming Cupid Love Sex and Science* by the Editors of Scientific American Sometimes All You Need Is Love sometimes Love Is a Battlefield Whether Love Hurts Bites Will Keep Us Together Will Tear Us Apart or Is a Four Letter Word it seems we Want To Know What Love Is Love in both the abstract and the up close and personal has always provided limitless inspiration for artists writers and musicians but scientists are just as fascinated by these affairs of the heart though they seldom sing about it In this eBook *Disarming Cupid Love Sex and Science* our editors take a step back analyzing romance using tools like fMRI studies instead of a paint brush or guitar The writers examine a variety of topics starting with the perceived sex differences between men and women discussed in Section 1 are we really as different as Mars and Venus As our opening story shows few other questions can get at the heart of this debate like Can heterosexual men and women ever be just friends Spoiler alert new research suggests that the answer is no Subsequent sections tackle other facets of love including the implications of the drastic rise in online dating how we choose our romantic partners and what happens in our brains when we're in love In particular *All You Need Is Love* finds or perhaps for some verifies that romantic love stimulates the same pathways as an addictive drug Section 5 focuses on issues of gender and sexuality *Do Gays Have a Choice* analyzes a wealth of scientific evidence and shows that sexual orientation is determined more by both genes and environment rather than being a choice We also don't shy away from darker aspects of love such as the psychology of prostitution and sex appeal of narcissists because to ignore these aspects of love is to trivialize it Besides love's paradoxes are one of the reasons why it is The Topic for cultural discourse As Pascal said The heart has its reasons of which reason knows nothing Hopefully this eBook will change the nothing to at least something **Love, Marriage, and Sex** Promilla Kapur,1973 *Rewriting the Rules* Meg Barker,Meg-John Barker,2012 Love is a dominant theme in Western popular culture It has become central to the meaning of everyday life propagated through the media and the market Being in love has become idealized With the demise of institutional religion in the West romantic love has become the dominant form of inner worldly salvation In Foucault's terms it has become a key component in the arts of existence and the care of self Inglis gives a clear concise picture of how love shapes and is shaped by society publisher's website **Women Who Love Sex** Gina Ogden,2007-09-11 Wonderful sex does more than melt both body and soul it brings power energy and deep satisfaction to all aspects of our lives In this unique book women who consider themselves highly sexually responsive talk in intimate detail about what gives them the greatest

pleasure They redefine sex based on how women really experience sexual pleasure confirming what every woman knows instinctively while creating a new language that every woman will understand Based on extensive one on one interviews conducted by Dr Ogden with hundreds of women this thought provoking wise and unprecedented book transforms how we view sex by giving us new ways to think about sexual pleasure To learn more about the author Gina Ogden go to www.ginaogden.com *Love, Sex, and Marriage* Julie Coleman, 2022-06-13 If the language we use influences and reflects the way that we see the world then the fields of LOVE SEX and MARRIAGE will show how speakers of English view their closest social and emotional relationships Love Sex and Marriage provides a classification of English terms for these three fields from the earliest written records of the language until the present day This volume makes it possible to trace changing attitudes towards social and sexual ties and to understand those ties as earlier speakers of English did through the language they used The terms are arranged by meaning and are listed chronologically within semantic fields with their dates of usage Notes on individual terms provide further information about their connotations and development Language does not exist in isolation from the people who speak it so background information about changes in social conditions religious beliefs and medical advancements is also included A brief introduction to basic semantic terminology explains the principles behind the classification and an alphabetical index facilitates the location of individual terms **Love, Sex, and Lasting**
