Main Problems In American History Main Problems In American History:

Major Problems in American History, Volume II Elizabeth Cobbs,Edward J. Blum,Jon Gjerde,2011-01-01 Designed to encourage critical thinking about history the MAJOR PROBLEMS IN AMERICAN HISTORY series introduces readers to both primary sources and analytical essays on important topics in U S history This collection serves as a primary anthology for introductory U S history covering the subject s entire chronological span Comprehensive topical coverage includes politics economics labor gender culture and social trends The Third Edition features greater focus on visual and cultural sources throughout Several chapters now include images songs and poems to give readers a better feel for the time period and events under discussion Important Notice Media content referenced within the product description or the product text may not be available in the ebook version **Problems in Modern Latin American History** James A. Wood,Anna Rose,2019-02-12 Now in its fifth edition this leading reader has been updated with new readings and visual sources This edition includes an added final chapter on current social movements to help students reflect on the ecological realities that inform their world In addition the Legacies of Colonialism chapter has been restored to give students an understanding of the deep roots of the problems explored Instead of a separate chapter on women and social change women s voices have been woven more seamlessly throughout the book to reflect women s parity and equity in history With its innovative combination of primary and secondary sources and thoughtful editorial analysis this text is designed specifically to stimulate critical thinking in a wide range of courses on Latin American history since independence *American History Math* Jacqueline B. Glasthal,1996 American History topics such as Colonial America the Pilgrims Paul Revere s ride are the springboards for math problems including estimation measurement activities and more For use with Grades 4 8 The Harvard Guide to African-American History Evelyn Brooks Higginbotham,2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America **Great Issues in American History, Vol. II** Richard Hofstadter,1969-12-12 Volume II gathers documents from the period of the Revolution through the Jacksonian era up to the Civil War and the Emancipation To fit both Colonial and Early National courses documents covering 1765 1776 appear at the beginning of this volume and at the end of Volume I **Major Problems in American History Since 1865** Jon Gjerde,2011 Designed to encourage critical thinking about history the MAJOR PROBLEMS IN AMERICAN HISTORY series introduces readers to both primary sources and analytical essays on important topics in U S history This collection serves as a primary anthology for introductory U S history covering the subject s entire chronological span Comprehensive topical coverage includes politics economics labor gender culture and social trends The Third Edition features greater focus on visual and cultural sources throughout Several chapters now include images songs and poems to give readers a better feel for the time period and events under discussion **Technical Innovation in American History** Rosanne Welch,Peg A.

Lamphier,2019-02-22 From the invention of eyeglasses to the Internet this three volume set examines the pivotal effects of inventions on society providing a fascinating history of technology and innovations in the United States from the earliest European colonization to the present Technical Innovation in American History surveys the history of technology documenting the chronological and thematic connections between specific inventions technological systems individuals and events that have contributed to the history of science and technology in the United States Covering eras from colonial times to the present day in three chronological volumes the entries include innovations in fields such as architecture civil engineering transportation energy mining and oil industries chemical industries electronics computer and information technology communications television radio and print agriculture and food technology and military technology The A Z entries address key individuals events organizations and legislation related to themes such as industry consumer and medical technology military technology computer technology and space science among others enabling readers to understand how specific inventions technological systems individuals and events influenced the history cultural development and even self identity of the United States and its people The information also spotlights how American culture the U S government and American society have specifically influenced technological development

Major Problems in American History Since 1945 Natasha Zaretsky,Mark Lawrence,Robert Griffith,Paula Baker,2013 Designed to encourage critical thinking about history the Major Problems in American History series introduces students to both primary sources and analytical essays on important topics in U S history Each volume presents a carefully selected group of readings in a format that asks students to evaluate primary sources test the interpretations of distinguished historians and others and draw their own conclusions

Food and Drink in American History Andrew F. Smith,2013-10-28 This three volume encyclopedia on the history of American food and beverages serves as an ideal companion resource for social studies and American history courses covering topics ranging from early American Indian foods to mandatory nutrition information at fast food restaurants The expression you are what you eat certainly applies to Americans not just in terms of our physical health but also in the myriad ways that our taste preferences eating habits and food culture are intrinsically tied to our society and history This standout reference work comprises two volumes containing more than 600 alphabetically arranged historical entries on American foods and beverages as well as dozens of historical recipes for traditional American foods and a third volume of more than 120 primary source documents Never before has there been a reference work that coalesces this diverse range of information into a single set The entries in this set provide information that will transform any American history research project into an engaging learning experience Examples include explanations of how tuna fish became a staple food product for Americans how the canning industry emerged from the Civil War the difference between Americans and people of other countries in terms of what percentage of their income is spent on food and beverages and how taxation on beverages like tea rum and whisky set off important political rebellions in U S history

Reader's Guide to American History Peter J.

Parish,2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history OE [publication] ,1968

The 100 Most Important Sporting Events in American History Lew Freedman,2015-11-12 This engaging and informative work highlights the 100 biggest moments in the history of American sports illustrating powerful connections between sporting events and significant social issues of the time In this homage to sports history author Lew Freedman compiles athletic feats that caught fans off guard inspired awe and left viewers on the edge of their seats all while making an impression on the world at large Freedman ranks 100 of the greatest moments in sports reflecting on the dramatic impact of the events as well as their greater influence on American society of the time The work showcases the social historical and cultural background of memorable games teams and athletes highlighting the enduring value and importance of each selection An introduction discusses the history of sports and explains the criteria for choosing the 100 sporting events in the book Fascinating little known facts punctuate entries such as how the athletic accomplishments of Jackie Robinson and Joe Louis helped ease racial tensions in the United States why the passage of Title IX changed gender relations in the United States forever and which technologies have altered the way Americans view sport Content also traces the tremendous advancements of safety gear in sports from the batting helmet and catchers shin guards in baseball to the hardshell helmet and face guard in football to the face mask for goalies in hockey **Subject Offerings and Enrollments, Grades 9-12**

Diane Bochner Gertler,1965 **Subject Offerings and Enrollments** United States. Education Office,1965 Circular - Office of Education United States. Office of Education,1964 **Alternative Healing in American History** Michael Shally-Jensen,2019-07-19 This book examines alternative healing practices in American popular culture From traditional folk approaches to more recent developments it discusses the rise and fall of more than 100 popular approaches to addressing both physical ailments and mental health needs Offering insightful accounts of everything from aging prevention to voodoo Santer a Alternative Healing in American History An Encyclopedia from Acupuncture to Yoga situates each popular approach in the history and culture of health and wellness in America Moreover the book shows that orthodox medicine and unconventional approaches may have more in common than many people think because both are subject to the changing nature of the medical understanding and the strength of their appeal to consumers While the main focus is on remedies lying outside the medical mainstream the book also highlights how many widely accepted therapeutic treatments of the past for

example the water cure hydrotherapy or lobotomy psychosurgery fell out of favor and were quickly forgotten Besides examining popular healing techniques the book also explores the changing nature of the medical marketplace and how once standard treatments e g leeching psychoanalysis have had their ups and downs The book comprises five chronological sections covering time periods from pre 1900 to the present *Main Problems in American History* ,1972 Kansas Populism O. Gene Clanton,2021-10-08 Because Kansas has been called the leading Midwestern Populist state and the Midwestern phrase was the principle one of this significant movement in American history this first comprehensive history of the Kansas People s party its leaders and their thoughts and actions is an important addition to Populist historiography Through this study of the leadership as well as a complete and personal background analysis of the Populist and Republican members of five Kansas legislatures the author helps to place Populism within its proper historical context Although Kansas Populism is shown to have had a retrogressive strain the pervasive force of the movement is revealed as a constructive and progressive response to the technological achievements that had revolutionized agriculture and industry over the course of the nineteenth century Their answers were not always commendable but the Populists were the first political activists to come to grips in an effective manner with the problems created by the continuing economic revolution that uniquely characterizes modern history and they were intent on demonstrating apparently that the purification of politics was not an iridescent dream In the dialogue which they conducted in the program which they advance they assisted in launching a progressive quest that continues in our own time Undertaken with the objective of testing recent controversial interpretations of the Populist movement this book according to one reader far surpasses studies of Populism in other states done long ago and innocent of modern methods It contains passages almost epigrammatic in their perceptiveness and is notable for the author s fairness in dealing with the evidence In fact the breadth of research and the extensive annotation and bibliographical material included make this volume an important source in itself **Teaching American History in a Global Context** Carl J. Guarneri,Jim Davis,2015-07-17 This comprehensive resource is an invaluable teaching aid for adding a global dimension to students understanding of American history It includes a wide range of materials from scholarly articles and reports to original syllabi and ready to use lesson plans to guide teachers in enlarging the frame of introductory American history courses to an international view The contributors include well known American history scholars as well as gifted classroom teachers and the book s emphasis on immigration race and gender points to ways for teachers to integrate international and multicultural education America in the World and the World in America in their courses The book also includes a Views from Abroad section that examines problems and strategies for teaching American history to foreign audiences or recent immigrants A comprehensive annotated guide directs teachers to additional print and online resources **Daily Life through American History in Primary Documents** Randall M. Miller,Theodore J. Zeman,Francis J. Sicius,Jolyon P. Girard,2011-12-12 With this book students teachers and general readers get a most important look at

primary documents essentially history's first draft revealing rare insights into how American life in past eras really was and also about how professional historians begin their work *Daily Life through American History in Primary Documents* presents a large sweep of American history through the voices of the American people themselves This multivolume work explores the daily lives of American people from colonial times to the present through primary documents that include diaries letters memoirs speeches sermons pamphlets and all manner of public and private writings from the people The emphasis is on the variety of people's experiences as they ordered and lived their daily lives The cast includes Americans of every class and condition men and women parents and children free and unfree native born and immigrant Hundreds of images further illustrate American life as it developed over more than four centuries and as Americans moved across a continent Organized both chronologically and topically this collection invites many uses by students teachers librarians and anyone wanting to discover what counted in American lives at any one time and over time Its focus on primary documents encourages readers of the volume to explore specific and critical events by taking a firsthand look at the actual documents from which those events draw historical meaning The documents show Americans at work at home at play in the public square in places of worship and on the move As such they perfectly complement the acclaimed *Greenwood Encyclopedia of Daily Life in America* and will enrich any American history social science and sociology classroom

Reviewing **Main Problems In American History Main Problems In American History**: Unlocking the Spellbinding Force of Linguistics
