Queering Tribal Folktales from East and Northeast India Kaustav Chakraborty, 2020-12-08 This book explores queer potentialities in the tribal folktales of India. It elucidates the queer elements in the oral narratives of four indigenous communities from East and Northeast India which are found to be significant repositories of gender fluidity and non-normative desires. Departing from the popular understanding that Otherness results largely from undue exposure to Western permissiveness, the author reveals how minority sexualities actually have their roots in aboriginal indigenous cultures and do not necessarily constitute a mimicry of the West. The volume endeavours to demystify the politics behind such vindictive propagation to sensitize the queerphobic mainstream about the essential endogenous presence of the queer in the spaces that are aboriginal. Based on extensive interdisciplinary research, this book is a first of its kind in the study of indigenous queer narratives. It will be useful to scholars and researchers of queer studies, gender studies, tribal and indigenous studies, literature, cultural studies, postcolonialism, sociology, political studies, and South Asian studies.

Conference Proceedings Dr Sheetal Sharma & Dr Shruti Singh, The International Conference on Emerging Socio-cultural and Political Issues India and Europe is organised by Amity Institute of Social Sciences, Amity University Noida, Uttar Pradesh, in collaboration with Jean Monnet Module and Centre for European Studies, Jawaharlal Nehru University, on May 24-25, 2021. The aim of the conference is to develop an understanding of the dynamics of social change and development taking place in European and Indian society. Both India and Europe are taking firm strides towards cooperation and development, specially in the post-pandemic era. In this context, the conference aims in developing a new path for structuring and building a new vision and ideas for strong partnership between the two. The main objective of the Conference is to deliver a new understanding of various issues ranging from society, culture, politics, and environment. It shall look into these issues from a different prism in the post-pandemic era.

Through the Gender Lens Chilka Ghosh, 2024-02-01 As its name suggests, this book has viewed certain social practices, beliefs, and phenomena from a gender perspective. Perspectives of the male, female, and the third gender. Since there are essential differences between the ways the people of different sexual categories, those whose orientations match with their sex assigned at birth and those whose do not, are socialized and trained, people develop different perspectives of the same social phenomenon and react accordingly. Furthermore, they experience the same things as poverty and natural calamities for example in different ways. This is not to say that gender identities are not wrought by class, caste, and other socially produced differences. The volume explores and questions the different forms that the gender differences, twisted by class, caste, and rural-urban divides, take. It exposes the different ways in which gender difference affects our known world of family, health care, political rights, rapidly changing economic environment, and entertainment, as also the lesser-known world of folk lore and
