“An” Exposition of the Old Testament John Gill,1810 *The Book of Numbers* Alan Hugh McNeile,1911 **A Practical and Elementary Abridgment of the Cases Argued and Determined in the Courts of King's Bench, Common Pleas, Exchequer, and at Nisi Prius** Charles Petersdorff,1831 *The Promise to the Patriarchs* Joel S. Baden,2013-02-19

The promise of land and progeny to the patriarchs Abraham Isaac and Jacob is a central recurring feature of the Pentateuch From the beginning of the story of Abraham to the last moment of Moses s life this promise forms the guiding theological statement for each narrative Yet literary and historical inquiries ascribe the promise texts to a variety of sources layers and redactions raising questions about how the promise functioned in its original manifestations and how it can be used to understand the formation of the Pentateuch as a whole Joel S Baden reexamines the patriarchal promise in its historical and contemporaneous contexts evaluating the benefits and drawbacks of both final form and literary historical approaches to the promise He pays close attention to the methodologies employed in both documentary and non documentary analyses and aims to bring source critical analysis of the promise to bear on the understanding of the canonical text for contemporary readers The Promise to the Patriarchs addresses the question of how the literary historical perspective can illuminate and even deepen the theological meaning of the Pentateuch particularly of the promise at the heart of this central biblical corpus

The Nowhere Bible Frauke Uhlenbruch,2015-03-10 The Bible contains passages that allow both scholars and believers to project their hopes and fears onto ever changing empirical realities By reading specific biblical passages as utopia and dystopia this volume raises questions about reconstructing the past the impact of wishful imagination on reality and the hermeneutic implications of dealing with utopia good place yet no place as a method and a concept in biblical studies A believer like William Bradford might approach a biblical passage as utopia by reading it as instructions for bringing about a significantly changed society in reality even at the cost of becoming an oppressor A contemporary biblical scholar might approach the same passage with the ambition of locating the historical reality behind it finding the places it describes on a map or arriving at a conclusion about the social reality experienced by a historical community of redactors These utopian goals are projected onto a utopian text This volume advocates an honest hermeneutical approach to the question of how reliably a past reality can be reconstructed from a biblical passage and it aims to provide an example of disclosing not obscuring pre suppositions brought to the text
