Cain, Jr.,2006-04-18 In Victorian England a marked fear of Russia prevailed in the government and the public As a result of the Crimean War and other Russian threats to the British empire the English mind was haunted by a shadowy enemy of barbarous Eastern invaders The influence of this Russophobia is evident in the works of Bram Stoker who responded to the Russian challenge to British Imperial hegemony through the character of Dracula a primitive and menacing Eastern figure destroyed by warriors pledged to the Crown The text investigates the role of Russophobia in Stoker s fiction particularly his novels Dracula and The Lady of the Shroud It offers historical information about Russophobia and the Crimean War considers Slavic and Balkan connections and analyzes Stoker s vampire themes The resulting work shows how two nations histories intertwine in an unexpected literary avenue Illustrations include numerous political cartoons of the era **View From the Murney Tower** Richard Allen,2008-06-15 Salem Goldworth Bland 1859 1950 was among the most significant religious leaders in Canadian history A Methodist and later United Church minister Bland s long career and widespread influence made him a leading figure in the popularizing of liberal theology social reform and the Social Gospel movement He was also a man who struggled with the polarities of evangelical faith and worldly culture and who sought a unifying world view in the mentoring of Sir J William Dawson in the sciences George Monro Grant in public affairs and John Watson in philosophy The View from the Murney Tower is a two volume biography of Salem Bland by Richard Allen author of

The Rule of the Clan Mark S. Weiner, 2013-03-12 A revealing look at the role kin based societies have played throughout history and around the world A lively wide ranging meditation on human development that offers surprising lessons for the future of modern individualism The Rule of the Clan examines the constitutional principles and cultural institutions of kin based societies from medieval Iceland to modern Pakistan Mark S Weiner an expert in constitutional law and legal history shows us that true individual freedom depends on the existence of a robust state dedicated to the public interest In the absence of a healthy state he explains humans naturally tend to create legal structures centered not on individuals but rather on extended family groups The modern liberal state makes individualism possible by keeping this powerful drive in check and we ignore the continuing threat to liberal values and institutions at our peril At the same time for modern individualism to survive liberals must also acknowledge the profound social and psychological benefits the rule of the clan provides and recognize the loss humanity sustains in its transition to modernity Masterfully argued and filled with rich historical detail Weiner's investigation speaks both to modern liberal societies and to developing nations riven by clannism including Muslim societies in the wake of the Arab Spring
