**Magic of the Ordinary** Gershon Winkler, 2003-01-10 A spiritual crisis sent Orthodox rabbi Gershon Winkler to remote regions of the Southwest where he studied with Native American healers From them he began to recover the long lost wisdom of what he calls Aboriginal Judaism the religion s tribal roots This book tracks his personal journey and draws from a dazzling mix of sources to detail the surprising connections between two seemingly unrelated religions Torah as a Guide to Enlightenment Gabriel Cousens, 2011 Focusing on a deep metaphysical interpretation of the Torah Torah as a Guide to Enlightenment presents for the first time the original intention of the Jewish tradition an explicit guide to liberation from the mystical Jewish enlightenment point of view Provided by publisher **Travels with the Evil Inclination** Gershon Winkler, 2004 According to Jewish theology the Evil Inclination or yetzer ha ra is the little voice inside us all goading us against our better judgment to do bad things Travels with the Evil Inclination is Gershon Winkler s hilarious account of his struggles with the Evil One and the life journey that takes him from an ultra Orthodox upbringing in Brooklyn New York to an ultra Flexidox lifestyle in rural New Mexico Through his early childhood in Denmark and his yeshiva boyhood in Brooklyn his years in the U S Army and those spent ranching in Colorado Winkler s faith and belief undergo constant upheaval as he grapples towards a reconciliation of his passion for religious tradition with his passion for things more earthly With irreverence and humor Winkler tells his tale of personal spiritual dissolution and his subsequent re emergence as a teacher and writer exploring the long forgotten connections between Judaism and shamanism Travels with the Evil Inclination is an inspiring and entertaining story of the unusual life of a most original man Forthcoming Books Rose Arny, 2003 Daily Kabbalah Gershon Winkler, 2011-10-25 From sorcery to animal totems buzzard feathers to hawk spirits talking trees to magical stones sacred circles to healing rituals the Kabbalah brings readers a rich body of ancient wisdom that has been long neglected and even longer misunderstood The Kabbalah celebrates a quality of consciousness that enables one to experience magic in the ordinary miracles in the natural course of events and spirituality in the physical Its roots are as old and rich as most aboriginal shamanic traditions sharing in common with many of them the belief that all of creation is alive from animals and plants to the sun and the moon The uniqueness of this book lies in its selections from this rare tradition of Jewish mystery wisdom Culled from ancient and medieval Hebraic and Aramaic sources much of this material has been hidden in dusty archives or obscure translations These short selected readings are intended as contemplative inspirational and even entertaining extracts As short as a few lines or as long as a page they are translated and paraphrased here to render them accessible to readers of all backgrounds and spiritual paths **Jewish Culture and History** , 2006 **New Age Judaism** Celia Rothenberg, Anne Vallely, 2008 This work explores a range of experiences and conceptualizations of New Age Judaism an imprecise term denoting new and evolving forms of North American Judaism that are typically innovative combinative and often controversial It focuses much needed scholarly attention on these new forms and expressions of Judaism **Wayward**

**Shamans** Silvia Tomšková, 2013-05-03 Wayward Shamans tells the story of an idea that humanity's first expression of art, religion, and creativity found form in the figure of a proto priest known as a shaman. Tracing this classic category of the history of anthropology back to the emergence of the term in Siberia, the work follows the trajectory of European knowledge about the continent's eastern frontier. The ethnographic record left by German natural historians engaged in the Russian colonial expansion project in the 18th century includes a range of shamanic practitioners varied by gender and age. Later accounts by exiled Russian revolutionaries noted transgendered shamans. This variation vanished, however, in the translation of shamanism into archaeology theory, where a male sorcerer emerged as the key agent of prehistoric art. More recent efforts to provide a universal shamanic explanation for rock art via South Africa and neurobiology likewise gloss over historical evidence of diversity. By contrast, this book argues for recognizing indeterminacy in the categories we use and reopening them by recalling their complex history. *Books In Print* 2004-2005 Ed Bowker, Staff, Staff Bowker, Ed, 2004

*The Environment of Compassion* Cia Sautter, 2025-05-09 The Environment of Compassion explores questions of what it means to be in relationship to nature, if and how it is a religious experience, and how understanding humans as part of nature alters theology. The book offers a performance perspective that looks at ritual, dance, and theatre as a means of presenting discussion of sacred values in the public realm. The premise is that performance may serve as an effective means for developing human sacred values that recognize the more-than-human world as it increases intersubjective awareness to address issues of social and environmental justice. The author investigates religion and theatre as a means of better understanding how eco-consciousness requires an aesthetic of the sacred. Rather than separate religion, culture, and nature, the book presents an aesthetic looking at the relationship between them. It considers how an embodied theatrical story might develop an inclusive community of compassion. Weaving the chapters together is an account of The Garden A Refuge, an eco-centered play based on the biblical book of Job. Ecotheology, aesthetics, and embodiment theories are examined throughout with scholarship and examples drawn largely from the Jewish tradition. The book is relevant to scholars of religion and theology, particularly those with an interest in the environment as well as theatre, dance, and performance studies. *Magic and Ritual in the Ancient World* Paul Allan Mirecki, Marvin W. Meyer, 2002 This volume contains a series of provocative essays that explore expressions of magic and ritual power in the ancient world. The strength of the present volume lies in the breadth of scholarly approaches represented. The book begins with several papyrological studies presenting important new texts in Greek and Coptic, continuing with essays focussing on taxonomy and definition. The concluding essays apply contemporary theories to analyses of specific test cases in a broad variety of ancient Mediterranean cultures. Paul Mirecki Th.D. 1986 in Religious Studies, Harvard Divinity School, is Associate Professor of Religious Studies at the University of Kansas. Marvin Meyer Ph.D. 1979 in Religion, Claremont Graduate School, is Professor of Religion at Chapman University, Orange, California, and Director of the Coptic Magical Texts Project of the Institute for Antiquity and Christianity.
