Religion and the Implications of Radical Life Extension C. Mercer, D. Maher, 2009-08-31 If the science of radical life extension is realized and the technology becomes widely available it would arguably have a more radical impact on humanity than any other development in history This book is the first concerted effort to explore implications of radical life extension from the perspective of the world's major religious traditions *The Routledge Companion to Christian Ethics* D. Miles, 2023-01-01 The Routledge Companion to Christian Ethics brings together two different but related disciplines the first is contemplative or theoretical asking what are the beliefs or doctrines that characterize Christianity whilst the second is practical asking what are the ethical practices that attend its teachings The movement between the theoretical and practical aspects is not however one way as doctrine and life are mutually informing In this comprehensive volume leading scholars address key topics problems and debates in this hotly debated topic within a truly global context Comprising over 35 chapters by a team of international contributors the handbook is divided into three parts based on the three persons of the Trinity God the Father God the Son and God the Holy Spirit Within these sections cutting edge issues are examined including God and genetics War peace and violence White supremacy Creation and sexuality Digital ethics Transgender studies Climate change Immigration and refugees Adopting a practical approach that must consider new concerns that have arisen with recent social political and cultural shifts The Routledge Companion to Christian Ethics is essential reading for students and researchers in Christian ethics religious ethics and Christianity studies The handbook will also be very useful for those in related fields such as ethics and philosophy [Life on the Line](#) John Frederic Kilner, 1992 In today's society where life and death are increasingly becoming matters of choice life is on the line Kilner explores topics such as active and passive euthanasia suicide quality of life living wills and the criteria for deciding who will receive access to vital treatments that cannot be provided to all Contrasts a Biblically grounded ethics with other ethical approaches commonly employed today *Journal of the Society of Christian Ethics*, 2008

Proceedings of the Meaning in Life International Conference 2022 - Cultivating, Promoting, and Enhancing Meaning in Life Across Cultures and Life Span (MIL 2022) Alex Chi-Keung Chan, Michael F. Steger, Raymond Chi-Fai Chui, Nicolson Yat-Fan Siu, Susanna Chung Ping Wong Ip, Bess Yin-Hung Lam, 2023-02-10 This is an open access book Meaning in Life MIL International Conference 2022 Cultivating Promoting and Enhancing Meaning in Life Across Cultures and Life Span will be held On 22-25 June 2022 Onsite Live Online at The Hong Kong Shue Yan University Hong Kong China The concept of meaning in life MIL has recently earned a renaissance of interest Although MIL has always been framed as significant for human survival it has simultaneously been portrayed as chronically lacking in people's lives Furthermore though MIL has been seen as a universal need it is also highly idiosyncratic These paradoxes of MIL being a basic necessity but also a rare commodity and as being universal yet idiosyncratic have driven the quest for meaning throughout history and across disciplines The COVID 19

pandemic has not only been changing and impacting the ways we live but also initiates us to quest more about what still makes life meaningful in this chaotic challenging and uncertain world The increasing quest for MIL provides the driver for meaning enhancing interventions and meaning centered practices but the efficacy of these interventions is influenced by cultural and developmental moderators Thus the MIL International Conference 2022 will focus on the theme of cultivating promoting and enhancing meaning in life across cultures and life span and welcomes paper presentations that share and discuss empirical based and evidence based MIL research practice and applications
