**Resources in Education** ,2001-10      **Playing Outdoors in the Early Years** Ros Garrick, 2009-10-19 A recent report has found that young children are not receiving the play based education they are supposed to because of pressure on practitioners to prepare for more formal learning in later years In this engaging and stimulating guide Ros Garrick considers every aspect of outdoor play from its rationale in early childhood

education to incorporating it successfully into the curriculum and assessing its wider implications for teaching and learning This new edition has been brought up to date with recent national and international research the Every Child Matters Agenda and the Early Years Foundation Stage guidance New case studies and examples of international practice are included as well as a fully updated list of useful organizations and agencies *Early Childhood Studies* Rod

Parker-Rees, Caroline Leeson, 2015-07-13 For students of Early Childhood Studies questions are as important as answers What is childhood Is childhood the same in all cultures How do children grow and develop What space do we make for children in our society How do adults approach risk and what does this mean for children Can children's play be planned by adults Early Childhood Studies tackles these questions and more It explores the why how and what of studying and working with young children and their families considering how a range of theories can help us to identify useful questions This is a comprehensive up to date challenging and accessible core text for the Early Childhood Studies course Throughout key theories and research findings are highlighted and explored to help link theory and practice It covers the important themes of child development communication wellbeing observation working with parents inclusive practice leadership and research This fourth edition has been fully updated throughout and includes new chapters on children and risk inclusive learning environments play and adults concepts of childhood

EBOOK: FOUNDATIONS OF LEARNING Julie Fisher, 2002-02-16 The introduction of the Foundation Stage for children age three to becoming six has had a profound impact on policy and practice in early education in the UK The choice of the word foundation to describe this first stage of learning has emphasised the importance of children's earliest experiences in underpinning all their subsequent attitudes and achievements In this innovative and challenging book Julie Fisher has brought together some of the country's leading early years specialists to explore how educators can establish firm foundations for young children's learning The themes in the book are stimulated by the metaphor of foundations with an introduction by an architect who explains the principles of establishing firm foundations for buildings Each of these established engineering principles is then creatively explored from an educational perspective as the authors seek to question how the foundations laid for buildings can offer fresh insights into the principles for creating firm foundations for learning **ICT in the Early Years** Mark O'Hara, 2004-04-28 Mark O'Hara demonstrates how ICT can be used to motivate excite and enthuse young children in their learning while at the same time addressing the more common concerns voiced by early years practitioners This book provides guidance on all aspects of teaching using ICT
