apology at all from a policeman at a crossroad to the Byzantine Emperor As Howard lucidly demonstrates the controlling factor behind Williams work is an essentially Christian worldview in which heaven and hell seem to lurk under every bush and the constant theme is order versus disintegration Concentrating on Williams novels Howard brilliantly illuminates the major concerns that informed all of Williams thinking Howard also considers Williams work in the context of modern fictional practice and assesses its place in the tradition of the English language novel *The Advocate*, 1998 **Grainger &**
