bestseller Critics agree Michael Wolff's *Landslide* is THE book on Trump *Landslide* is the one to leap upon Smart vivid and intrepid The New York Times I inhaled *Landslide* gobbled it up Slate Wow Just wow Evening Standard Cruel unforgiving muckraking scandalous I couldn't stop reading it The Telegraph We all witnessed some of the most shocking and confounding political events of our lifetime the careening last stage of Donald J Trump's reelection campaign the president's audacious election challenge the harrowing mayhem of January 6 the buffoonery of the second impeachment trial But what was really going on in the inner sanctum of the White House during these calamitous events What did the president and his dwindling cadre of loyalists actually believe And what were they planning Michael Wolff pulled back the curtain on the Trump presidency with his 1 bestselling blockbuster *Fire and Fury* Now in *Landslide* he closes the door on the presidency with a final astonishingly candid account Wolff embedded himself in the White House in 2017 and gave us a vivid picture of the chaos that had descended on Washington Almost four years later Wolff finds the Oval Office even more chaotic and bizarre a kind of Star Wars bar scene At all times of the day Trump behind the Resolute desk is surrounded by schemers and unqualified sycophants who spoon feed him the alternative facts he hungers to hear about COVID 19 Black Lives Matter protests and most of all his chance of winning reelection Once again Wolff has gotten top level access and takes us front row as Trump's circle of plotters whittles down to the most enabling and the president reaches beyond the bounds of democracy as he entertains the idea of martial law and balks at calling off the insurrectionist mob that threatens the institution of democracy itself As the Trump presidency's hold over the country spiraled out of control an untold and human account of desperation duplicity and delusion was unfolding within the West Wing *Landslide* is that story as only Michael Wolff can tell it

The Fall Michael Wolff, 2023-09-26 New York Times Bestseller All happy families are alike each unhappy family is unhappy in its own way Leo Tolstoy Anna Karenina Michael Wolff's books were my foundation and port of entry for working on Succession Jeremy Strong Kendall Roy Meet the Murdochs and the disastrously dysfunctional family of Fox News Until recently they formed the most powerful media and political force in the land for better or worse Now their empire is cracking up and crashing down For almost three decades Fox News has not only made political careers see President Donald J Trump but also fundamentally altered the political landscape of the United States It is a truism as Fox goes so goes the nation into further divisiveness and awash in fake news a gleefully polarizing company But just as Fox has pushed America apart now it too is coming apart As is the family dynasty behind it In his irresistible trilogy on the chaotic presidency of Donald Trump Fire and Fury Siege and Landslide the gadfly journalist Michael Wolff led readers deep into the twisted corridors of the White House Now drawing on years of unprecedented access to the Murdoch family and key players in the world of Fox he plunges us behind the scenes of another empire of influence and the result is astonishing and unforgettable Here is Rupert Murdoch the ninety two year old Australian billionaire a fading titan concerned about his legacy but more concerned about profits Here are his contentious progeny jockeying to take over when the old man is gone Here is star anchor Tucker Carlson hiding out in his island homes considering a run for the presidency while his bosses have other plans for him Sean Hannity the richest man in television has his own plans to put the former POTUS back in office against the bosses wishes Meanwhile Laura Ingraham is just trying to survive in the last man's man's world Empires fall Kingdoms come to an end As lawsuits pummel the financial bedrock and reputation of the network anchors scramble and the battling Murdoch heirs make the Roys of TV's Succession seem downright Brady Bunch Michael Wolff documents in riveting and revelatory real time the final days of Fox News

Animals as Legal Beings Maneesha Deckha,2020-12-16 In *Animals as Legal Beings* Maneesha Deckha critically examines how Canadian law and by extension other legal orders around the world participate in the social construction of the human animal divide and the abject rendering of animals as property Through a rigorous but cogent analysis Deckha calls for replacing the exploitative property classification for animals with a new transformative legal status or subjectivity called beingness In developing a new legal subjectivity for animals one oriented toward respecting animals for who they are rather than their proximity to idealized versions of humanness *Animals as Legal Beings* seeks to bring critical animal theorizations and animal law closer together Throughout Deckha draws upon the feminist animal care tradition as well as feminist theories of embodiment and relationality postcolonial theory and critical animal studies Her argument is critical of the liberal legal view of animals and directed at a legal subjectivity for animals attentive to their embodied vulnerability and desirous of an animal friendly cultural shift in the core foundations of anthropocentric legal systems Theoretically informed yet accessibly presented *Animals as Legal Beings* makes a significant contribution to an array of interdisciplinary debates and is an innovative and astute argument for a meaningful more than human turn in law and policy
