Schooner From Windward Two Centuries Of Hawaiian Interisland Shipping:

Schooner from Windward Mifflin Thomas, 1983 History of travel by sea along the Hawaiian coasts and between the Hawaiian Islands *Shipwrecked in Paradise* Paul F. Johnston, 2015-09-14 Winner 2016 Secretary's Research Award sponsored by the Smithsonian Institution awarded for author's contributions to research The first oceangoing yacht ever built in America Cleopatra's Barge endured many incarnations over her eight year life from Mediterranean pleasure cruiser to a Hawaiian king's personal yacht The famed ship at times also a Christian missionary transport pirate ship getaway vehicle instrument of diplomacy and racing yacht wrecked on a reef in Hanalei Bay on April 6 1824 Obtaining the first underwater archaeological permits ever issued by the state of Hawaii a team of divers from the Smithsonian Institution located surveyed and excavated the wrecked ship from 1995 to 2000 The 1 250 lots of artifacts from the shipwreck represent the only known material culture from the reign of King Kamehameha II Liholiho shedding light on the little documented transitional period from Old Hawaii to foreign influence and culture Although Liholiho ruled Hawaii for only a few short years his abolition of taboos and admission of the Boston Christian missionaries into his kingdom planted the seeds for profound changes in Hawaiian culture Richly illustrated *Shipwrecked in Paradise* tells the story of the ship's life in Hawaii from her 1820 sale to Liholiho to her discovery and excavation Double Ghosts David A. Chappell, 2016-09-16 This narrative recounts the 18th and 19th century shipping out of Pacific islanders aboard European and American vessels a kind of counter exploring that echoed the ancient voyages of settlement of their island ancestors **The People of the Sea** Paul D'Arcy, 2006-01-01 Countering the dominant paradigms of recent Pacific Islands historiography which tend to limit understanding of the sea's importance this volume emphasizes the flux in the maritime environment and how it instilled an expectation and openness toward outside influences and the rapidity with which cultural change could occur in relations between various Islander groups Students and scholars of Pacific history and environmental and cultural studies will welcome this re evaluation of the sea's influence in Oceanic history BOOK JACKET **Hawaiian History** Richard Lightner, 2004-08-30 Hawaii has been referred to as the crossroads of the Pacific This book illustrates how many world cultures and customs meet in the Hawaiian Islands providing a chronological overview highlighted by extracts from important works that express Hawaii's unique history This work starts with chronological chapters on general and ancient Hawaiian history and continues through early Western contact the 19th century and Hawaii's annexation to the United States Topics include politics religion social issues business ethnic groups and race relations **International Handbook of Underwater Archaeology** Carol V. Ruppe, Jane F. Barstad, 2013-11-11 Although underwater archaeology has assumed its rightful place as an important subdiscipline in the field the published literature has not kept pace with the rapid increase in the number of both prehistoric and historic underwater sites The editors have assembled an internationally distinguished roster of contributors to fill this gap In addition to both geographical and topical approaches the chapters also focus on technology law public and private institutional roles

and goals and the research and development of future technologies and public programs

Hawai'i Robert F. Oaks, 2003-11-01 Although its soils are the youngest in the Hawaiian chain the Big Island's chronicles are at times epic tragic and heroic but always fascinating Modern Hawai'i is filled with tradition and mythology accommodating influences as diverse as its inviting landscape Kamehameha stood tall to mold this nascent region into a unified kingdom and others fought to sustain it while outside forces molded and shaped this island in astonishing ways

Oceania under steam Frances Steel, 2017-02-01 The age of steam was the age of Britain's global maritime dominance the age of enormous ocean liners and human mastery over the seas The world seemed to shrink as timetabled shipping mapped out faster more efficient and more reliable transoceanic networks But what did this transport revolution look like at the other end of the line at the edge of empire in the South Pacific Through the historical example of the largest and most important regional maritime enterprise the Union Steam Ship Company of New Zealand Frances Steel eloquently charts the diverse and often conflicting interests itineraries and experiences of commercial and political elites common seamen and stewardesses and Islander dock workers and passengers Drawing on a variety of sources including shipping company archives imperial conference proceedings diaries newspapers and photographs this book will appeal to cultural historians and geographers of British imperialism scholars of transport and mobility studies and historians of New Zealand and the Pacific

Loyal to the Land Billy Bergin, 2003-05-14 Loyal to the Land is a sweeping history of one of the United States largest working ranches the Big Island of Hawaii's Parker Ranch Dr Bergin chronicles the ranch from its establishment on

two acres purchased for ten dollars by John Palmer Parker to the years following World War II and the beginning of a new era of family ranch management under Parker's grandson Richard Smart. In this wide-ranging and insightful book illustrated with more than 250 historical photos, Dr. Bergin first discusses the important Hispanic vaquero roots of ranching in Hawaii. He then relates the histories of the five foundation families, providing rich and detailed information on key members who contributed to the Ranch's success. The balance of the book examines every aspect of Parker Ranch development: management, labor improvements, and diversification of livestock, veterinary, and animal care programs, and the Ranch's role and influence on the Big Island and the state. *Merchant Prince of the Sandalwood Mountains* Bob Dye, 1997-01-01

Merchant Prince of the Sandalwood Mountains will give readers an in-depth account of one of Hawaii's most intriguing personalities and the role of the Chinese in nineteenth-century Hawaii. Johnny Wilson Bob Krauss, 1994-08-01

Entrepreneur, impresario, engineer, Johnny Wilson was all of these in addition to being one of Hawaii's most formidable politicians. This is the first biography of John Henry Wilson, whose career spanned the first half of the twentieth century and the wide gulf between Hawaiian monarchy and Hawaii's statehood. Born in 1871, the son of Queen Liliuokalani's marshal, the part-Hawaiian, part-Tahitian, part-Scott, part-Irish road contractor cum music promoter ran for his first political office at age forty-seven as a reluctant senatorial candidate for the Democratic party at the time known as the party of the unwashed. Wilson lost the race but went on to win many others, serving as Democratic national committeeman for three decades and as mayor of Honolulu for fourteen years between 1920 and 1954. Many facets of Wilson's life dramatize that colorful transition period in Hawaii's history. As the son of a royal official, Wilson harbored his own ideas about the revolt that overthrew the monarchy. His diaries provide important historical information about early Hawaiian music and dance. The dreams and accomplishments of this early union sympathizer and founder of Hawaii's Democratic party constitute a unique political history of the territory almost in its entirety. In his familiar, engaging style, veteran newspaper reporter Bob Krauss has recorded the legend of Johnny Wilson. **The Tourism Area Life Cycle: Conceptual and theoretical issues** Richard Butler, 2006

This book is divided into five sections: the conceptual origins of the TALC, spatial relationships and the TALC, alternative conceptual approaches, renewing or retiring with the TALC, and predicting with the TALC. It concludes with a review of the future potential of the model in the area of the destination development process. *The Tourism Area Life Cycle* Richard Butler, 2006

Examining the tourism area life cycle (TALC) system in depth, this book is divided into four sections: the foundations of the TALC, the TALC in heritage settings, local involvement, and the TALC and rejuvenation. It subsequently concludes with a discussion on the TALC model in relation to sustainability. Connecting the Kingdom Peter R. Mills, 2022-12-31

In this groundbreaking work, Peter Mills reveals a wealth of insight into the emergence of the Hawaiian nation-state from sources mostly ignored by colonial and post-colonial historians alike. By examining how early Hawaiian chiefs appropriated Western sailing technology to help build their island nation, Mills presents the fascinating history of sixty

Hawaiian owned schooners brigs barks and peleleu canoes While these vessels have often been dismissed as examples of chiefly folly Mills highlights their significance in Hawai i s rapidly evolving monarchy and aptly demonstrates how the monarchy s own nineteenth century sailing fleet facilitated fundamental transformations of interisland tributary systems alliance building exchange systems and emergent forms of Indigenous capitalism Part One covers broad trends in Hawai i s changing maritime traditions beginning with the evolution of Hawaiian archaic states in the precontact era Mills argues that Indigenous trends towards political intensification under the predecessors to Kamehameha I set the stage for Kamehameha s own rapid appropriation of Western sailing vessels From the first procurement of a Western style vessel in 1790 through the beginning of the constitutional monarchy in 1840 these vessels were part of a nuanced strategy that promoted a diverse revenue base for the monarchy and developed greater international parity in Hawai i s foreign diplomacy Part Two presents the histories of the sixty vessels owned by Hawaiian chiefs between 1790 and 1840 discussing their significance origin physical attributes ownership procurement and purpose Using newspapers and other contemporaneous sources Mills uncovers little known details of more than 2 000 voyages around and between the islands and to distant parts of the Pacific His meticulous documentation of each ship s itinerary is a valuable resource for tracking the movement of chiefs and commoners between islands as they engaged in the business of building a newly interconnected Hawaiian nation Part Three connects these previously neglected maritime stories with an expanding body of historical treatments of Hawaiian agency Readers with enthusiasm for life in nineteenth century Hawai i will appreciate the entertaining and at times deeply moving glimpses into the daily lives of individuals in Hawai i s pluralistic port communities Hawai'i's Scenic Roads Dawn E. Duensing, 2015-03-31 Hawai i s Scenic Roads examines a century of overland transportation from the Kingdom s first constitutional government until World War II discovering how roads in the world s most isolated archipelago rivaled those on the U S mainland Building Hawai i s roads was no easy feat as engineers confronted a unique combination of circumstances extreme isolation mountainous topography torrential rains deserts volcanic eruptions earthquakes and on Haleakal freezing temperatures By investigating the politics and social processes that facilitated road projects this study explains that foreign settlers wanted roads to civilize the Hawaiians and promote western economic development specifically agriculture Once sugar became the dominant driver in the economy civic and political leaders turned their attention to constructing scenic roads Viewed as commercial enterprises scenic byways became an essential factor in establishing tourism as Hawai i s third crop after sugar and pineapple These thoroughfares also served as playgrounds for the islands elite residents and wealthy visitors who could afford the luxury of carriage driving and after 1900 motorcars Duensing s provocative analysis of the 1924 Hawai i Bill of Rights reveals that roads played a critical role in redefining the Territory of Hawai i s status within the United States Politicians and civic leaders focused on highway funding to argue that Hawai i was an integral part of the Union thus entitled to be treated as if it were a state By accepting this Bill of Rights Congress confirmed the territory s claim to access

federal programs especially highway aid Washington's subsequent involvement in Hawaii increased as did the islands dependence on the national government Federal money helped the territory weather the Great Depression as it became enmeshed in New Deal programs and philosophy Although primarily an economic protest the Hawai i Bill of Rights was a crucial stepping stone on the path to eventual statehood in 1959 The core of this book is the intriguing tales of road projects that established the islands most renowned scenic drives including the Pali Highway byways around K lauea Volcano Haleakal Highway and the H na Belt Road The author's unique approach provides a fascinating perspective for understanding Hawai i's social dynamics as well as its political environmental and economic history **Reworking Race** Moon-Kie Jung, 2010-02-26 In the middle decades of the twentieth century Hawai i changed rapidly from a conservative oligarchy firmly controlled by a Euro American elite to arguably the most progressive part of the United States Spearheading the shift were tens of thousands of sugar pineapple and dock workers who challenged their powerful employers by joining the left led International Longshoremen and Warehousemen's Union In this theoretically innovative study Moon Kie Jung explains how Filipinos Japanese Portuguese and others overcame entrenched racial divisions and successfully mobilized a mass working class movement He overturns the unquestioned assumption that this interracial effort traded racial politics for class politics Instead the movement reworked race by incorporating and rearticulating racial meanings and practices into a new ideology of class Through its groundbreaking historical analysis Reworking Race radically rethinks interracial politics in theory and practice **Kalaupapa Place Names** John R. K. Clark, 2018-04-30 In Kalaupapa Place Names John Clark presents a unique history of the leprosy settlement on Moloka i based on his meticulous research of more than three hundred Hawaiian language newspaper articles He first assembled an extensive list of familiar and long forgotten place names associated with the Kalaupapa peninsula and then searched for them in the online repository of Hawaiian language newspapers With translation assistance by I sona Ellinwood and Keao NeSmith he discovered articles that show a community of Hawaiians from every island except uninhabited Kaho olawe Their stories reveal an active community with its members trying to live their lives as normally as possible in the face of a debilitating disease The first section of the book contains newspaper articles arranged under an alphabetical listing of place names The second section organizes the material into chronological segments from before the establishment of the Kalaupapa Settlement to the death of Mother Marianne Cope in 1918 These two sections are followed by a collection of kanikau or lamentations interviews with Kalaupapa residents and a list of Hawaiian language newspapers Introductory paragraphs for groupings of newspaper articles assist the reader in visualizing the physical landscape and understanding the history and significance of a particular location The poetry of the Hawaiian language is evident throughout the translations especially in the kanikau Annual Report of the Hawaiian Historical Society Hawaiian Historical Society, 1984 Many of the reports include papers Hawaii Documents , 1983
