Bell, Yair Mintzker, 2018-09-04 Much of the historiography on the age of democratic revolutions has seemed to come to a halt until recent years Historians of this period have tried to develop new explanatory paradigms but there are few that have had a lasting impact David A Bell and Yair Mintzker seek to break through the narrow views of this period with research that

reaches beyond the traditional geographical and chronological boundaries of the subject Rethinking the Age of Revolutions brings together some of the most exciting and important research now being done on the French Revolutionary era by prominent historians from North America and France Adopting a variety of approaches and tackling a wide variety of subjects such as natural rights in the early modern world the birth of celebrity culture and the phenomenon of modern political charisma among others this collection shows the continuing vitality and importance of the field This is an important book not only for specialists but for anyone interested in the origins of some of the most important issues in the politics and culture of the modern West

**Southwest Builder and Contractor** ,1921 *COVID-19: Paving the Way for a More Sustainable World* Walter Leal Filho,2021-05-25 This book gathers and disseminates opinions viewpoints studies forecasts and practical projects which illustrate the various pathways sustainability research and practice may follow in the future as the world recovers from the COVID 19 pandemic and prepares itself to the possibilities of having to cope with similar crisis a product of the Inter University Sustainable Development Research Programme IUSDRP <https://www.haw-hamburg.de/en/ftz/nk-programmes/iusdrp.html> and the European School of Sustainability Science and Research ESSSR <https://esssr.eu> The COVID 19 pandemic has led to severe human suffering and to substantial damages to economies around the globe affecting both rich countries and developing ones The aftermath of the epidemic is also expected to be felt for sometime This will also include a wide range of impacts in the ways sustainable development is perceived and how the principles of sustainability are practised There is now a pressing need to generate new literature on the connections between COVID 19 and sustainability This is so for two main reasons Firstly the world crisis triggered by COVID 19 has severely damaged the world economy worsening poverty causing hardships and endangering livelihoods Together these impacts may negatively influence the implementation of sustainable development as a whole and of the UN Sustainable Development Goals in particular These potential and expected impacts need to be better understood and quantified hence providing a support basis for future recovery efforts Secondly the shutdown caused by COVID 19 has also been having a severe impact on teaching and research especially but not only on matters related to sustainability This may also open new opportunities e g less travel more Internet based learning which should be explored further especially in the case of future pandemics a scenario which cannot be excluded The book meets these perceived needs

**Karl Langer** ,2021-12-30 Despite a European training and an early career working with Peter Behrens a migration from Vienna to the Australian state of Queensland positioned the architect Karl Langer 1903 1969 at the very edge of both European and Australian modernism Confronted by tropical heat and glare the economics of affordable housing fiercely proud and regional architectural practices and a suspicion of the foreign Langer moulded the European language of international modernism to the unique climatic and social conditions of tropical Australia This book will tell Langer s story through a series of edited essays focused on key themes and projects Published as part of the Bloomsbury Studies in Modern Architecture series which brings to light the work of significant yet overlooked modernist

architects it is both an examination of an architect's work and international legacy and also a case study in the trans global dissemination of design ideas Studying the architect's built and proposed work both regional and metropolitan the scale and reach of Langer's practice will be considered for the first time showing how given his continued influence on the contemporary culture of tropical design Langer has been unjustly ignored by the historiography of both Australian and Modernist architecture to date
