**Christiane P. Makward, Judith Graves  
Miller**

## **Marguerite Yourcenar Plays:**

**Playing the Hand We Are Dealt** Michael Jackson, 2024-10-01 The relationship between literature and life can be construed as a counterpoint of fate and freewill Rather than equating fate to the hand we are dealt which is reducible to the social or familial environments into which we are born this book explores the idea of fate through the books that shape our lives and under whose influence we write Writing in this sense is seen as beyond its utility of making meaning It is a way of recovering agency in the face of overwhelming experiences In juxtaposing factuality and fiction the author makes a case for a radically empirical approach to human experience *Plays by French and Francophone Women* Christiane P.

Makward, Judith Graves Miller, 1994 A rich collection of plays by French and francophone women writers in English translation *The Troubling Play of Gender* Maria Stadter Fox, 2001 Although these three modernist writers were not primarily playwrights as expatriates they were interested in the Euripidean theme of women in exile each independently chose to rewrite Euripides Hippolytus a play in which the protagonist is a woman in exile whose speech writing and passion are deeply problematic Each author approaches the Euripidean material in a different way Tsvetaeva focuses on gender in language Yourcenar explores the gendering of a self and H D performs the undoing of gendered oppositions **BOOK JACKET**

**Last Operas and Plays** Gertrude Stein, 1995-05-22 When I see a thing it is not a play for me but when I write something that somebody else can see then it is a play for me Gertrude Stein In the more than seventy five plays Gertrude Stein wrote between 1913 and 1946 she envisioned a new dramaturgy beginning with her pictorial conception of a play as a landscape She drew into her plays the daily flow of life around her including the natural world and turned cities villages parts of the dramatic structure and even her own friends into characters She made punctuation and typography part of her compositional style and chose words for their joyful impact as sound and wordplay For Strin the writing process itself was always important in developing the continuous present at the heart of her work Long out of print Last Opera and Plays again makes available many of Stein's most important and most produced works As a special feature it also included her thought provoking essay Plays in which she reflects on the experience in the theater of seeing and hearing and on emotion and time Now nearly a half century after her death writes Bonnie Marranca in her introduction it is indisputable that Gertrude Stein is the great

American modernist mind No American author has been more influential for more generations of artists in the worlds of theater dance music poetry painting and fiction **Alexis** Marguerite Yourcenar, 1985-10 It was with Alexis that in 1929 Marguerite Yourcenar began her career as a novelist Few literary debuts in this century are quite as astonishing for this profound analysis of a man's homosexuality was written by a young woman of twenty four The novel takes the form of a letter from the protagonist Alexis to his wife Monique His letter declares that he can no longer continue in the marriage that he must obey the demands of his own sexuality against which he has struggled in vain to achieve a freedom without which he cannot live **Back cover** **Plays** Maria Irene Fornes, 1986 Sarita Tells the story of the fiery tempered Sarita Fernandez who

is gradually torn apart by her sexual desires and moral values to the point of insanity

*Plays* Marguerite Yourcenar, 1984 Reinterpretations of classical myths and a fairy tale

**My Friend Hitler and Other Plays of Yukio Mishima** Yukio Mishima, 2002 Acclaimed Japanese novelist Yukio Mishima 1925 1970 was also a prolific playwright penning more than sixty plays nearly all of which were produced in his lifetime Hiroaki Sato is the first to translate these plays into English For this collection he has selected five major plays and three essays Mishima wrote about drama The title play is a satire that follows the breakdown of friendship between Adolf Hitler and two Nazi officials who were ultimately assassinated under orders from Hitler

*At the Periphery of the Center* Thomas J.D. Armbrecht, 2007 *At the Periphery of the Center* is the first comparison of two of France's most important twentieth century authors Julien Green and Marguerite Yourcenar It examines textual elements in their plays and novels to draw conclusions about the ways that they represent homosexuality in their texts Both Yourcenar and Green turned to drama to explore aspects of same sex desire that they felt unable to express in their prose The analysis of their plays shows that an emphasis on dialogue and action makes drama a particularly appropriate genre for writing about homosexuality because it affords an author distance and therefore protection from the proclivities of his characters The chapters on the novel show by contrast how prose fiction allows an author to explain a character's sexuality with a degree of subtlety difficult to achieve in theatre Variations in narration and paratext allow writers to avoid condemning discourses and to find an original means of expression instead *At the Periphery* brings a new textually centered approach to Green's and Yourcenar's works that is unlike the psychological analyses that often typify queer readings It will be of great interest to scholars of twentieth century French literature and of Gender Studies The book will also appeal to non academic readers however since it is about two French authors who were also American citizens and who wrote about US history and contemporary culture

*Plays* Rainer Werner Fassbinder, 1985 Fassbinder's version of modern post civilized terror was like much else about his work ahead of its time San Francisco Chronicle

*Euripides I* Euripides, 2013-04-19 *Euripides I* contains the plays *Alcestis* translated by Richmond Lattimore *Medea* translated by Oliver Taplin *The Children of Heracles* translated by Mark Griffith and *Hippolytus* translated by David Grene Many years ago the University of Chicago Press undertook a momentous project a new translation of the Greek tragedies that would be the ultimate resource for teachers students and readers They succeeded Under the expert

management of eminent classicists David Grene and Richmond Lattimore those translations combined accuracy poetic immediacy and clarity of presentation to render the surviving masterpieces of Aeschylus Sophocles and Euripides in an English so lively and compelling that they remain the standard translations The updated third editions of these classic works were designed to ensure that our Greek tragedies remain the leading English language versions throughout the twenty first century In this highly anticipated third edition Mark Griffith and Glenn W Most have carefully updated the translations to bring them even closer to the ancient Greek while retaining the vibrancy for which our English versions are famous This edition also includes brand new translations of Euripides Medea The Children of Heracles Andromache and Iphigenia among the Taurians fragments of lost plays by Aeschylus and the surviving portion of Sophocles s satyr drama The Trackers New introductions for each play offer essential information about its first production plot and reception in antiquity and beyond In addition each volume includes an introduction to the life and work of its tragedian as well as notes addressing textual uncertainties and a glossary of names and places mentioned in the plays In addition to the new content the volumes have been reorganized both within and between volumes to reflect the most up to date scholarship on the order in which the plays were originally written The result is a set of handsome paperbacks destined to introduce new generations of readers to these foundational works of Western drama art and life

**Burns Mantle Best Plays and the Year Book of the Drama in America**, 1984 **The Cambridge Paperback Guide to Theatre** Sarah Stanton, Martin Banham, 1996-03-07 Derived from The Cambridge guide to theatre\_ The Lights of Home Jason Weiss, 2014-01-02 Because of political cultural or economic difficulties in their homelands Latin American writers have often sought refuge abroad Their independent searches for a haven in which to write often ended in Paris long a city of writes in exile This is more than solely a group biography of these writers or an explication of material they wrote about Paris it is also a luminous account of the work they wrote while in Paris often based in their homelands It explores how Paris reacted to this wave of Latin American writers and how these writers absorbed Parisian influences and welded them to their own traditions setting the stage for immense success and power of works coming from Central and South America over the last half of the twentieth century *The Oxford Handbook of Dante* Manuele Gagnolati, Elena Lombardi, Francesca Southerden, 2021 Offers an original and innovative assessment of Dante s oeuvre and the medieval context Provides critical tools for approaching Dante and medieval culture Engages with the multifaceted character of Dante and his works Brings together a plurality of voices from different countries disciplines and traditions Book jacket **Transnationalism and Translation in Modern Chinese, English, French and Japanese Literatures** Ryan Johnson, 2020-12-15 The theory of literary worlds has become increasingly important in comparative and world literatures But how are the often contradictory elements of Eastern and Western literatures to cohere in the new worlds such contact creates Drawing on the latest work in philosophical logic and analytic Asian philosophy this monograph proposes a new model of literary worlds that is best suited to comparative literature dealing with Western and East Asian

traditions Unlike much discussion of world literature anchored in North American traditions featured here is the transnational work of artists philosophers and poets writing in English French Japanese and Mandarin in the twentieth century Rather than imposing sharp borders this book suggests that vague boundaries link Eastern and Western literary works and traditions and that degrees of distance can better help us to see the multiple dimensions that both distinguish and join together literary worlds East and West As such it enables us to grasp not only how East Asian and Western writers translate one another's works into their own languages and traditions but also how modern writers East and West modify their own traditions in order to make them fit in the new constellation of literary worlds brought about by the complex flow of literary information across twentieth century Eurasia

The Guernica Bull Harry C. Rutledge, 2008-06-01 In *The Guernica Bull* Harry C. Rutledge examines the use of classical motifs in twentieth century literature art and drama From the echoes of Plato's dialogues at the heart of Thomas Mann's *Death in Venice* to the retelling of the story of Harmodius and Aristogiton a story with grim parallels to Nazi Germany in Marguerite Yourcenar's *La Na* these modern works are a testament to both the creativity of modern artists and the versatility and timelessness of classical themes Rutledge finds the ideal meshing of classical images and modern sensibility in Pablo Picasso's *Guernica* The most startling classical image in the painting is the bull a Cubist face staring out from the canvas at the viewer unmoved by the scene of death and destruction around him A symbol of the intense violence and disorder which has characterized this century Picasso's Minoan bull is at the same time a symbol of creative potency and artistic achievement The classical tradition in our era is Rutledge suggests multi faceted much like the Cubist paintings which view human beings as if through a prism in all their infinite variety and beauty The legacy of the Greeks and Romans is both stimulus and resource for modern artists as evidenced by the meticulous historical reconstruction in Yourcenar's *Mmoires d Hadrien* the recreation of an ancient setting in modern terms in Jean Cocteau's *The Infernal Machine* and T S Eliot's *The Family Reunion* and the influence of classical monuments and landscapes in the poetry of Frederick Nicklaus James Dickey and Richard Wilbur Modern artists have often found an affinity between themselves and the ancients In the Greek and Roman works that through their clarity and brevity have transcended time and place contemporary writers and painters perceive the essence of the infinite which is the challenge in any artistic endeavor Showing how some modernists have met this challenge *The Guernica Bull* explores the ancient antecedents of several of the most distinctive twentieth century masterpieces

**Fires** Marguerite Yourcenar, 1982-11 *Fires* consists of nine monologues and narratives based on classical Greek stories Antigone Clytemnestra Phaedo Sappho are all mythical figures whose stories are mingled with contemporary themes Interspersed are highly personal narratives reflecting on a time of profound inner crisis in the author's life The unwritten novel among the fantasies and aphorisms of *Fires* is a classic tale Stephen Koch *New York Times Book Review* Consists of 9 monologues and narratives based on classical Greek stories Interspersed are highly personal notations reflecting a time of profound inner crisis in the author's life
