Chinese Theories of Reading and Writing

Ming Dong Gu, 2012-02-01 This ambitious work provides a systematic study of Chinese theories of reading and writing in intellectual thought and critical practice The author maintains that there are two major hermeneutic traditions in Chinese literature the politico moralistic mainstream and the metaphysico aesthetical undercurrent In exploring the interaction between the two Ming Dong Gu finds a movement toward interpretive openness In this the Chinese practice anticipates modern and Western theories of interpretation especially literary openness and open poetics Classic Chinese works are examined including the Zhouyi the I Ching or Book of Changes the Shijing the Book of Songs or Book of Poetry and selected

poetry along with the philosophical background of the hermeneutic theories Ultimately Gu relates the Chinese practices of reading to Western hermeneutics offering a cross cultural conceptual model for the comparative study of reading and writing in general

The Pattern Seekers Simon Baron-Cohen,2020-11-10 A groundbreaking argument about the link between autism and ingenuity Why can humans alone invent In The Pattern Seekers Cambridge University psychologist Simon Baron Cohen makes a case that autism is as crucial to our creative and cultural history as the mastery of fire Indeed Baron Cohen argues that autistic people have played a key role in human progress for seventy thousand years from the first tools to the digital revolution How Because the same genes that cause autism enable the pattern seeking that is essential to our species s inventiveness However these abilities exact a great cost on autistic people including social and often medical challenges so Baron Cohen calls on us to support and celebrate autistic people in both their disabilities and their triumphs Ultimately The Pattern Seekers isn t just a new theory of human civilization but a call to consider anew how society treats those who think differently

In Search of the Lost Emily Jane,Jeffrey Eugene Elliott,2012-10-02 The poems in this work are a humble attempt to explore our human search for meaning and purpose
